CERTAIN CONVENTIONS, USE OF FINANCIAL INFORMATION AND MARKET DATA AND CURRENCY OF PRESENTATION

Certain Conventions

All references to “India” contained in this Draft Red Herring Prospectus are to the Republic of India and its territories and possessions and all references herein to the “Government”, “Indian Government”, “GoI”, “Central Government” or the “State Government” are to the Government of India, central or state, as applicable.

Unless otherwise specified, any time mentioned in this Draft Red Herring Prospectus is in Indian Standard Time (“IST”). Unless indicated otherwise, all references to a year in this Draft Red Herring Prospectus are to a calendar year.

Unless stated otherwise, all references to page numbers in this Draft Red Herring Prospectus are to the page numbers of this Draft Red Herring Prospectus.

Financial Data

Unless stated otherwise or the context otherwise requires, the financial information and financial ratios in this Draft Red Herring Prospectus has been derived from our Restated Financial Information. For further information, please see the section titled “*Financial Information*” on Page No. 153 of this Draft Red Herring Prospectus.

Our Company’s financial year commences on April 1 and ends on March 31 of the next year. Accordingly, all references to a particular financial year, unless stated otherwise, are to the twelve (12) month period ended on March 31 of that year.

The Restated Financial Information of our Company, which comprises the Restated Statement of assets and liabilities, the Restated Statement of profit and loss, the Restated Statement of cash flows for the six months period ended September 30, 2023 and the Financial Years ended on March 31, 2023, 2022, 2021 along with the summary statement of significant accounting policies read together with the annexures and notes thereto prepared in terms of the requirements of Section 32 of the Companies Act, the SEBI ICDR Regulations and the Guidance Note on Reports in Company Prospectuses (Revised 2019) Issued by the ICAI, as amended from time to time.

There are significant differences between Ind AS, Indian GAAP, U.S. GAAP and IFRS. Our Company does not provide reconciliation of its financial information to IFRS or U.S. GAAP. Our Company has not attempted to explain those differences or quantify their impact on the financial data included in this Draft Red Herring Prospectus and it is urged that you consult your own advisors regarding such differences and their impact on our financial data. Accordingly, the degree to which the financial information included in this Draft Red Herring Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting policies and practices, the Companies Act, Ind AS, the Indian GAAP and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian accounting policies and practices on the financial disclosures presented in this Draft Red Herring Prospectus should, accordingly, be limited.

Unless the context otherwise indicates, any percentage amounts, as set forth in “*Risk Factors*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Position and Results of Operations*” on Page Nos. 33, 106, and 158 respectively, of this Draft Red Herring Prospectus, and elsewhere in this Draft Red Herring Prospectus have been calculated on the basis of the Restated Financial Statements of our Company, prepared in accordance with GAAP, and the Companies Act and restated in accordance with the SEBI ICDR Regulations.

In this Draft Red Herring Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures in decimals have been rounded off to the second decimal and all the percentage figures have been rounded off to two decimal places including percentage figures in “*Risk Factors*”, “*Industry Overview*” and “*Our Business*” on Page Nos. 33, 98, and 106 respectively, this Draft Red Herring Prospectus.

Currency and Units of Presentation

All references to:

- “Rupees” or “₹” or “INR” or “Rs.” are to Indian Rupee, the official currency of the Republic of India; and
- “USD” or “US\$” or “\$” are to United States Dollar, the official currency of the United States of America.

Our Company has presented all numerical information in is Draft Red Herring Prospectus in “lacs” units or in whole numbers where the numbers have been too small to represent in lacs. One lac represents 1,00,000 and one million represents 10,00,000.

Exchange rates

This Draft Red Herring Prospectus contains conversions of certain other currency amounts into Indian Rupees that have been presented solely to comply with the SEBI ICDR Regulations. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate or at all.

The following table sets forth, for the periods indicated, information with respect to the exchange rate between the Indian Rupee and other foreign currencies:

Industry and Market Data

Unless stated otherwise, the industry and market data and forecasts used throughout this Draft Red Herring Prospectus has been obtained from industry sources as well as Government Publications. Industry sources as well as Government Publications generally state that the information contained in those publications has been obtained from sources believed to be reliable. The extent to which the market and industry data used in this Draft Red Herring Prospectus is meaningful depends on the reader's familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which the business of our Company is conducted, and methodologies and assumptions may vary widely among different industry sources. Accordingly, investment decisions should not be based solely on such information.

In accordance with the SEBI ICDR Regulations, "**Basis for Offer Price**" on Page No. 88 of this Draft Red Herring Prospectus includes information relating to our peer group entities. Such information has been derived from publicly available sources, and neither we, nor the BRLM have independently verified such information. Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those discussed in "**Risk Factors**" on Page No. 33 of this Draft Red Herring Prospectus.

FORWARD - LOOKING STATEMENTS

This Draft Red Herring Prospectus contains certain “forward-looking statements”. These forward-looking statements generally can be identified by words or phrases such as “aim”, “anticipate”, “believe”, “expect”, “estimate”, “intend”, “objective”, “plan”, “propose”, “project”, “will”, “will continue”, “will pursue” or other words or phrases of similar import. Similarly, statements that describe our strategies, objectives, plans or goals are also forward-looking statements. All forward-looking statements are subject to risks, uncertainties, expectations and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. These forward-looking statements, whether made by us or a third party, are based on our current plans, estimates and expectations and actual results may differ materially from those suggested by such forward-looking statements.

Actual results may differ materially from those suggested by forward-looking statements due to risks or uncertainties associated with expectations relating to and including, regulatory changes pertaining to the industries in India in which we operate and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India which have an impact on its business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes and changes in competition in the industries in which we operate.

Certain important factors that could cause actual results to differ materially from our Company’s expectations include, but are not limited to, the following:

- ***We depend on the success of our relationships with our customers. Our revenue is generated from certain of our key customers, and the loss of one or more such customers, the deterioration of their financial condition or prospects, or a reduction in their demand for our products could adversely affect our business, results of operations, financial condition and cash flows***
- ***Our Company derives a substantial portion of its revenues from sales of aluminium and steel industry and has a single product CPC***
- ***In the event we are unable to procure adequate amount of raw material, at competitive prices, our business, results of operations and financial condition may be adversely affected. Further, we generally do not enter into agreements with our suppliers and accordingly may face disruptions in supply from the current suppliers***
- ***We are subject to strict technical specifications and quality requirements provided by our customers and failure to comply with the technical specifications and quality standards prescribed by such customers may lead to loss of business from such customers and could negatively impact our reputation, which would have an adverse impact on our business prospects and results of operation.***

For further discussion of factors that could cause the actual results to differ from our estimates and expectations, see “***Risk Factors***”, “***Our Business***” and “***Management’s Discussion and Analysis of Financial Position and Results of Operations***” beginning on Page Nos. 33, 106 and 158, respectively, of this Draft Red Herring Prospectus. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual gains or losses could materially differ from those that have been estimated.

We cannot assure investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements as a guarantee of future performance.

Forward-looking statements reflect current views as on the date of this Draft Red Herring Prospectus and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Neither our Company, our Directors, the Promoters, the Syndicate nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition.

In accordance with the SEBI ICDR Regulations, our Company, the Promoters selling shareholders and the Book Running Lead Manager will ensure that the Bidders in India are informed of material developments until the time of the grant of listing and trading permission by the Stock Exchange for the Offer.

SECTION II - OFFER DOCUMENT SUMMARY

The following is a general summary of the terms of the Offer. This summary should be read in conjunction with and is qualified in its entirety by, the more detailed information appearing elsewhere in this Draft Red Herring Prospectus, including the sections entitled “*Risk Factors*”, “*Industry Overview*”, “*Our Business*”, “*Our Promoter and Promoter Group*”, “*Financial Information*”, “*Objects of the Offer*”, “*Outstanding Litigation and Material Developments*”, “*Offer Procedure*” and “*Description of Equity Shares and Terms of Articles of Association*” beginning on Page Nos. 33,98,106,141,153,86,177,210 and 244 respectively of this Draft Red Herring Prospectus.

Industry in which our Company Operates

In recent years, India is emerging as one of the competitive and high-quality manufacturing destinations in the global market, attracting foreign investments. Presently, India’s chemical and petrochemical (CPC) industry holds a significant position in the world market, worth US\$ 178 billion, and it is expected to grow to about US\$ 300 billion by 2025. The strategic geographical location of India has enabled the country to maintain its key position in the international market.

Calcined petroleum coke (CPC) is one of the major raw materials for the Aluminium Industry. CPC is used for fabrication of anodes used in the aluminum electrolysis process. Calcined Petroleum Coke (CPC) has been in use for more than 120 years to produce the carbon anodes used in the Hall-Heroult Aluminium electrolysis process. Performance of the anodes in the aluminium electrolysis process depends on many properties of CPC.

For further details, please refer to the chapter titled “*Industry Overview*” beginning on Page No. 98 of this Draft Red Herring Prospectus.

Primary Business of our Company

Petro Carbon and Chemicals Limited (“PCCL”) is a ATHA Group (the “Group”) Company engaged in the business of manufacturing and marketing of Calcined Petroleum Coke (“CPC”) in the carbon industry. Atha Group is a multi-product, multi-technology, multi-location business conglomerate. It is a 70 year old diversified Indian business house headquartered in Kolkata. The Company was founded by Mr. Kishor Kumar Atha in the year 1957 in Odisha as a Mining and Minerals company. Since the last decade, the group has been focusing towards its growth strategy of business diversification, forward and backward integrations and acquisition of projects, which has significantly helped the group maintain consistency in performance and growth.

PCCL’s business model is fundamentally a B2B model wherein we majorly supply our end product CPC, to the renowned, aluminum manufacturing government companies, graphite electrodes and titanium dioxide manufacturers as well as other users in the metallurgical, chemical industries and other steel manufacturing companies. In 2018, our company was honoured with the prestigious NALCO VIKRETA UTKARSH PURASKAR, recognizing us as the top supplier among all the suppliers of POL (Petroleum, Oil, and Lubricants) by the National Aluminium Company Limited.

PCCL’s plant was operational since the year 1975, wherein the detailed engineering and layout of the plant was done by Engineers India Limited. This plant was later acquired, revamped and upgraded by our group in the year of 2008. In the last five years, the group has strategically shifted its attention towards vertical integration, technological Innovation, diversification, strategic partnerships which has resulted in operational , excellence, resulting in a substantial enhancement of its overall performance.

Calcined Petroleum Coke commonly known as CPC is produced from Raw Petroleum Coke (RPC) also called the Green Petroleum Coke. The result of the calcining process is converting green coke to hard, dense and almost pure carbon with low hydrogen content, good electrical conductivity and a defined structure. These properties alongwith low metals and ash contents make calcined petroleum coke the best material currently available for making carbon anodes for smelting of alumina to aluminium in the electrolytic smelting process.

Calcined Petroleum Coke (CPC) holds significant importance in the manufacturing of aluminium, and is also utilised in the production of steel and various other carbon-based products. It is widely used in *aluminium industry, titanium dioxide industry, electrode manufacturing industry, foundry industry, glass industry metallurgical and chemical industry, and steel industry etc.* The process entails heating raw petroleum coke to eliminate volatile impurities, resulting in enhanced properties that make it highly suitable for various manufacturing processes.

Our Company was incorporated on November 05, 2007 as ‘*Petro Carbon and Chemicals Private Limited*’, a private limited company under the Companies Act, 1956, pursuant to a certificate of incorporation issued by the Deputy Registrar of Companies, West Bengal. Subsequently, our Company was converted into a public limited company pursuant to a resolution passed by our Shareholders at an extraordinary general meeting held on January 09,2024 and consequently the name of our Company was changed to ‘*Petro Carbon and Chemicals Limited*’ and

a fresh certificate of incorporation dated February 23,2024 was issued by the Registrar of Companies, West Bengal.

For further details, please refer to chapter titled “*Our Business*” beginning on Page No. 106 of this Draft Red Herring Prospectus.

Our Promoters

The Promoter of our Company are Kishor Kumar Atha, Dilip Kumar Atha, Gaurav Atha, Vishal Atha and Bharat Atha. For further details, please refer to the chapter titled “*Our Promoter and Promoter Group*” beginning on Page No. 141 of this Draft Red Herring Prospectus.

SECTION III – RISK FACTOR

An investment in the Equity Shares involves a high degree of risk. You should carefully consider all the information in this Draft Red Herring Prospectus, including the risks and uncertainties described below, before making an investment in the Equity Shares. In making an investment decision, prospective investors must rely on their own examination of us and the terms of the Issue including the merits and risks involved. The risks described below are not the only ones relevant to us, our Equity Shares, the industry or the segment in which we operate. Additional risks and uncertainties, not presently known to us or that we currently deem immaterial may arise or may become material in the future and may also impair our business, results of operations and financial condition. If any of the following risks, or other risks that are not currently known or are now deemed immaterial, actually occur, our business, results of operations, cash flows and financial condition could be adversely affected, the trading price of our Equity Shares could decline, and as prospective investors, you may lose all or part of your investment. You should consult your tax, financial and legal advisors about particular consequences to you of an investment in this Issue. The financial and other related implications of the risk factors, wherever quantifiable, have been disclosed in the risk factors mentioned below. However, there are certain risk factors where the financial impact is not quantifiable and, therefore, cannot be disclosed in such risk factors.

*To obtain a complete understanding, you should read this section in conjunction with the sections “**Industry Overview**”, “**Our Business**” and “**Management’s Discussion and Analysis of Financial Position and Results of Operations**” on pages 98, 106 and 158 of this Draft Red Herring Prospectus, respectively. The industry-related information disclosed in this section that is not otherwise publicly available is derived from industry sources as well as Government Publications. Industry sources as well as Government Publications generally state that the information contained in those publications has been obtained from sources believed to be reliable but that their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.*

*This Draft Red Herring Prospectus also contains forward-looking statements that involve risks, assumptions, estimates and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and, in the section titled “**Forward-Looking Statements**” on page 24 of this Draft Red Herring Prospectus.*

Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial or other implications of any of the risks described in this section. Unless the context requires otherwise, the financial information of our Company has been derived from the Restated Financial Information.

Materiality:

The Risk Factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality of Risk Factors:

- *Some events may not be material individually but may be found material collectively;*
- *Some events may have material impact qualitatively instead of quantitatively; and*
- *Some events may not be material at present but may have a material impact in future.*

The financial and other related implications of risks concerned, whether quantifiable have been disclosed in the risk factors mentioned below. However, there are risk factors where the impact may not be quantifiable and hence, the same has not been disclosed in such risk factors. The numbering of the risk factors has been done to facilitate ease of reading and reference and does not in any manner indicate the importance of one risk over another.

In this Draft Red Herring Prospectus, any discrepancies in any table between total and sums of the amount listed are due to rounding off.

In this section, unless the context requires otherwise, any reference to “we”, “us” or “our” refers to Petro Carbon and Chemicals Limited.

The risk factors are classified as under for the sake of better clarity and increased understanding.

INTERNAL RISK FACTORS

- 1. The Promoter Selling Shareholders, will receive the entire proceeds from the Offer for Sale. Our Company will not receive or benefit from any proceeds from the Offer for Sale.**

This Offer consists of only an Offer for Sale of up to 66,17,600 Equity Shares by the Promoter Selling Shareholders, the entire proceeds from the Offer for Sale will be paid to the Promoter Selling Shareholders, and

our Company will not receive any such proceeds. For further details, see “The Offer”, “Capital Structure” and “Objects of the Offer” beginning on pages 50, 65 and 86, respectively.

2. *We depend on the success of our relationships with our customers. Our revenue is generated from certain of our key customers, and the loss of one or more such customers, the deterioration of their financial condition or prospects, or a reduction in their demand for our products could adversely affect our business, results of operations, financial condition and cash flows*

Our Company is primarily engaged in the business of manufacturing and marketing of CPC. Our business model is fundamentally a B2B model wherein we supply our product i.e. CPC, primarily to leading manufacturers of steel and aluminium. We have, through our over 16 years of business operations, established long-term relationships with our customers, we supplied to aluminium smelters, graphite electrode and titanium dioxide manufacturers as well as other users in the metallurgical and chemical industries as per their specifications. The table below sets forth the details of revenues from operations (sale of products) generated from our single largest customer, top 1 and Top 2 customers during the six months period ended September 30, 2023 and Fiscals 2023, Fiscals 2022 and 2021:

(In Lakhs)

Customers	Six months period ended September 30, 2023		Fiscals 2023		Fiscals 2022		Fiscals 2021	
	Amount	Percentage of revenue from operations (sale of products)	Amount	Percentage of revenue from operations (sale of products)	Amount	Percentage of revenue from operations (sale of products)	Amount	Percentage of revenue from operations (sale of products)
Top 1	23,271.00	66.66%	43,975.00	85.30%	21,727.00	78.45%	8,635.76	56.81%
Top 2	11,640.30	33.34%	7,215.00	14.00%	5,969.83	21.55%	4,773.13	31.40%
Total	34,911.30	100.00%	51,190.00	99.30%	27,696.83	100.00%	13,408.89	88.21%

Our reliance on a selected group of customers may also constrain our ability to negotiate our arrangements, which may have an impact on our profit margins and financial performance, however it is balanced out by limited supplier. The deterioration the receipt of recurring revenues and repeat orders of these customers could result in a significant decrease in the revenues of our company that we derive from these customers. Further, in the event of loss of one or more set of customers on whom we are dependent for our business, we cannot assure you that we may be able to offset such loss of business by entering into contracts with new customers or our existing customers.

3. *Our Company derives a substantial portion of its revenues from sales of aluminium and steel industry and has a single product CPC.*

Our Company focuses on manufacturing of CPC only and has limited user industries, predominant ones being steel and aluminium. Majority of our revenues is derived from the sale of CPC and our products are primarily supplied to aluminium smelters, graphite electrode and titanium dioxide manufacturers as well as other users in the metallurgical and chemical industries as per their specifications.

As a result, factors affecting the steel and aluminium industry or our customers, such as,

- (i) demand for our customers’ products, which may cause our manufacturing capacities to be underutilised during specific periods;
- (ii) our customers’ failure to successfully market their products or to compete effectively;
- (iii) loss of market share, which may lead our customers to reduce or discontinue the purchase of our products; and
- (iv) economic conditions of the markets in which our customers operate, could have an adverse effect on our business and sales to our customers would decline substantially.

Accordingly, any significant downturn in the aluminium and steel industry could have a significant impact on our financial condition and our growth prospects. Further, our revenue from the sale of such products may also decline as a result of increased competition, regulatory action, pricing pressures or fluctuations in the demand for or supply of such products, which may adversely affect our business, results of operations and financial condition.

4. ***In the event we are unable to procure adequate amount of raw material, at competitive prices, our business, results of operations and financial condition may be adversely affected. Further, we generally do not enter into agreements with our suppliers and accordingly may face disruptions in supply from the current suppliers.***

The primary raw materials required to manufacture our product is raw petroleum coke. The cost of materials consumed in our manufacturing process amounts to ₹ 24,469.26 lakhs, ₹ 39,357.62 lakhs, ₹ 22,952.10 lakhs and ₹ 7,203.00 lakhs during the six months period ended September 30, 2023, Fiscal 2023, Fiscal 2022, and Fiscal 2021, respectively. We generally do not enter into long-term supply contracts with suppliers of our raw materials that we purchase and typically transact business on contract/ purchase order basis. We source our raw materials from Indian as well as overseas refineries and from overseas suppliers in international market.

The details of the raw materials purchased during the six months period ended September 30, 2023, Fiscal 2023, Fiscal 2022, and Fiscal 2021 are set out below:

(In Lakhs)

Region	Six months period ended September 30, 2023		Fiscals 2023		Fiscals 2022		Fiscals 2021	
	Purchases	Percentage of total purchases	Purchases	Percentage of total purchases	Purchases	Percentage of total purchases	Purchases	Percentage of total purchases
Domestic	-	-	3,859.00	10.00%	2,991.00	13.00%	656.00	9.00%
Import	24,469.26	100.00%	35,498.62	90.00%	19,961.10	87.00%	6,547.00	91.00%
Total	24,469.26	100.00%	39,357.62	100.00%	22,952.10	100.00%	7,203.00	100.00%

Our inability to procure raw materials on terms more favourable, or at all, may constrain our raw material supply, may adverse effect on our business, financial condition and results of operations. Any increase in price of cost of inputs as well as limitations and/ or disruptions in the supply of such inputs, will adversely affect our business and financial condition. We cannot assure that we shall be able to timely and adequately effect any prices increases corresponding to the input costs escalation. Further, any substantial delay in supply or non-conformance to quality requirements by our suppliers can impact our ability to meet our customer requirements and thus impact our business and results of operations. We typically purchase raw materials based on the order in hand and price trend of upcoming orders.

In addition, the availability and price of our raw materials may be subject to a number of factors beyond our control, including economic factors, environmental factors and changes in government policies and regulations. We cannot assure you that we will always be able to meet our raw material requirements at prices acceptable to us, or at all, or that we will be able to pass on any increase in the cost of raw materials to our customers.

While historically, we have not experienced a shortfall or limited availability of raw materials that has affected our operations, we cannot assure you that there will not be any significant and prolonged interruption or a shortage in the supply of our critical raw materials. Any inability on our part to procure sufficient quantities of raw materials, on commercially acceptable terms, may lead to a decline in our sales volumes and profit margins and adversely affect our results of operations. Further, an increased cost in the supply of raw material arising from a lack of long-term contracts may have an adverse impact on our ability to meet customer demand for our products and result in lower net revenue from operations both in the short and long term.

5. ***We are subject to strict technical specifications and quality requirements provided by our customers and failure to comply with the technical specifications and quality standards prescribed by such customers may lead to loss of business from such customers and could negatively impact our reputation, which would have an adverse impact on our business prospects and results of operation.***

We are engaged in the manufacturing and marketing CPC. Our business model is fundamentally a B2B model wherein we supply our product, CPC, primarily to aluminum smelters, graphite electrode and titanium dioxide manufacturers as well as other users in the metallurgical and chemical industries as per their specification. We may during our manufacturing process experience problems for a variety of reasons, including equipment malfunction, failure to follow specific protocols and procedures, manufacturing quality concerns, problems with raw materials, lack of technical know-how, natural disaster related events or other environmental factors. If our suppliers fail to provide the raw materials or supply the same to our competitors, the manufacturing of our CPC could be disrupted, delayed or interrupted leading to adverse effect on our business, reputation, goodwill, results

of operations and financial condition. Given the nature of our products and the sector in which we operate, our customers have stringent standards for product quality. Any failure on our part to maintain the applicable standards and manufacture products according to prescribed specifications, may lead to loss of business and reputation of our Company, rejection of the product, which will require us to incur additional cost, which will not be borne by the customer, to replace the rejected product, and loss of customer which could have adverse effect on our reputation, business and our financial condition. Additionally, it could expose us to monetary liability and, or, litigation.

6. ***Any reduction in the demand of our products could lead to underutilisation of our manufacturing capacity. We may also face surplus production of a particular product due to various reasons including inaccurate forecasting of customer requirements, which could adversely affect our business, results of operations, financial conditions and cash flows.***

We face the risk that our customers might not place any order or might place orders of lesser than expected size or may even cancel existing orders or make change in their policies which may result in reduced quantities being manufactured by us. Cancellations, reductions or instructions to delay production by our customers could adversely affect our results of operations by reducing our sales volume leading to a reduced utilization of our existing manufacturing capacity. Further, we make significant decisions, including determining the levels of business that we will seek and accept, production schedules, personnel requirements and other resource requirements, based on our estimates of customer orders. The changes in demand for their products could reduce our ability to estimate accurately future customer requirements, make it difficult to schedule production and lead to over production and utilization of our manufacturing capacity for a particular product. The requirements of customers are not restricted to one type of product and therefore variations in demand for our products also requires us to make certain changes in our manufacturing processes thereby affecting our production schedules. This may lead to over production of certain products and under production of some other products resulting in a complete mismatch of capacity and capacity utilization. Any such mismatch leading to over or under utilization of our Manufacturing Plants could adversely affect our business, results of operations, financial condition and cash flows.

7. ***Prices and sales volumes for our CPC are dependent on the aluminium industry, and any decrease in such demand or prices could adversely affect our revenues and results of operations.***

Sales prices and volumes in the CPC depend mainly on the prevailing and expected level of demand for CPC in the aluminium industry. During periods of sluggish or declining regional or world economic growth, demand for aluminium products generally decreases, which usually leads to corresponding reductions in demand for CPC. Historically, international prices for CPC has been volatile and subject to wide fluctuations in response to relatively minor changes in supply and demand, market uncertainties, the overall performance of the global or regional economies, the related cyclical in the aluminium industry and various other factors beyond our control. The price of CPC is directly affected by the aluminium industry, which is cyclical in nature. The prices of aluminium products are influenced by many factors, including demand, worldwide production capacity, capacity utilization rates, raw-material costs, exchange rates, trade barriers and improvements in aluminium-making processes.

Any significant decrease in demand for aluminium products or decline in the price of these products could result in reduced CPC demand and CPC prices which could significantly reduce our revenues, thereby materially and adversely affecting our business, financial condition, results of operations and prospects. The recent global market fluctuations and economic volatility affected the aluminium industry internationally, including in India. Commodity prices and the market for CPC may continue to be volatile and subject to wide fluctuations in the future. Prices also may be affected by various circumstances, including speculative trades, government actions, including the imposition of tariffs and import duties, an increase in capacity or supply of CPC or the development of product substitutes or replacements. These factors and the volatility of the commodity markets make it difficult to estimate future prices.

Furthermore, we do not hedge or mitigate our exposure to the risk of fluctuations in the prices of our products. As a result, a decline in the prices we receive for CPC or in the market for CPC would adversely affect our revenues and results of operations, and a sustained drop in prices for CPC would have a material adverse effect on our business, financial condition, results of operations and prospects.

8. ***The restated financial statements have been provided by peer reviewed chartered accountants who is not statutory auditor of our Company.***

The restated financial statements of our Company and for the financial years ended March 31, 2023, 2022, 2021 and for the six-month period ended September 30, 2023 has been provided by a peer reviewed chartered accountants who is not statutory auditor of our Company. Our statutory auditor does not hold a valid peer reviewed

certificate and hence the same has been provided by the different chartered accountant.

9. *We depend on certain key suppliers for our raw materials and other components required for our manufacturing process which could result in delays and adversely affect our output.*

Our production depends on obtaining adequate supplies of raw materials and other components on a timely basis. We purchase our main components from domestic and foreign raw material manufacturers that can satisfy our quality standards as well as those of our customers and meet our volume requirements. In light of our standards, there are few suppliers who may supply (within time) the raw materials of the required specifications and as per the quality standards, which are essential to our manufacturing process and our products. We place reliance on these key suppliers and this generally involves several risks, including a shortage of raw material and other components, increases in component costs and reduced control over delivery schedules. Also the capacity of certain of these suppliers may not be equipped to cope with increase in orders on shorter notice or may prefer their other customers to make supplies to over us. Our reliance on certain key suppliers could result in delays that could adversely affect our output, results of operations and financial condition. Where alternative sources of raw materials and components are available, qualification of the alternative suppliers, establishment of reliable supplies from such sources and reliance on them over time may result in delays that could adversely affect our manufacturing processes, results of operations or financial condition.

10. *We depend on key equipment and machinery, and the non-availability of such equipment at reasonable cost may adversely affect our operations and financial results.*

Our manufacturing and processing operations depend on various key equipment and heavy machinery. Some of our equipment's are old and requires continuous maintenance, upgrading and replacement. Acquisition of new equipment is capital intensive and if such equipment cannot be utilized in a productive and efficient manner as a result of various circumstances including the non-availability of skilled manpower, our operations and profitability may be adversely affected. Further, if there is any potential delay or default on the part of equipment suppliers or if we are unable to acquire advanced technology or equipment in a timely manner or fail to appropriately upgrade existing technology and equipment, we may not be able to fully meet market demand, which could have an adverse effect on our business, financial condition, results of operations and prospects. Increase in the cost of equipment and spares may increase our cost of production and could adversely affect our profitability.

11. *Our business is dependent on our Manufacturing Plants and we are subject to certain risks in our manufacturing process. Any slowdown or shutdown in our manufacturing operations or underutilization of our Manufacturing Plants could have an adverse effect on our business, results of operations and financial condition.*

We conduct our operations through our Manufacturing Plant located at Haldia, West Bengal. Our business is dependent upon our ability to manage and maintain our Manufacturing Plant, which are subject to various operating risks, including those beyond our control, such as the breakdown and failure of equipment or industrial accidents and severe weather conditions and natural disasters. Any significant malfunction or breakdown of our machinery may entail significant repair and maintenance costs and cause delays in our operations. If we are unable to repair malfunctioning machinery in a timely manner or at all, our operations may need to be suspended until we procure machinery to replace the same.

We cannot assure you that there will not be any disruptions in our operations in the future. Our inability to effectively respond to such events and rectify any disruption, in a timely manner and at an acceptable cost, could lead to the slowdown or shut-down of our operations or the under-utilization of our Manufacturing Plant, which in turn may have an adverse effect on our business, results of operations and financial condition

12. *Our business is working capital intensive. If we experience insufficient cash flows from our operations or are unable to borrow to meet our working capital requirements, it may materially and adversely affect our business and results of operations.*

Our business requires significant amount of working capital primarily as a considerable amount of time passes between purchase raw materials and sale of our finished products and the subsequent collection process viz. our customers. As a result, we are required to maintain sufficient stock at all times in order to meet manufacturing requirements, thus increasing our storage and working capital requirements. Consequently, there could be situations where the total funds available may not be sufficient to fulfil our commitments, and hence we may need to incur additional indebtedness in the future or utilize internal accruals to satisfy our working capital needs. Our future success depends on our ability to continue to secure and successfully manage sufficient amounts of

working capital. Further, our ability to arrange financing and the costs of capital of such financing are dependent on numerous factors, including general economic and capital market conditions, credit availability from banks, investor confidence, the continued success of our operations and other laws that are conducive to our raising capital in this manner.

As we pursue our growth plan, we may be required to raise additional funds by incurring further indebtedness or issuing additional equity to meet our capital expenditures in the future. If we experience insufficient cash flows or are unable to borrow funds on a timely basis, or, at all, to meet our working capital and other requirements, or to pay our debts, it could materially and adversely affect our business and results of operations. Management of our working capital requirements involves the timely payment of, or rolling over of, our short-term indebtedness and securing new and additional loans on acceptable terms, or re-negotiation of our payment terms for, our trade payables, collection of trade receivables and preparing and following accurate and feasible budgets for our business operations. If we are unable to manage our working capital requirements, our business, results of operations, financial condition, and cash flows could be materially and adversely affected. There can be no assurance that we will be able to effectively manage our working capital. Should we fail to effectively implement sufficient internal control procedures and management systems to manage our working capital and other sources of financing, we may have insufficient capital to maintain and grow our business, and we may breach the terms of our financing agreements with banks, face claims under cross default provisions and be unable to obtain new financing, any of which would have a material adverse effect on our business, results of operations, financial condition, and cash flows.

13. *We require certain approvals, licenses, registration and permits for our business, and the failure to obtain or renew them in a timely manner may adversely affect our operations.*

We are governed by various laws and regulations for our business and operations. We are required, and will continue to be required, to obtain and hold relevant licenses, approvals and permits at state and central government levels for doing our business. Further, our Company is unable to trace original copies of its TAN. Although, as on date our registrations are valid as evidenced from the online portals of the Income Tax department. The approvals, licenses, registrations and permits obtained by us may contain conditions, some of which could be onerous. If we are unable to renew any of the approvals, licenses, registrations and permits in a timely manner, it will damage our business prospects.

These laws and regulations governing us are increasingly becoming stringent and may in the future create substantial compliance or liabilities and costs. While we endeavor to comply with applicable regulatory requirements, it is possible that such compliance measures may restrict our business and operations, result in increased cost and onerous compliance measures, and an inability to comply with such regulatory requirements may attract penalty. For further details regarding the material approvals, licenses, registrations and permits, see "**Government and Other Statutory Approvals**" on page 182 of this Draft Red Herring Prospectus.

Furthermore, we cannot assure you that the approvals, licenses, registrations and permits issued to us will not be suspended or revoked in the event of non-compliance or alleged non-compliance with any terms or conditions thereof, or pursuant to any regulatory action. Any suspension or revocation of any of the approvals, licenses, registrations and permits that has been or may be issued to us may affect our business and results of operations.

14. *We may be unable to sufficiently obtain, maintain, protect, or enforce our intellectual property and other proprietary rights.*

The logo  and the word 'Atha', which we use has been assigned to our Company by our Group Company, Narbheram Power and Steel Private Limited ("NPSPL"). However, logo  and the word 'Atha' is not yet registered but applied to by NPSPL under classes 4 and 16 under the Trade Marks Act, 1999, which is pending as on date. Pending the registration of these trademarks, any other vendor in the similar line of business as ours may use the above-mentioned trademarks and we may have a lesser recourse to initiate legal proceedings to protect our intellectual property. Further, the applications for the registration of these trademarks may be opposed by third parties, and we may have to incur significant cost in relation to these oppositions. In the event, NPSPL is not able to obtain registrations due to opposition by third parties or if any injunctive or other adverse order is issued against NPSPL in respect of any of these trademarks for which NPSPL has applied for registration may amount to our inability to use such trademarks and / or avail the legal protection or prevent unauthorized use of such trademarks by third parties. Any such event may adversely affect our goodwill and business. For further details see "**Our Business - Intellectual Property**" and "**Government and Other Statutory Approvals**" on pages 106 and 182, respectively

15. *Our Company, its Directors and its Promoters are party to certain litigation and claims. These legal*

proceedings are pending at different levels of adjudication before various forums and regulatory authorities. Any adverse decision may make us liable to liabilities/penalties and may adversely affect our reputation, business and financial status.

There are outstanding legal proceedings involving the Promoters, Directors and Group Companies. These proceedings are pending at different levels of adjudication before various courts. The details of such outstanding litigations as at the date of this Draft Prospectus are as follows:

A classification of these outstanding proceedings is given in the following table:

We may be required to devote management and financial resources in the defence or prosecution of such legal proceedings. Should any new developments arise, including a change in Indian laws or rulings against us by the appellate courts or tribunals, we may face losses and we may have to make further provisions in our financial statements, which could increase our expenses and our liabilities. Decisions in such proceedings, adverse to our interests, may have a material adverse effect on our business, cash flows, financial condition, and results of operations. Failure to successfully defend these or other claims, or if our current provisions prove to be inadequate, our business and results of operations could be adversely affected. Even if we are successful in defending such cases, we will be subject to legal and other costs relating to defending such litigation, and such costs could be substantial. In addition, we cannot assure you that similar proceedings will not be initiated in the future. Any adverse order or direction in these cases by the concerned authorities, even though not quantifiable, may have an adverse effect on our reputation, brand, business, results of operations and financial condition. For further details, please refer to "*Outstanding Litigation and Material Developments*" on page 177 of this Draft Red Herring Prospectus.

16. Our inability to effectively manage our growth or to successfully implement our business plan and growth strategy could have an adverse effect on our business, results of operations and financial conditions.

We have consistently grown in terms of our revenues over the past years. In the recent periods our revenues from operation were Rs. 15,200.36 lacs in F.Y. 2020-21, Rs. 27,696.83 lacs in F.Y.2021-22, Rs. 51,550.67 lacs in the

FY 2022-23 and Rs. 34,911.30 lacs for the period ended 30th September, 2023. Our Net Profit after tax for the above-mentioned periods are Rs. 11.64 lacs, Rs. 570.99 lacs, Rs. 672.65 lacs and Rs. 5,028.58 lacs respectively

However, there can be no assurance that our growth strategy will be successful or that we will be able to continue to expand further, or at the same rate.

The success of our business will depend greatly on our ability to effectively implement our business and growth strategy. Our growth depends on our ability to, amongst other factors, focus on strengthening the working capital requirements, strategic tie-up with international refineries for procurement of raw materials on long term basis at competitive rates, to continuously strengthen our financial position and by cost optimization and improving operational efficiency. For further information, see “**Details of Business -Our Business – Key Strategies**” on page 106 of this Draft Red Herring Prospectus. Our ability to achieve growth will be subject to a range of factors, including our ability to identify trends and demands in the industry; compete with existing companies in our markets; consistently exercise effective quality control; hire and train qualified personnel; and ability to transport our finished products efficiently. Many of these factors are beyond our control and there is no assurance that we will succeed in implementing our strategies. Our future growth also depends on expanding our sales and distribution network to enter new markets, and recognition of our existing and recently introduced brands. We may face increased risks when we enter new markets in India and internationally, and may find it more difficult to hire, train and retain qualified employees in new regions. In addition, we may have difficulty in finding reliable suppliers with adequate supplies of raw materials meeting our quality standards and dealers/ distributors with efficient distribution networks. As a result, the products we sell new markets may be more expensive to produce and/ or distribute and may take longer to reach expected sales and profit levels than in our existing sales and profit levels, which could affect the viability of these operations or our overall profitability.

Our strategic plans and business growth could strain our managerial, operational and financial resources. Our ability to manage future growth will depend on our ability to continue to implement and improve operational, financial and management information systems on a timely basis and to expand, train, motivate and manage our workforce. There can be no assurance that our personnel, systems, procedures and controls will be adequate to support our future growth. Failure to effectively manage our strategic plans may lead to increased costs and reduced profitability and may adversely affect our growth prospects. Our inability to manage our business and implement our growth strategies could have a material adverse effect on our business, financial condition and profitability.

17. We require certain statutory and regulatory approvals for conducting our business and our inability to obtain, retain or renew them in a timely manner, or at all, may adversely affect our operations.

Our operations are subject to various government regulations and we are required to obtain and maintain a number of statutory and regulatory permits and approvals under central, state and local government rules in the geographies in which we operate, generally for carrying out our business and for our Manufacturing Plant. A majority of these approvals are granted for a limited duration. Some of these approvals expire from time to time and accordingly we make an application for obtaining the approval or its renewal from time to time. We cannot assure you that the relevant authorities will issue or renew any expired permits or approvals in time or at all. Failure or delay in obtaining approvals or failure by us in obtaining, maintaining or renewing the required permits or approvals within the validity period of such approvals or permits, may result in interruption of our operations. Furthermore, under such circumstances, the relevant authorities may initiate penal action against us, restrain our operations, impose fines/penalties or initiate legal proceedings for our inability to renew/obtain approvals in a timely manner or at all.

Although we endeavour to obtain and maintain relevant regulatory approvals and permits applicable to our operations, such approvals and permits are subject to various conditions and in the event of our inability to comply with such conditions, the relevant regulatory authorities may suspend or revoke such approvals. In addition, the regulations governing our operations may be amended and impose more onerous obligations on us which may result in increased costs or subject us to penalties or disruptions in our activities, any of which could adversely affect our business.

While our Manufacturing Plants may be in compliance with applicable laws and regulations, we may be subject to additional regulatory requirements due to changes in governmental policies. Further we may also incur additional costs and liabilities related to compliance with these laws and regulations that are an inherent part of our business.

While we endeavour to comply with applicable regulatory requirements, it is possible that such compliance measures may restrict our business and operations, result in increased cost and onerous compliance measures, and an inability to comply with such regulatory requirements may attract a penalty.

18. *Failure to comply with environmental laws and regulations could lead to unforeseen environmental litigation which could impact our business and our future net earnings.*

We are subject to various national, state, municipal and local laws and regulations concerning environmental protection in India, including laws addressing the discharge of pollutants into the air and water and the management and disposal of any hazardous substances. Environmental laws and regulations and their enforcement in India are becoming more stringent, and the scope and extent of new environmental regulations, including their effect on our operations, cannot be pre-empted with any certainty. In case of any change in environmental or pollution regulations, we may be required to invest in, among other things, environmental monitoring, pollution control equipment and emissions management. Further, any violation of the environmental laws and regulations may result in fines, criminal sanctions, and revocation of operating permits or shutdown of our facilities.

As a consequence of unanticipated regulatory or other developments, future environmental and regulatory related expenditures may vary substantially from those currently anticipated and may adversely affect our business, results of operations or financial condition. In the event our products are found to be non-compliant with any environmental laws or regulations, our products could be restricted from entering certain markets and we could also face other sanctions if we were to violate or become liable under environmental laws. In the event we are found to be non-compliant, the potential exposure could include fines and civil or criminal sanctions, third-party property damage or personal injury claims and clean-up costs. Further, liability under some environmental laws relating to contamination of sites can be imposed retrospectively. The amount and timing of costs under environmental laws are difficult to predict.

19. *A violation of health and safety requirements and the occurrence of accidents could disrupt the Company's operations and increase operating costs.*

A violation of health and safety laws or failure to comply with the requirements of the relevant health and safety authorities could lead to, among other thing, a temporary shutdown of all, or a portion of, the Company's Manufacturing Plants and the imposition of costly compliance procedures. If health and safety authorities shut down all, or a portion of, our Manufacturing Plant or impose costly compliance measures, our business, financial condition, results of operations and prospects could be materially and adversely affected.

The nature of our Company's operations creates a risk of accidents and fatalities among its workforce, and it may be required to pay compensation or suspend operations as a result of such accidents or fatalities, which could have a material adverse effect on our business, financial condition, results of operations and prospects.

20. *Any change in Government policies towards the CPC industry could adversely affect our business and results of operations.*

We expect that state and central government policies will continue to affect manufacturing and selling of CPC. While the Supreme Court of India vide its order dated October 9, 2018 ("Order"), imposed restrictions on the import of CPC by the aluminium smelters which is capped by the at 0.50 million tonnes per annum and the additional requirement of aluminium smelters will have to be met from domestic supplies within India. We cannot assure you that the implementation of the Order or any other similar order, laws, regulations or policies may not have an adverse impact on our business, financial condition and results of operations in the future. Further, there can be no assurance that, any changes in Government policies relating to the manufacturing and selling CPC such as the withdrawal of or changes in incentives, export or import restrictions on CPC, adverse changes in commodity prices or minimum support prices could affect the ability of our Company to spend on manufacturing of CPC, which in turn could adversely affect our business and results of operations.

21. *We are dependent on third party transportation providers for the supply of raw materials and delivery of our products.*

As a manufacturing business, our success depends on the smooth supply and transportation of the raw material required for our facility and of our products from our facility to our customers, or intermediate delivery points such as ports and railway stations, both of which are subject to various uncertainties and risks. We use third party transportation providers for the supply of most of our raw materials and delivery of our products to domestic customers.

We are also dependent on such third-party freight and transportation providers for the delivery of our products to customers and suppliers. Transportation strikes may also have an adverse impact on supplies and deliveries to and from our customers and suppliers. In addition, raw materials and products may be lost or damaged in transit for various reasons including occurrence of accidents or natural disasters. There may also be delay in delivery of raw materials and products which may also affect our business and results of operation negatively.

Our Manufacturing Plants are strategically located close to the Haldia port which puts our Company in more strategic and operational advantageous position which facilitates on time deliveries and improved efficiencies. However, failure to maintain a continuous supply of raw materials or to deliver our products to our customers in an efficient and reliable manner could have a material and adverse effect on our business, financial condition and results of operations. An increase in freight costs or the unavailability of adequate infrastructure for transportation of our products to our customers may have an adverse effect on our profitability and results of operation. This could require us to expend considerable resources in addressing our distribution requirements, including by way of absorbing these excess freight charges to maintain our selling price, which could adversely affect our results of operations, or passing these charges on to our customers, which could adversely affect demand for our product.

22. We are exposed to foreign currency exchange rate fluctuations, which may impact our results of operations and cause our financials performances to fluctuate.

Our Financial Statements are presented in Indian Rupees. However, a significant portion of our raw materials expenditures are in foreign currencies, mostly the U.S. dollars. The exchange rate between the Indian Rupee and foreign currencies, has fluctuated in the past and this has impacted our results of operations in the past and may also impact our business in the future. During the six months period ended September 30, 2023, Fiscal 2023 Fiscal 2022 and Fiscal 2021, our Company had imported the raw material of ₹ 24,469.26 Lakhs, ₹ 35,498.62 Lakhs ₹ 19,961.10 Lakhs and ₹ 6,547.00 Lakhs, respectively. Therefore, we have exposure to foreign currency risks in respect of our raw materials imports. A depreciation of the Rupee would result in an increase in the prices of our imported raw materials. However, our Company enters into forward contract with banks to avoid the exchange loss.

23. Our Company has experienced negative cash flow in the past and may continue to do so in the future, which could have a material adverse effect on our business, prospects, financial condition, cash flows and results of operations.

Our Company has experienced negative net cash flow in operating, investing and financing activities in the past, the details of which are provided below:

(₹ in lakhs)

Particulars	Six-month period ended Sept 30, 2023	March 31, 2023	March 31, 2022	March 31, 2021
Net Cash Flow from/ (used in) Operating Activities	4219.90	6268.75	(6125.51)	(136.55)
Net cash generated from/ (used in) investing activities	(283.96)	(160.82)	(3901.10)	(173.57)
Net Cash Flow from/ (used in) Financing Activities	(5633.43)	(3977.91)	10,393.04	(88.13)

24. We have significant power requirements for continuous running of our manufacturing units. Any disruption to our operations on account of interruption in power supply or any irregular or significant hike in power tariffs may have an effect on our business, results of operations and financial condition.

Our manufacturing unit's significant electricity requirements and any interruption in the supply of power may temporarily disrupt our operations. Since, we have a high-power consumption, any unexpected or unforeseen increase in the tariff rates can increase the operating cost of our manufacturing units and thereby cause an increase in the production cost which we may not be able to pass on to our customers. There are limited number of electricity providers in the areas from where we operate due to which in case of a price hike, we may not be able to find a cost-effective substitute, which may negatively affect our business, financial condition, cash flows and results of operations.

For further details, please refer to the chapter titled "Our Business" on page 106 of this Red Herring Prospectus.

25. Our operating results could be adversely affected by weakening of economic conditions due to lock-down in all parts of India and other parts of world & other situation due to pandemic Covid-19

Our overall performance depends in part on the economic conditions of India. Certain economies have experienced periods of downturn due to the present situation prevailing in India and outside India due to pandemic disease of Covid-19 which impacts financial markets, concerns regarding the stability and viability of major financial institutions, declines in gross domestic product, increases in unemployment, volatility in commodity prices and worldwide stock markets, and excessive government debt. The pandemic disease has adversely

affected our business. Moreover, the instability in the global economy affects countries in different ways, at different times and with varying severity, which makes the impact to our business unforeseeable and indeterminate. Any of these events, as well as a general weakening of, or declining corporate confidence in the global economy have a material adverse effect on our business, operating results and financial condition.

26. *We have in the past entered into related party transactions and may continue to do so in the future, which may potentially involve conflicts of interest with the equity shareholders.*

Our Company has entered into related party transactions with our Promoter and Promoter Group amounting to Rs. 6,051.15 lacs, Rs. 15,961.58 lacs, Rs. 22,049.55 lacs, and Rs. 2704.50 lacs in six-month period ended September 30, 2023 and for the year ended March 31, 2023, March 31, 2022 and March 31, 2021 respectively. While our Company believes that all such transactions have been conducted on an arm's length basis and we confirm that the related party transactions entered into by the company are in compliance with the relevant provisions of Companies Act and other applicable laws. However, there can be no assurance that we could not have achieved more favorable terms had such transactions not been entered into with related parties. Furthermore, it is likely that we may enter into related party transactions in the future. There can be no assurance that such transactions, individually or in the aggregate, will not have an adverse effect on our financial condition and results of operations

For further information, relating to our related party transactions, see "*Restated Financial Information*" and "*Management's Discussion and Analysis of Financial Condition and Results of Operations*" beginning on pages 153 and 158 respectively.

27. *We are subject to performance risk from third-party contractors, and operational risks associated with the engagement of third-party contractors and our employees.*

We also rely on third-party contractors and our employees for the development, construction and operation of our plant as well as other business operations. While we maintain a diversified set of vendors, we remain subject to the risk that the third-party contractors will not perform their obligations. If the third-party contractors do not perform their obligations or if they deliver any components that have a manufacturing defect or do not comply with the specified quality standards and technical specifications, we may have to enter into new contracts with other contractors at a higher cost or suffer schedule disruptions. Changing a contractor may incur additional costs in finding a replacement service provider or experience significant delays.

In addition, if any of our employees or third-party contractors take, convert, or misuse funds, documents, or data, or fail to follow protocol when interacting with consumers and regulators, we could be liable for damages and subject to regulatory actions and penalties. We could also be subject to civil or criminal liability. It is not always possible to identify and deter misconduct or errors by employees or third-party contractors, and the precautions we take to detect and prevent these activities may not be effective in controlling unknown or unmanaged risks or losses. Our resources, technologies and fraud prevention tools may be insufficient to accurately detect and prevent fraud. Any of these occurrences could diminish our ability to operate our business, increase our potential liabilities to consumers and merchants, and may lead to an inability to attract future projects, cause reputational damage, attract regulatory intervention, and cause financial harm, any or all of which could negatively impact our business, cash flows, financial condition, prospects and results of operations.

28. *We could be harmed by employee misconduct or errors that are difficult to detect and any such incidences could adversely affect our financial condition, results of operations and reputation.*

Employee misconduct or errors could expose us to business risks or losses, including regulatory sanctions and cause serious harm to our reputation. There can be no assurance that we will be able to detect or deter such misconduct. Moreover, the precautions we take to prevent and detect such activity may not be effective in all cases. Our employees may also commit errors that could subject us to claims and proceedings for alleged negligence, as well as regulatory actions on account of which our business, financial condition, results of operations and goodwill could be adversely affected.

29. *Our Promoters and Directors hold Equity Shares in our Company and are therefore interested in the Company's performance in addition to their remuneration and reimbursement of expenses.*

Our Promoters and Directors are interested in our Company, in addition to regular remuneration or benefits and reimbursement of expenses, to the extent of their shareholding in our Company. We cannot assure you that our Promoters will exercise their rights as shareholders to the benefit and best interest of our Company. Our Promoters may take or block actions with respect to our business which may conflict with the best interests of the Company or that of minority shareholders. For further information on the interest of our Promoters and Directors of our Company, other than reimbursement of expenses incurred or normal remuneration or benefits, see "*Our Management*" and "*Our Promoters and Promoter Group*" on pages 127 and 141 respectively of this

Draft Red Herring Prospectus.

30. *The average cost of acquisition of Equity Shares held by our Promoters could be lower than the Issue Price.*

Our Promoters' average cost of acquisition of Equity Shares in our Company may be lower than the Issue Price which is proposed to be determined on a fixed price basis. For further details regarding average cost of acquisition of Equity Shares by our Promoters in our Company and build-up of Equity Shares by our Promoters in our Company, please refer to the chapter titled "**Capital Structure**" on page 65 of this Red Herring Prospectus.

31. *The requirements of being a public listed company may strain our resources and impose additional requirements.*

With the increased scrutiny of the affairs of a public listed company by shareholders, regulators and the public at large, we will incur significant legal, accounting, corporate governance and other expenses that we were not required to incur in the past. We will also be subject to the provisions of the listing agreements signed with the Stock Exchange. In order to meet our financial control and disclosure obligations, significant resources and management supervision will be required. As a result, management's attention may be diverted from other business concerns, which could have an adverse effect on our business and operations.

There can be no assurance that we will be able to satisfy our reporting obligations. In addition, we will need to increase the strength of our management team and hire additional legal and accounting staff with appropriate public company experience and accounting knowledge and we cannot assure that we will be able to do so in a timely manner. Failure of our Company to meet the listing requirements of stock exchange, if any, could lead to imposition of penalties, including suspension of trading in shares of the Company.

32. *Our ability to pay dividends in the future will depend on our future cash flows, working capital requirements, capital expenditures and financial condition.*

We have not declared dividends in the past, however, the declaration, payment and amount of any future dividends is subject to the discretion of the Board and Shareholders, and will depend upon various factors, inter alia, including financial performance including profits of our Company, present and future capital expenditure plans including organic/inorganic growth opportunities, financial commitments, financial requirement for business expansion and/or diversification, acquisition etc. of new businesses in order to strike an optimum balance between rewarding shareholders through dividend and ensuring that sufficient funds are retained for the growth of our Company.

The external factors on the basis of which our Company may declare the dividend shall inter Alia include the state of economy and capital markets, applicable taxes and regulatory changes which include the introduction of new or changes in existing tax or regulatory requirements. Any of these factors may thus restrict our ability to pay dividends in the future. Hence, there can be no assurance that we will be able to pay dividends in the future.

33. *Our insurance coverage may not be adequate to protect us against all potential losses to which we may be subject and this may have a material effect on our business and financial condition.*

While we maintain insurance coverage, in amounts which we believe are commercially appropriate, including related to our registered office, our movable property and employees, provide appropriate coverage in relation to fire, explosions, floods, inundations, earthquakes, landslides we may not have sufficient insurance coverage to cover all possible economic losses, including when the loss suffered is not easily quantifiable and in the event of severe damage to our business. Even if we have made a claim under an existing insurance policy, we may not be able to successfully assert our claim for any liability or loss under such insurance policy. Additionally, there may be various other risks and losses for which we are not insured either because such risks are uninsurable or not insurable on commercially acceptable terms. The occurrence of an event for which we are not adequately or sufficiently insured could have an effect on our business, results of operations, financial condition and cash flows.

In addition, in the future, we may not be able to maintain insurance of the types or at levels which we deem necessary or adequate or at rates which we consider reasonable. The occurrence of an event for which we are not adequately or sufficiently insured or the successful assertion of one or more large claims against us that exceed available insurance coverage, or changes in our insurance policies (including premium increases or the imposition of large deductible or co-insurance requirements), could have an effect on our business, results of operations, financial condition and cash flows.

34. *Non-compliance with amendment in Safety, Health and Environmental laws and other applicable regulations, may adversely affect the Company's results of operations and its financial condition.*

Our company is in business of petroleum and carbon sector. Due to nature of Business, the company is subject to various rules and regulations in relation to safety, health and environmental protection including Air Prevention and Control of Pollution Act, and Water Prevention and National Environmental Policy, 2006, Environment (Protection) Act, 1986 as amended (“EPA”), The Code on Wages, 2019, The Occupational Safety, Health and Working Conditions Code, 2020, The Industrial Relations Code, 2020, The Code on Social Security, 2020, Employees State Insurance Act, 1948, Contract Labour Act, Employees Provident Fund Act, Bonus Act etc. Further, the company is subjected to the jurisdiction and is governed by Indian Law, rules and regulations in relation to safety, health and environmental protection due to the nature of the business of the company. These safety, health and environmental protection laws and regulations inter alia impose controls on air and water discharge, employee exposure to hazardous substances and other aspects of the Company’s operations and products. Failure to comply with any existing or future regulations applicable to the Company may result in levy of fines, penalties, commencement of judicial proceedings and/or third-party claims, and may adversely affect the results of operations and financial condition.

For further details regarding applicable laws to the company, please refer to the chapter titled “**Key Industrial Regulations and Policies**” beginning on page 118 of this Draft Red Herring Prospectus.

35. *We have not independently verified certain data in this Draft Red Herring Prospectus.*

We have not independently verified data from the industry and related data contained in this Draft Red Herring Prospectus and although we believe the sources mentioned in the report to be reliable, we cannot assure you that they are complete or reliable. Such data may also be produced on a different basis from comparable information compiled with regards to other countries. Therefore, discussions of matters relating to India, its economy or the industries in which we operate that is included herein are subject to the caveat that the statistical and other data upon which such discussions are based have not been verified by us and may be incomplete, inaccurate or unreliable. Due to incorrect or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, we cannot assure you that they are stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

36. *Rights of shareholders under Indian laws may be more limited than under the laws of other jurisdictions.*

Indian legal principles related to corporate procedures, directors’ fiduciary duties and liabilities may differ from those that would apply to a company in another jurisdiction. Investors may have more difficulty in asserting their rights as shareholders in an Indian company than as shareholder of a corporation in another jurisdiction. Shareholders’ rights under Indian law may not be as extensive as shareholders’ rights under the laws of other jurisdictions. Under the Companies Act, prior to issuance of any new equity shares, a public limited company incorporated under Indian law must offer its equity shareholders pre-emptive rights to subscribe to a proportionate number of equity shares to maintain existing ownership, unless such pre-emptive rights are waived by a special resolution by a three-fourths majority of the equity shareholders voting on such resolution. If you are a foreign investor and the law of the foreign jurisdiction that you are in does not permit the exercise of such pre-emptive rights without our filing an offering document or registration statement with the applicable authority in such foreign jurisdiction, you will be unable to exercise such pre-emptive rights, unless we make such a filing. If we elect not to file an offering document or a registration statement, the new securities may be issued to a custodian, who may sell the securities for your benefit. The value such custodian receives on the sale of any such securities and the related transaction costs cannot be predicted. To the extent that you are unable to exercise pre-emptive rights granted in respect of our Equity Shares, your proportional interest in our Company would decline.

37. *We will continue to be controlled by our Promoter and Promoter Group after the completion of the Issue, which will allow them to influence the outcome of matters submitted for approval of our shareholders.*

As on the date of this Draft Red Herring Prospectus, our Promoter and Promoter Group hold 100.00% of the issued and outstanding paid-up share capital of our Company. As a result, they will have the ability to influence matters requiring shareholders’ approval, including the ability to appoint Directors to our Board and the right to approve significant actions at Board and at shareholders’ meetings, including the issue of Equity Shares and dividend payments, business plans, mergers and acquisitions, any consolidation or joint venture arrangements, any amendment to our Memorandum of Association and Articles of Association, and any other business decisions. We cannot assure you that our Promoters and Promoter Group will not have conflicts of interest with other shareholders or with our Company. Any such conflict may adversely affect our ability to execute our business strategy or to operate our business.

For further details regarding our shareholding, please refer to chapter titled “*Capital Structure*” beginning on Page 65 of this Draft Red Herring Prospectus.

38. *We are susceptible to risks relating to unionization of our employees employed by us.*

None of our employees are currently represented by a recognized collective bargaining agreement. We cannot assure you that our employees will not unionize, or attempt to unionize in the future, that they will not otherwise seek higher wages and enhanced employee benefits. We also cannot assure you that we will not experience disruptions in our work due to disputes or other problems with our workforce. If not resolved in a timely manner, these risks could limit our ability to provide our services to our clients, or result in an increase in our cost of employee benefits and other expenses. If any of these risks materialize, our business, results of operations and financial condition could be affected.

39. *Any future issuance of Equity Shares may dilute your shareholdings, and sale of the Equity Shares by our major shareholders may adversely affect the trading price of our Equity Shares.*

Any future equity issuances by our Company may lead to the dilution of investors’ shareholdings in our Company. In addition, any sale of substantial Equity Shares in the public market after the completion of this Issue, including by our major shareholders, or the perception that such sales could occur, could adversely affect the market price of the Equity Shares and could significantly impair our future ability to raise capital through offerings of the Equity Shares. We cannot predict what effect, if any, market sales of the Equity Shares held by the major shareholders of our Company or the availability of these Equity Shares for future sale will have on the market price of our Equity Shares.

40. *Our inability to effectively implement our business and growth strategy may have an adverse effect on our operation and growth.*

The success of our business will largely depend on our ability to effectively implement our business and growth strategy. In the past we have generally been successful in execution of our business but there can be no assurance that we will be able to execute our strategy on time and within the estimated budget in the future. If we are unable to implement our business and growth strategy, this may have an adverse effect on our business, financial condition and results of operations.

41. *There are restrictions on daily movements in the price of the Equity Shares, which may adversely affect a shareholder’s ability to sell, or the price at which it can sell, Equity Shares at a particular point in time*

Following the Offer, we will be subject to a daily “Circuit Breaker” imposed by NSE, which does not allow transactions beyond specified increases or decreases in the price of the Equity Shares. This circuit breaker operates independently of the index-based, market-wide circuit breakers generally imposed by SEBI on Indian stock exchanges. The percentage limit on our circuit breakers will be set by the stock exchange based on the historical volatility in the price and trading volume of the Equity Shares.

42. *There is no guarantee that the Equity Shares issued pursuant to the Issue will be listed on the Emerge Platform of National Stock Exchange of India Limited in a timely manner, or at all.*

In accordance with Indian law and practice, permission for listing and trading of the Equity Shares issued pursuant to the offer will not be granted until after the Equity Shares have been issued and allotted. Approval for listing and trading will require all relevant documents authorizing the issuing of Equity Shares to be submitted. There could be a failure or delay in listing the Equity Shares on the Emerge Platform of National Stock Exchange of India Limited. Any failure or delay in obtaining the approval would restrict your ability to dispose of your Equity Shares.

EXTERNAL RISK FACTOR

43. *Natural calamities and force majeure events may have an adverse impact on our business.*

The occurrence of natural disasters, including cyclones, storms, floods, earthquakes, tsunamis, tornadoes, fires, explosions, pandemic disease and man-made disasters, including acts of terrorism and military actions, could adversely affect our results of operations, cash flows or financial condition. Terrorist attacks and other acts of violence or war in India or globally may adversely affect the Indian securities markets. In addition, any deterioration in international relations, especially between India and its neighbouring countries, may result in investor concern regarding regional stability which could adversely affect the price of the Equity Shares. In addition, India has witnessed local civil disturbances in recent years and it is possible that future civil unrest as well as other adverse social, economic or political events in India could have an adverse effect on our business. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse effect on our business and the market price of the Equity Shares.

44. *The Indian tax regime is currently undergoing substantial changes which could adversely affect our business.*

The goods and service tax (“GST”) that has been implemented with effect from July 1, 2017 combines taxes and levies by the GoI and state governments into a unified rate structure, and replaces indirect taxes on goods and services such as central excise duty, service tax, customs duty, central sales tax, state VAT, cess and surcharge and excise that were being collected by the GoI and state governments.

As regards the General Anti-Avoidance Rules (“GAAR”), The general anti avoidance rules (“GAAR”) provisions have been made effective from assessment year 2018-19 onwards, i.e.; financial Year 2017-18. The GAAR provisions intend to declare an arrangement as an “impermissible avoidance arrangement”, if the main purpose or one of the main purposes of such arrangement is to obtain a tax benefit, and satisfies at least one of the following tests (i) creates rights, or obligations, which are not ordinarily created between persons dealing at arm’s length; (ii) results, directly or indirectly, in misuse, or abuse, of the provisions of the Income Tax Act, 1961; (iii) lacks commercial substance or is deemed to lack commercial substance, in whole or in part; or (iv) is entered into, or carried out, by means, or in a manner, that is not ordinarily engaged for bona fide purposes. If GAAR provisions are invoked, the tax authorities will have wider powers, including denial of tax benefit or a benefit under a tax treaty. In the absence of any precedents on the subject, the application of these provisions is uncertain. As the taxation regime in India is undergoing a significant overhaul, its consequent effects on economy cannot be determined at present and there can be no assurance that such effects would not adversely affect our business, future financial performance and the trading price of the Equity Shares.

45. *Political, economic or other factors that are beyond our control may have an adverse effect on our business, results of operations and cash flows.*

We currently operate only in India and are dependent on domestic, regional and market conditions. Our performance, growth and market price of our Equity Shares are and will be dependent on the power industry of the Indian economy. There have been periods of slowdown in the economic growth of India. For instance, the present situation of lock-down is prevailing in India due to pandemic Covid-19 spread in India and all other parts of world. If such condition prevail for longer time the Demand for our services may be adversely affected by an economic downturn in domestic, regional and global economies. India’s economic growth is also affected by various other factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in key imports, global economic uncertainty and liquidity crisis, volatility in exchange currency rates. Consequently, any future slowdown in the Indian economy could harm our business, results of operations, cash flows and financial condition. Also, a change in the Government or a change in the economic and deregulation policies could affect economic conditions prevalent in the areas in which we operate in general and our business in particular and high rates of inflation in India could increase our costs without proportionately increasing our revenues, and as such decrease our operating margins.

46. *Our business is substantially affected by prevailing economic, political and other prevailing conditions in India.*

Our Company is incorporated in India, and the majority of our assets and employees are located in India. As a result, we are highly dependent on prevailing economic conditions in India and our results of operations are significantly affected by factors influencing the Indian economy. Factors that may adversely affect the Indian economy, and hence our results of operations, may include:

- the macroeconomic climate, including any increase in Indian interest rates or inflation;
- any exchange rate fluctuations, the imposition of currency controls and restrictions on the right to convert or repatriate currency or export assets;
- any scarcity of credit or other financing in India, resulting in an adverse impact on economic conditions in India and scarcity of financing for our expansions;
- prevailing income conditions among Indian consumers and Indian corporations;
- volatility in, and actual or perceived trends in trading activity on, India’s principal stock exchanges;
- changes in India’s tax, trade, fiscal or monetary policies;
- political instability, terrorism or military conflict in India or in countries in the region or globally, including in India’s various neighboring countries;
- occurrence of natural or man-made disasters;
- prevailing regional or global economic conditions, including in India’s principal export markets;
- other significant regulatory or economic developments in or affecting India or its ER&D sector; international business practices that may conflict with other customs or legal requirements to which we are subject, including anti-bribery and anti-corruption laws;

47. Any downgrading of India's debt rating by an independent agency may harm our ability to raise financing.

Any adverse revisions to India's credit ratings international debt by international rating agencies may adversely affect our ability to raise additional overseas financing and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our ability to fund our growth on favourable terms or at all, and consequently adversely affect our business and financial performance and the price of our Equity Shares.

48. We are subject to risks arising from interest rate fluctuations, which could adversely impact our business, financial condition and operating results.

Changes in interest rates could significantly affect our financial condition and results of operations. If the interest rates for future borrowings increase significantly, our cost of servicing such debt will increase. This may negatively impact our results of operations, planned capital expenditures and cash flows.

49. Foreign investors are subject to foreign investment restrictions under Indian law that limits our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares.

Under the foreign exchange regulations currently in force in India, transfer of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the income tax authority. There can be no assurance that any approval required from the RBI or any other government agency can be obtained on any particular terms or at all.

50. QIBs and Non-Institutional Bidders are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after the submission of their Bid, and Retail Individual Bidders are not permitted to withdraw their Bids after the Bid/Offer Closing Date.

Pursuant to the SEBI ICDR Regulations, QIBs and Non - Institutional Bidders are required to pay the Bid Amount on submission of the Bid and are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid. Retail Individual Bidders can revise their Bids during the Bid/Offer Period and withdraw their Bids until the Bid/ Offer Closing Date. While we are required to complete Allotment, within six Working Days from the Bid/Offer Closing Date or such other period as may be prescribed by the SEBI, events affecting the investors' decision to invest in the Equity Shares, including adverse changes in international or national monetary policy, financial, political or economic conditions, our business, results of operations, cash flows or financial condition may arise between the date of submission of the Bid and Allotment.

We may complete the Allotment of the Equity Shares even if such events occur, and such events may limit the Bidders ability to sell the Equity Shares Allotted pursuant to the Offer or cause the trading price of the Equity Shares to decline on listing.

51. Investors may be subject to stamp duty on transfer and taxes arising out of capital gains on the sale of the Equity Shares.

Under current Indian tax laws, unless specifically exempted, capital gains arising from the sale of equity shares held as investments in an Indian company are generally taxable in India. A securities transaction tax ("STT") is levied on and collected by an Indian stock exchange on which equity shares are sold. Any capital gain exceeding ₹100,000, realized on the sale of listed equity shares on a Stock Exchange, held for more than 12 months immediately preceding the date of transfer, will be subject to long term capital gains in India at the rate of 10% (plus applicable surcharge and cess). This beneficial provision is, inter alia, subject to payment of STT. Further, any gain realized on the sale of listed equity shares in an Indian company, held for more than 12 months, which are sold using any platform other than a recognized stock exchange and on which no STT has been paid, will be subject to long term capital gains tax in India at the rate of 10% (plus applicable surcharge and cess), without indexation benefits.

Further, any gain realized on the sale of the Equity Shares held for a period of 12 months or less immediately preceding the date of transfer, will be subject to short-term capital gains tax in India at the rate of 15% (plus applicable surcharge and cess), subject to STT being paid at the time of sale of such shares. Otherwise, such gains will be taxed at the applicable rates.

Capital gains arising from the sale of the Equity Shares will not be chargeable to tax in India in cases where

relief from such taxation in India is provided under a treaty between India and the country of which the seller is resident and the seller is entitled to avail benefits thereunder. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdiction on a gain upon the sale of the Equity Shares. We cannot predict whether any tax laws or other regulations impacting it will be enacted or predict the nature and impact of any such laws or regulations or whether, if at all, any laws or regulations would have an adverse effect our business, financial condition and results of operations. Investors are advised to consult their own tax advisors and to carefully consider the potential tax consequences of owning the Equity Shares.

BOOK BUILDING PROCESS

Book Building, with reference to the Offer, refers to the process of collection of Bids on the basis of the Red Herring Prospectus within the Price Band. The Price Band shall be determined by our Company in consultation with the Book Running Lead Manager and Promoter selling shareholders in accordance with the Book Building Process and advertised in all editions of the English national newspaper all editions of Hindi national newspaper and Editions of The Bengali Regional Newspaper (Bengali, being the regional language of Kolkata, where our Registered Office is situated) at least two working days prior to the Bid/Offer Opening date. The Offer Price shall be determined by our Company in consultation with the Book Running Lead Manager and Promoter selling shareholders in accordance with the Book Building Process after the Bid/Offer Closing Date.

Principal parties involved in the Book Building Process are-

- Our Company;
- The Book Running Lead Manager, in this case being GYR Capital Advisors Private Limited;
- The Syndicate Member(s) who are intermediaries registered with SEBI / registered as brokers with National Stock Exchange of India Limited and eligible to act as Underwriters. The Syndicate Member(s) will be appointed by the Book Running Lead Manager;
- The Registrar to the Offer, in this case being Bigshare Services Private Limited.
- The Escrow Collection Banks/ Bankers to the Offer and
- The Designated Intermediaries and Sponsor bank

The SEBI ICDR Regulations have permitted the Offer of securities to the public through the Book Building Process, wherein allocation to the public shall be made as per Regulation 253 of the SEBI ICDR Regulations.

The Offer is being made through the Book Building Process wherein 50% of the Net Offer shall be available for allocation on a proportionate basis to QIBs, provided that our Company may in consultation with the BRLM allocate upto 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI (ICDR) Regulations (the "Anchor Investor Portion"), out of which one third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Offer Price. 5% of the QIB Portion shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders, including Mutual Funds, subject to valid Bids being received at or above the Offer Price. Further, not less than 15% of the Net Offer shall be available for allocation on a proportionate basis to Non-Institutional Bidders and not less than 35 % of the Net Offer shall be available for allocation to Retail Individual Bidders, in accordance with the SEBI Regulations, subject to valid Bids being received at or above the Offer Price.

All potential Bidders may participate in the Offer through an ASBA process by providing details of their respective bank account which will be blocked by the SCSBs. All Bidders are mandatorily required to utilize the ASBA process to participate in the Offer. Under-subscription if any, in any category, except in the QIB Category, would be allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company in consultation with the BRLM, Promoter selling shareholders and the Designated Stock Exchange.

All Bidders, other than Anchor Investors are mandatorily required to use the ASBA process by providing the details of their respective ASBA Account in which the corresponding Bid Amount will be blocked by the SCSBs or, in the case of UPI Bidders, by using the UPI Mechanism. Anchor Investors are not permitted to participate in the Offer through the ASBA process.

In accordance with the SEBI ICDR Regulations, QIB and Non-Institutional Bidders are not allowed to withdraw or lower the size of their Bids (in terms of the quantity of the Equity Shares or the Bid Amount) at any stage. Anchor Investors are not allowed to revise and withdraw their Bids after the Anchor Investor Bidding Date. Retail

Individual Bidders can revise their Bids during the Bid/Offer Period and withdraw their Bids until the Bid/Offer Closing Date.

Subject to valid Bids being received at or above the Offer Price, allocation to all categories in the Net Offer, shall be made on a proportionate basis, except for Retail Portion where allotment to each Retail Individual Bidders shall not be less than the minimum bid lot, subject to availability of Equity Shares in Retail Portion, and the remaining available Equity Shares, if any, shall be allotted on a proportionate basis. Under – subscription, if any, in any category, would be allowed to be met with spill – over from any other category or a combination of categories at the discretion of our Company in consultation with the Book Running Lead Manager, Promoter selling shareholders and the Stock Exchange. However, under – subscription, if any, in the QIB Portion will not be allowed to be met with spill over from other categories or a combination of categories.

In terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Offer of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public Offer shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public Offer may use either Application Supported by Blocked Amount (ASBA) facility for making application or also can use UPI as a payment mechanism with Application Supported by Blocked Amount for making application. For details in this regards, specific attention is invited to the chapter titled “*Offer Procedure*” beginning on page 210 of the Draft Red Herring Prospectus.

The process of Book Building under the SEBI ICDR Regulations is subject to change from time to time and the investors are advised to make their own judgment about investment through this process prior to making a Bid or application in the Offer.

For further details on the method and procedure for Bidding, please see section entitled “*Offer Procedure*” on page 210 of this Draft Red Herring Prospectus.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Offer. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Offer size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Offer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Offer is able to Offer the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Company in consultation with the BRLM, may finalise the Offer Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Offer Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Steps to be taken by the Bidders for Bidding:

- Check eligibility for making a Bid (see section titled “*Offer Procedure*” on page 210 of this Draft Red Herring Prospectus);
- Ensure that you have a demat account and the demat account details are correctly mentioned in the Bid cum Application Form;
- Ensure correctness of your PAN, DP ID and Client ID mentioned in the Bid cum Application Form. Based on these parameters, the Registrar to the Offer will obtain the Demographic Details of the Bidders from the Depositories.
- Except for Bids on behalf of the Central or State Government officials, residents of Sikkim and the officials appointed by the courts, who may be exempt from specifying their PAN for transacting in the securities market, for Bids of all values ensure that you have mentioned your PAN allotted under the Income Tax Act in the Bid cum Application Form. The exemption for Central or State Governments and officials appointed by the courts

and for investors residing in Sikkim is subject to the Depository Participant's verification of the veracity of such claims of the investors by collecting sufficient documentary evidence in support of their claims.

- Ensure that the Bid cum Application Form is duly completed as per instructions given in this Draft Red Herring Prospectus and in the Bid cum Application Form;

Bid/Offer Program:

Event	Indicative Dates
Bid/Offer Opening Date	[●]
Bid/Offer Closing Date	[●]
Finalization of Basis of Allotment with the Designated Stock Exchange	On or before [●]
Initiation of Allotment / Refunds / Unblocking of Funds from ASBA Account or UPI ID linked bank account	On or before [●]
Credit of Equity Shares to Demat accounts of Allottees	On or before [●]
Commencement of trading of the Equity Shares on the Stock Exchange	On or before [●]

Our Company may, in consultation with the Book Running Lead Manager, consider participation by Anchor Investors in accordance with the SEBI ICDR Regulations. The Anchor Investor Bid/Offer Period shall be one Working Day prior to the Bid/ Offer Opening Date.

The above timetable is indicative and does not constitute any obligation on our Company or the Book Running Lead Manager. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 6 Working Days of the Bid/Offer Closing Date, the timetable may change due to various factors, such as extension of the Bid/ Offer Period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws. SEBI pursuant to its circular bearing reference number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 has reduced the time taken for listing of specified securities after the closure of public Offer to 3 working days (T+3 days) as against the present requirement of 6 working days (T+6 days); 'T' being Offer closing date. The provisions of this circular shall be applicable, on voluntary basis for public Offers opening on or after September 1, 2023 and on mandatory basis for public Offers opening on or after December 1, 2023. Our Company may choose to close this Offer within three (03) working days, in accordance with the timeline provided under the aforementioned circular.

Bid Cum Application Forms and any revisions to the same will be accepted only between 10.00 a.m. to 5.00 p.m. (IST) during the Offer Period (except for the Bid/Offer Closing Date). On the Bid/ Offer Closing Date, the Bid Cum Application Forms will be accepted only between 10.00 a.m. to 3.00 p.m. (IST) for retail and non-retail Bidders. The time for applying for Retail Individual Applicant on Bid/ Offer Closing Date maybe extended in consultation with the BRLM, RTA and National Stock Exchange of India Limited Emerge taking into account the total number of applications received up to the closure of timings.

Due to the limitation of time available for uploading the Bid Cum Application Forms on the Bid/ Offer Closing Date, Bidders are advised to submit their applications one (1) day prior to the Bid/ Offer Closing Date and, in any case, not later than 3.00 p.m. (IST) on the Bid/ Offer Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid Cum Application Forms are received on the Bid/Offer Closing Date, as is typically experienced in public Offer, some Bid Cum Application Forms may not get uploaded due to the lack of sufficient time. Such Bid Cum Application Forms that cannot be uploaded will not be considered for allocation under this Offer. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). DETAILS OF THE MARKET MAKING ARRANGEMENT FOR THIS OFFER

Our Company has entered into a Market Making Agreement dated [•] with the following Market Maker for fulfilling the Market Making obligations under this Offer:

[•]	[•]	[•]
-----	-----	-----

In accordance with Regulation 261 of the SEBI ICDR Regulations, we have entered into an agreement with the Lead Manager and the Market Maker (duly registered with National Stock Exchange of India Limited to fulfil the obligations of Market Making) dated [•] to ensure compulsory Market Making for a minimum period of three years from the date of listing of equity shares offered in this Offer.

[•], registered with EMERGE Platform of National Stock Exchange of India Limited will act as the Market Maker and has agreed to receive or deliver of the specified securities in the market making process for a period of three years from the date of listing of our Equity Shares or for a period as may be notified by any amendment to SEBI ICDR Regulations.

The Market Maker shall fulfil the applicable obligations and conditions as specified in the SEBI ICDR Regulations, as amended from time to time and the circulars Issued by National Stock Exchange of India Limited and SEBI in this matter from time to time.

Following is a summary of the key details pertaining to the Market Making Arrangement:

1. The Market Maker shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the Stock Exchange. Further, the Market Maker shall inform the Stock Exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker.
2. The minimum depth of the quote shall be ₹ 1,00,000. However, the Investors with holdings of value less than ₹ 1,00,000 shall be allowed to offer their holding to the Market Maker in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
3. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker, for the quotes given by him.
4. After a period of three (3) months from the market making period, the market maker would be exempted to provide quote if the Shares of market maker in our Company reaches to 25% of Offer Size (Including the [●] Equity Shares ought to be allotted under this Offer). Any Equity Shares allotted to Market Maker under this Offer over and above [●] Equity Shares would not be taken in to consideration of computing the threshold of 25% of Offer Size. As soon as the Shares of market maker in our Company reduce to 24% of Offer Size, the market maker will resume providing 2-way quotes.
5. There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, National Stock Exchange of India Limited may intimate the same to SEBI after due verification.
6. There would not be more than five Market Maker for the Company's Equity Shares at any point of time and the Market Maker may compete with other Market Maker for better quotes to the investors.
7. On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction. In case equilibrium price is not discovered the price band in the normal trading session shall be based on Offer price.
8. The Market Maker may also be present in the opening call auction, but there is no obligation on him to do so.
9. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily / fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
10. The Market Maker shall have the right to terminate said arrangement by giving one month notice or on mutually acceptable terms to the Lead Managers, who shall then be responsible to appoint a replacement Market Maker.

In case of termination of the above mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Lead Manager to arrange for another Market Maker(s) in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of Regulation 261 of the SEBI (ICDR) Regulations. Further the Company and the Lead Manager reserve the right to appoint other Market Maker(s) either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed 5 (five) or as specified by the relevant laws and regulations applicable at that particular point of time.

11. **Risk containment measures and monitoring for Market Maker:** EMERGE Platform of National Stock Exchange of India Limited will have all margins which are applicable on the National Stock Exchange of India Limited Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. National Stock Exchange of India Limited can impose any other margins as deemed necessary from time-to-time.
12. **Punitive Action in case of default by Market Maker:** EMERGE Platform of National Stock Exchange of India Limited will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and / or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.

13. The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct / manipulation / other irregularities by the Market Maker from time to time.
14. Price Band and Spreads: SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for Offer size up to ₹ 250 crores, the applicable price bands for the first day shall be:
- In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
 - In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the Offer price.
15. Additionally, the securities of the Company will be placed in SPOS and would remain in Trade for Trade settlement for first 10 days from commencement of trading. The following spread will be applicable on the SME platform.

S. No.	Market Price Slab (in Rs.)	Proposed Spread (in % to sale price)
1.	Up to 50	9
2.	50 to 75	8
3.	75 to 100	6
4.	Above 100	5

All the above mentioned conditions and systems regarding the Market Making Arrangement are subject to change based on changes or additional regulations and guidelines from SEBI and Stock Exchange from time to time.

16. Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for market makers during market making process has been made applicable, based on the Offer size and as follows:

Offer Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Offer size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Offer size)
Upto ₹20 Crore	25%	24%
₹20 Crore to ₹50 Crore	20%	19%
₹50 Crore to ₹80 Crore	15%	14%
Above ₹80 Crore	12%	11%

The Market Making arrangement, trading and other related aspects including all those specified above shall be subject to the applicable provisions of law and / or norms Issued by SEBI / National Stock Exchange of India Limited from time to time.

11. Promoter's Contribution and other Lock-In details:

Pursuant to Regulation 236 and 238 of the SEBI (ICDR) Regulations, an aggregate of 20.00% of the fully diluted post-Issue capital of our Company held by the Promoter shall be locked in for a period of three years from the date of Allotment ("**Minimum Promoter's Contribution**"), and the Promoter's shareholding in excess of 20% of the fully diluted post-Issue Equity Share capital shall be locked in for a period of one year from the date of Allotment.

The lock-in of the Minimum Promoter's Contribution would be created as per applicable laws and procedures and details of the same shall also be provided to the Stock exchange before the listing of the Equity Shares.

Following are the details of Minimum Promoter's Contribution:

Number of Equity Shares locked-in ^{*(1)(2)(3)}	Nature of Allotment / Transfer	Date of Allotment and Date when made fully paid-up	Face value (in ₹)	Issue / Acquisition Price per Equity Share (in ₹)	Nature of consideration (cash / other than cash)	% of fully diluted post-Issue paid-up capital	Period of lock-in

* Subject to finalisation of Basis of Allotment.

(1) For a period of three years from the date of allotment.

(2) All Equity Shares have been fully paid-up at the time of allotment.

(3) All Equity Shares held by our Promoter are in dematerialized form.

For details of the build-up of the Equity Share capital held by our Promoter, see chapter titled "**Capital Structure - Shareholding of our Promoter**" on Page No.65.

The Promoter's Contribution has been brought to the extent of not less than the specified minimum lot and from persons defined as 'promoter' under the SEBI (ICDR) Regulations.

The Equity Shares that are being locked-in are not, and will not be, ineligible for computation of Promoter's Contribution under Regulation 237 of the SEBI (ICDR) Regulations. In this computation, as per Regulation 237 of the SEBI (ICDR) Regulations, our Company confirms that the Equity Shares which are being locked-in do not, and shall not, consist of:

- Equity Shares acquired during the preceding three years for consideration other than cash and revaluation of assets or capitalization of intangible assets

- Equity Shares resulting from bonus issue by utilization of revaluations reserves or unrealized profits of the Company or from bonus issue against Equity Shares which are otherwise ineligible for minimum promoters' contribution;
- Equity Shares acquired during the preceding one year, at a price lower than the price at which the Equity Shares are being offered to the public in the Issue;
- Equity Shares issued to the Promoter upon conversion of a partnership firm;
- Equity Shares held by the Promoter that are subject to any pledge; and
- Equity Shares for which specific written consent has not been obtained from the respective shareholders for inclusion of their subscription in the Promoter's Contribution subject to lock-in.

The Equity Shares allotted to promoters during the year preceding the date of Draft Red Herring Prospectus, at a price less than the issue price, against funds brought in by them during that period, formed by conversion of partnership firm, where the partners of the erstwhile partnership firm are the promoters of the issuer and there is no change in the management; And that the Equity Shares allotted to promoters are against the capital existing in partnership firm for a period of less than one year on a continuous basis;

All the Equity Shares held by the Promoter and the members of the Promoter Group are held in dematerialized form.

In terms of undertaking executed by our Promoter, Equity Shares forming part of Promoter's Contribution subject to lock in will not be disposed/ sold/ transferred by our Promoter during the period starting from the date of filing of this Draft Red Herring Prospectus till the date of commencement of lock in period as stated in this Draft Red Herring Prospectus.

Other than the Equity Shares locked-in as Promoter's Contribution for a period of three years as stated in the table above, the entire pre-Issue capital of our Company, including the excess of minimum Promoter' Contribution, as per Regulation 238 of the SEBI (ICDR) Regulations, shall be locked in for a period of one year from the date of allotment of Equity Shares in the Issue. Such lock – in of the Equity Shares would be created as per the bye laws of the Depositories.

Other requirements in respect of 'lock-in'

In terms of Regulation 243 of the SEBI (ICDR) Regulations, the Equity Shares held by persons other than the Promoter prior to the Issue may be transferred to any other person holding the Equity Shares which are locked-in as per Regulation 239 of the SEBI (ICDR) Regulations, subject to continuation of the lock-in in the hands of the transferees for the remaining period and compliance with the Takeover Code as applicable.

In terms of Regulation 243 of the SEBI (ICDR) Regulations, the Equity Shares held by our Promoter which are locked in as per the provisions of Regulation 238 of the SEBI (ICDR) Regulations, may be transferred to and amongst Promoter / members of the Promoter Group or to a new promoter or persons in control of our Company, subject to continuation of lock-in in the hands of transferees for the remaining period and compliance of Takeover Code, as applicable.

In terms of Regulation 242(a) of the SEBI (ICDR) Regulations, the locked-in Equity Shares held by our Promoter can be pledged only with any scheduled commercial banks or public financial institutions or a systemically important non-banking finance company or a housing finance company as collateral security for loans granted by such banks or financial institutions, provided that such loans have been granted for the purpose of financing one or more of the objects of the Issue and pledge of the Equity Shares is a term of sanction of such loans.

In terms of Regulation 242(b) of the SEBI ICDR Regulations, the Equity Shares held by the Promoter which are locked-in for a period of one year from the date of allotment may be pledged only with scheduled commercial banks, public financial institutions, systemically important non-banking finance companies or housing finance companies as collateral security for loans granted by such entities, provided that such pledge of the Equity Shares is one of the terms of the sanction of such loans.

12. Our Company, our Promoter, our Directors and the Book Running Lead Manager have no existing buyback arrangements or any other similar arrangements for the purchase of Equity Shares being offered through the Issue.
13. The post-Issue paid up Equity Share Capital of our Company shall not exceed the authorised Equity Share Capital of our Company.
14. There have been no financing arrangements whereby our Directors or any of their relatives have financed the purchase by any other person of securities of our Company during the six months immediately preceding the date

of filing of this Draft Red Herring Prospectus.

15. No person connected with the Issue, including, but not limited to, our Company, the members of the Syndicate, or our Directors, shall offer any incentive, whether direct or indirect, in any manner, whether in cash or kind or services or otherwise to any Bidder for making a Bid, except for fees or commission for services rendered in relation to the Issue.
16. There neither have been and there will be no further issue of Equity Shares whether by way of issue of bonus shares, preferential allotment, rights issue or in any other manner during the period commencing from the date of filing of the Draft Red Herring Prospectus until the Equity Shares have been listed on the Stock Exchange or all application monies have been refunded, as the case may be.
17. Our Company has no outstanding warrants, options to be issued or rights to convert debentures, loans or other convertible instruments into Equity Shares as on the date of this Draft Red Herring Prospectus.
18. There shall be only one denomination of the Equity Shares, unless otherwise permitted by law. Our Company will comply with such disclosure and accounting norms as may be specified by SEBI from time to time.
19. Our Company shall ensure that any transactions in Equity Shares by our Promoter and the Promoter Group during the period between the date of filing the Draft Red Herring Prospectus and the date of closure of the Issue, shall be reported to the Stock Exchanges within 24 hours of the transaction.
20. All Equity Shares issued pursuant to the Issue shall be fully paid-up at the time of Allotment and there are no partly paid-up Equity Shares as on the date of this Draft Red Herring Prospectus.
21. As on the date of this Draft Red Herring Prospectus, the Book Running Lead Manager and their respective associates (as defined under the Securities and Exchange Board of India (Merchant Bankers) Regulations, 1992) do not hold any Equity Shares of our Company. The BRLM and their affiliates may engage in the transactions with and perform services for our Company in the ordinary course of business or may in the future engage in commercial banking and investment banking transactions with our Company for which they may in the future receive customary compensation.
22. Our Promoter and the members of our Promoter Group will not participate in the Issue.
23. Our Key Management Personnel does not hold any equity share of our company,
24. Our Company has not raised any bridge loans which are proposed to be repaid from the proceeds of the Issue.
25. Investors may note that in case of over-subscription, allotment will be on proportionate basis as detailed under “Basis of Allotment” in the chapter titled “*Offer Procedure*” beginning on Page No.210 of this Draft Red Herring Prospectus. In case of over-subscription in all categories the allocation in the Issue shall be as per the requirements of Regulation 253 (1) of SEBI (ICDR) Regulations, as amended from time to time.
26. An investor cannot make an application for more than the number of Equity Shares offered in this Issue, subject to the maximum limit of investment prescribed under relevant laws applicable to each category of investor.
27. An over-subscription to the extent of 10% of the Issue can be retained for the purpose of rounding off to the nearest integer during finalizing the allotment, subject to minimum allotment, which is the minimum application size in this Issue. Consequently, the actual allotment may go up by a maximum of 10% of the Issue, as a result of which, the post-issue paid up capital after the Issue would also increase by the excess amount of allotment so made. In such an event, the Equity Shares held by the Promoter and subject to lock- in shall be suitably increased; so as to ensure that 20% of the post Issue paid-up capital is locked in.
28. Under subscription, if any, in any of the categories, would be allowed to be met with spill-over from any of the other categories or a combination of categories at the discretion of our Company in consultation with the BRLM ,Promoter selling shareholders and Designated Stock Exchange. Such inter-se spill over, if any, would be effected in accordance with applicable laws, rules, regulations and guidelines
29. No payment, direct, indirect in the nature of discount, commission, and allowance, or otherwise shall be made either by us or by our Promoter to the persons who receive allotments, if any, in this Issue.

30. As on date of this Draft Red Herring Prospectus, there are no outstanding financial instruments or any other rights that would entitle the existing Promoter or shareholders or any other person any option to receive Equity Shares after the Issue.

*PCCPL Performance during the period financial year 2020-2021 to financial year 2023-2024 and half year September 30, 2023

- Capacity utilisation:** The Company has done the efficiency improvement of the kiln by spending around INR 22 crores for the production of Calcined petroleum coke (CPC) in December 2021. After that, the company has gradually started to improve its utilisation levels. The company has utilised its production capacity to 98.15% during the H1 ended September 30, 2023, whereas historically the earlier production capacity utilised was 88.24% in FY 2022-2023, 57.85% in FY 2021-2022 and 70.72% in FY 2020-2021. Due to this higher utilisation, the operating cost other than RM cost per Mt has come down from INR 2,823 / Mt in FY 22 to INR 2,179 /Mt in H1 FY 24.
- Sales Price:** The Company usually get orders for supply of CPC for a period of 3 to 6 months. The company sold CPC to its premium customers at very excellent prices during the H1 ended September 30, 2023 as follows:

NALCO Angul - 2,489 Mt @ 72,284 / Mt & 33,574 Mt @ 65,440 / Mt

HINDALCO, Mahan & Renukoot – 5,287 Mt @ 77,000 / Mt & 13,273 Mt @ 56,500 / Mt

- c) **Demand supply gap:** CPC industry in India has seen demand outpacing the supply due to continuous capacity addition / increased capacity utilisation by the Aluminium smelters. Whereas there is no CPC production addition in India during last 3/4 years. This has led to better margins for the CPC industry in general.

A) The price per share of the Company based on the primary/ new issue of shares (equity/convertible securities)

The Company have not issued Equity Shares or convertible securities ("Security(ies)"), excluding shares issued under ESOP/ESOS and issuance of bonus shares, during the 18 months preceding the date of this certificate, where such issuance is equal to or more than 5% of the fully diluted paid-up share capital of the Company (calculated based on the pre-Issue capital before such transaction/s and excluding employee stock options granted but not vested), in a single transaction or multiple transactions combined together over a span of rolling 30 days:

B) The price per share of the Company based on secondary sale/ acquisitions of shares (equity/ convertible securities)

There have been no secondary sale/ acquisitions of Equity Shares or any convertible securities ("Security(ies)"), where the Promoter, members of the promoter group, selling shareholders, or shareholder(s) having the right to nominate director(s) in the board of directors of the Company are a party to the transaction (excluding gifts), during the 18 months preceding the date of this certificate, where either acquisition or sale is equal to or more

than 5% of the fully diluted paid up share capital of the Company (calculated based on the pre-Issue capital before such transaction/s and excluding employee stock options granted but not vested), in a single transaction or multiple transactions combined together over a span of rolling 30 days:

C) Since there are no such transaction to report to under (A) therefore information for primary or secondary transactions (secondary transactions where Promoter / promoter group entities or selling shareholders or shareholder(s) having the right to nominate director(s) in the Board of the Issuer Company, are a party to the transaction), is as below:

Date of allotment	No. of equity shares allotted	Face value per equity share (₹)	Issue price per equity share (₹)	Nature of Allotment	Nature of consideration	Total Consideration (in Rs.)
NIL	NIL	NIL	NIL	NIL	NIL	NIL
Weighted average cost of acquisition (WACA)						NIL

II. WACA / Floor Price / Cap Price

Please see below details of the weighted average cost of acquisition, based on the details set out under (I) – (A), (B) and (C) above, as compared to the floor price and cap price:

Types of transactions	Weighted average cost of acquisition (Rs. per Equity Share)	Floor price* (i.e. INR [●])	Cap price* (i.e. INR [●])
Last 5 Primary issuances / Secondary transactions	NIL	[●] times [●] times	[●] times [●] times

*To be updated at prospectus stage

Explanation for Offer Price being [●] times price of face value.

The Offer Price of ₹ [●] has been determined by our Company, in consultation with the BRLM, on the basis of market demand from investors for Equity Shares through the Book Building Process and is justified in view of the above qualitative and quantitative parameters.

Investors should read the above-mentioned information along with “*Risk Factors*”, “*Our Business*”, “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” and “*Financial Information*” on pages 33, 106, 158, and 153 respectively, to have a more informed view. The trading price of the Equity Shares could decline due to the factors mentioned in the “*Risk Factors*” on page 33 and you may lose all or part of your investment.

STATEMENT OF POSSIBLE SPECIAL TAX BENEFITS

To,
The Board of Directors
Petro Carbon and Chemicals Limited
(Formerly Petro Carbon and Chemicals Private Limited)
6th Floor, Avani Signature,
91A/1, Park Street,
Kolkata, West Bengal – 700016.

Dear Sirs,

Sub: Statement of possible special tax benefits available to Petro Carbon and Chemicals Limited (Formerly Petro Carbon and Chemicals Private Limited) (“the Company”) and its shareholders under direct and indirect tax laws

We refer to the proposed initial public offering of equity shares (the “Offer”) of the Company. We enclose herewith the annexure showing the current position of special tax benefits available to the Company and to its shareholders as per the provisions of the direct and indirect tax laws, including the Income-tax Act, 1961, the Central Goods and Services Tax Act, 2017, the Integrated Goods and Services Tax Act, 2017, the Union Territory Goods and Services Tax Act, 2017, respective State Goods and Services Tax Act, 2017 (collectively the “GST Act”), the Customs Act, 1962 and the Customs Tariff Act, 1975, (collectively the “Taxation Laws”) including the rules, regulations, circulars and notifications issued in connection with the Taxation Laws, as presently in force and applicable to the assessment year 2025-2026 relevant to the financial year 2024-25 for inclusion in the Draft Red-Herring Prospectus/ Red-herring Prospectus/ Prospectus (“Offer Document”) for the proposed offer of equity shares, as required under the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended (“ICDR Regulations”).

Several of these benefits are dependent on the Company or its shareholders fulfilling the conditions prescribed under the relevant provisions of taxation laws. Hence, the ability of the Company or its shareholders to derive these tax benefits is dependent upon their fulfilling such conditions.

The benefits discussed in the enclosed statement are neither exhaustive nor conclusive. The contents stated in the Annexure are based on the information and explanations obtained from the Company. This statement is only intended to provide general information to guide the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult their own tax consultant with respect to the specific tax implications arising out of their participation in the issue. We are neither suggesting nor are we advising the investor to invest money or not to invest money based on this statement.

We do not express any opinion or provide any assurance whether:

- The Company or its Shareholders will continue to obtain these benefits in future;
- The conditions prescribed for availing the benefits have been/would be met;
- The revenue authorities/courts will concur with the views expressed herein.

We hereby give our consent to include enclosed statement regarding the tax benefits available to the Company and to its shareholders in the offer document for the proposed public offer of equity shares which the Company intends to submit to the Securities and Exchange Board of India provided that the below statement of limitation is included in the offer document.

LIMITATIONS

Our views expressed in the statement enclosed are based on the facts and assumptions indicated above. No assurance is given that the revenue authorities/courts will concur with the views expressed herein. Our views is based on the information, explanations and representations obtained from the Company and on the basis of our understanding of the business activities and operations of the Company and the interpretation of the existing tax laws in force in India and its interpretation, which are subject to change from time to time. We do not assume responsibility to update the views consequent to such changes. Reliance on the statement is on the express understanding that we do not assume responsibility towards the investors who may or may not invest in the proposed issue relying on the statement.

This statement has been prepared solely in connection with the offering of Equity shares by the Company under the Securities and Exchange Board of India (“SEBI”) (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended (the Issue).

ANNEXURE TO THE STATEMENT OF POSSIBLE SPECIAL TAX BENEFITS AVAILABLE TO THE COMPANY AND ITS SHAREHOLDERS

Direct Taxation

Outlined below are the special tax benefits available to the Company and its shareholders under the Income-tax Act, 1961 ('the Act'), as amended by Finance Act, 2024 i.e., applicable for Financial Year 2024-25 relevant to the Assessment Year 2025-26, presently in force in India

A. SPECIAL TAX BENEFITS TO THE COMPANY

Section 115BAA, as inserted vide The Taxation Laws (Amendment) Act, 2019, provides that domestic company can opt for a rate of tax of 22% (plus applicable surcharge and education cess) for the financial year 2019-20 onwards, provided the total income of the company is computed without claiming certain specified incentives/deductions or set-off of losses, depreciation etc. and claiming depreciation determined in the prescribed manner. In case a company opts for section 115BAA, provisions of Minimum Alternate Tax would not be applicable and earlier year MAT credit will not be available for set-off. The option needs to be exercised on or before the due date of filing the tax return. Option once exercised, cannot be subsequently withdrawn for the same or any other tax year.

The Company has represented to us that it has not opted for section 115BAA for the assessment year 2023-24 and assessment year 2024-25.

B. SPECIAL TAX BENEFITS TO THE SHAREHOLDERS

The Shareholders of the Company are not entitled to any special tax benefits under the Act.

Indirect Taxation

Outlined below are the special tax benefits available to the Company and its shareholders under the Central Goods and Services Tax Act, 2017/ Integrated Goods and Services Tax Act, 2017 read with Rules, Circulars, and Notifications ("GST law"), the Customs Act, 1962, Customs Tariff Act, 1975 ("Customs law") and Foreign Trade Policy 2015-2020 ("FTP") (collectively referred as "Indirect Tax").

A. SPECIAL TAX BENEFITS TO THE COMPANY

There are no special tax benefits available to the Company under GST law.

B. SPECIAL TAX BENEFITS TO THE SHAREHOLDERS

The Shareholders of the Company are not entitled to any special tax benefits under the Indirect Tax.

SECTION V – ABOUT THE COMPANY

INDUSTRY OVERVIEW

INDIAN ECONOMY

Strong economic growth in the first quarter of FY23 helped India overcome the UK to become the fifth-largest economy after it recovered from the COVID-19 pandemic shock. India's gross domestic product (GDP) at current prices in the second quarter (Q2) of 2023-24 is estimated to be Rs. 71.66 trillion (US\$ 861.2 billion), as against Rs. 65.67 trillion (US\$ 789.2 billion) in Q2 of 2022-23, showing a growth rate of 9.1%. Strong domestic demand for consumption and investment, along with Government's continued emphasis on capital expenditure are seen as among the key driver of the GDP in the first half of FY24. In 2023-24 (April-December), India's service exports stood at US\$ 247.92 billion. Furthermore, India's overall exports (services and merchandise) in 2023-24 (April-December) were estimated at US\$ 565.04 billion. Rising employment and substantially increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalization of the tariff structure, and the digitization of tax filing. In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers. The contact-based services sector has largely demonstrated promise to boost growth by unleashing the pent-up demand. The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships. India's appeal as a destination for investments has grown stronger and more sustainable as a result of the current period of global unpredictability and volatility, and the record amounts of money raised by India-focused funds in 2022 are evidence of investor faith in the "Invest in India" narrative.

Macroeconomic overview of India

India's real GDP is estimated to grow at an average of 7.9% between FY22 and FY24. The share of manufacturing in total Gross Value Added (GVA), in volume terms, increased from 17.2 % in FY14 to 18.4 % in FY18 under the impact of the Make in India mission of the government. Based on the advance estimates released recently, the share has stayed robust at 17.7 % in FY24 on the back of the Production Linked Incentive (PLI) schemes rolled out by the government.

Review of Private Final Consumption Expenditure in GDP

The share of Private Final Consumption Expenditure (PFCE) in GDP at current prices increased from an average of 58.4% in the eight years preceding the onset of the pandemic to 60.8% in the last 3 years ending FY24.

(this space is intentionally left blank)

Source: NSO, MoSPI

Note: RE stands for Revised Estimates, PE for Provisional Estimates and FAE for First Advance Estimates

Private Final Consumption Expenditure has consequently emerged as a major growth driver post-Covid pandemic, playing a pivotal role in sustaining the economy amid external challenges brought in by geopolitical shocks, monetary tightening, and sluggish global demand. As PFCE is also contributing to the reinvigoration of private capital investment, it has lent resilience to the domestic demand in the Indian economy. This has aided India to emerge as the fastest-growing major economy in the past few years.

Enabling investment-led economic growth

The investment climate in the country has transformed in recent years, leading to the emergence of ‘investment’ as a crucial driver of economic growth. The seemingly impressive investment rate in the first decade of the millennium was based on excessive borrowing and over-optimism, which eventually proved unsustainable. In the second decade, banks were reluctant to lend to corporates, and the corporates, in turn, had to trim their balance sheets by selling assets and paying-off debts. Hence, the investment share of GDP came down in the second decade.

Note: Investment Rate is the ratio of Nominal GFCF over Nominal GDP

Data for FY24 is as per the First Advance Estimates

Source: NSO, MoSPI

These stresses on the balance sheets, which accumulated in the first decade, compounded the underlying macro fragility of the Indian economy with a high fiscal deficit, high current account deficit and sustained double-digit inflation, and the Indian economy was included in the infamous club of ‘fragile-five’ emerging economies. The government helped banks strengthen their balance sheets by recapitalizing them and restructuring the industry. With stronger balance sheets in the non-financial corporate and banking sectors, growth in investments and credit are poised to increase in this decade.

Source: RBI

The government’s effort over the past decade have resulted in positive economic outcomes. With numerous investment-boosting reforms and healthier balance sheets, private corporate investment has begun to crowd in, and banks are responding with greater credit disbursement. The non-food bank credit growth, net of personal loans, which had declined from 20% in 2008 to less than 10% in FY 2016, has rebounded to reach 13% in FY23.

Credit Cycle Growth

Bank credit, in recent years, has shown phenomenal growth, outpacing the growth in deposits on the back of sustained demand momentum and robust economic recovery after the Covid-19 pandemic. The growth in non-food bank credit at 15% in FY23 was the highest in the last 10 years. This would not have been possible without a significant improvement in the banking sector’s health. Even as credit growth surged, asset quality across all SCB groups kept improving, with GNPA’s (gross non-performing assets) and Net NPAs relative to the total advances dropping to a multi-year low in September, 2023.

Source: RBI

The improvement in the banking sector’s health is striking when compared to the lows it had sunk to following the developments in the first decade of the millennium. Relative to gross advances, the GNPA’s of SCBs (Scheduled Commercial Banks) rose almost five-fold from 2.2% in FY11 to 11.2% in FY 18 in the above chart, as loans extended in boom years of 2003-08 and again between 2012 and 2014 turned sour.

Safeguarding Macroeconomic stability

Macroeconomic stability built on an economic environment with strong output growth, price stability, and robust external account are important goals of the government and the Reserve Bank of India. Considering the multiple challenges, the government of India has committed to an institutional architecture that fosters macro stability.

Chart 15: Macro-vulnerability Index⁴⁸ and Retail Inflation (per cent)

Note: Retail Inflation from FY09 to FY12 is based on CPI-Industrial Workers released by the Labour Bureau, FY13 to FY24 (April-December) is based on CPI-Combined released by MoSPI

*Gross fiscal deficit data for FY23 is a Revised Estimate, and for FY24 is a Budget Estimate, Current Account Deficit data for FY24 is up to H1 (April-September)

Post-pandemic, FY22 saw a revival of the economy, with growth gaining momentum and inflation coming down. However, by the end of FY22, the global economic development worsened yet again with the escalation of geopolitical conflicts and accompanying sanctions. Global commodity prices shot up substantially across the board amidst heightened volatility, and crude oil prices jumped to a 10-year high in June 2022. This spurred inflation globally, which affected India’s external account and price situation. Thus, the beginning of FY23 presented fresh, multi-frontal challenges to keeping macro vulnerabilities in check. However, India managed to keep its retail inflation below the levels of several other countries.

Inflationary pressures moderated in FY24 (April-December), with average retail inflation easing to 5.5 %. The decline was driven by benign trends in core (non-food, non-fuel) inflation, which gradually declined to a 49-month low of 3.8% in December, 2023. The overall inflation is now stable and within the notified tolerance band of 2 to 6 %.

GLOBAL CHEMICAL AND PETROCHEMICAL INDUSTRY

Basic chemicals and plastics are the key building blocks for the manufacture of a wide variety of durable and nondurable consumer goods. Considering the items encountered daily — clothes, construction materials used to build homes and offices, a variety of household appliances and electronic equipment, packaging for food and beverages, and many products used in various modes of transportation — chemical and plastic materials provide the fundamental building blocks that enable the manufacture of most of these goods. Demand for chemicals and plastics is driven by global economic conditions, which are directly linked to demand for consumer goods.

Although investments in new chemical assets are occurring on a global basis, the primary focus over the past decade has been in mainland China, the Middle East and North America, each with its own unique drivers for these investments, including fast-developing markets and domestic energy and feedstock advantages. Mainland Chinese investment has been focused on coal-to-chemicals production and on-purpose propylene processes, but growth has slowed with the recent implementation of environmental controls, especially for coal-based chemicals. The Middle East, originally focused on oil and gas exports, began to develop its petrochemical assets to capitalize on its cheap and readily available ethane; the units are generally large scale, relatively new and forward integrated into derivatives, the output of which is primarily for export. The developments in the North American nonconventional oil and gas markets have reignited investment in new petrochemical capacity after more than a decade of very limited activity. Recent shale gas discoveries in the United States and Canada have significantly increased the supply of natural gas liquids, which have transformed North America into a low-cost region for

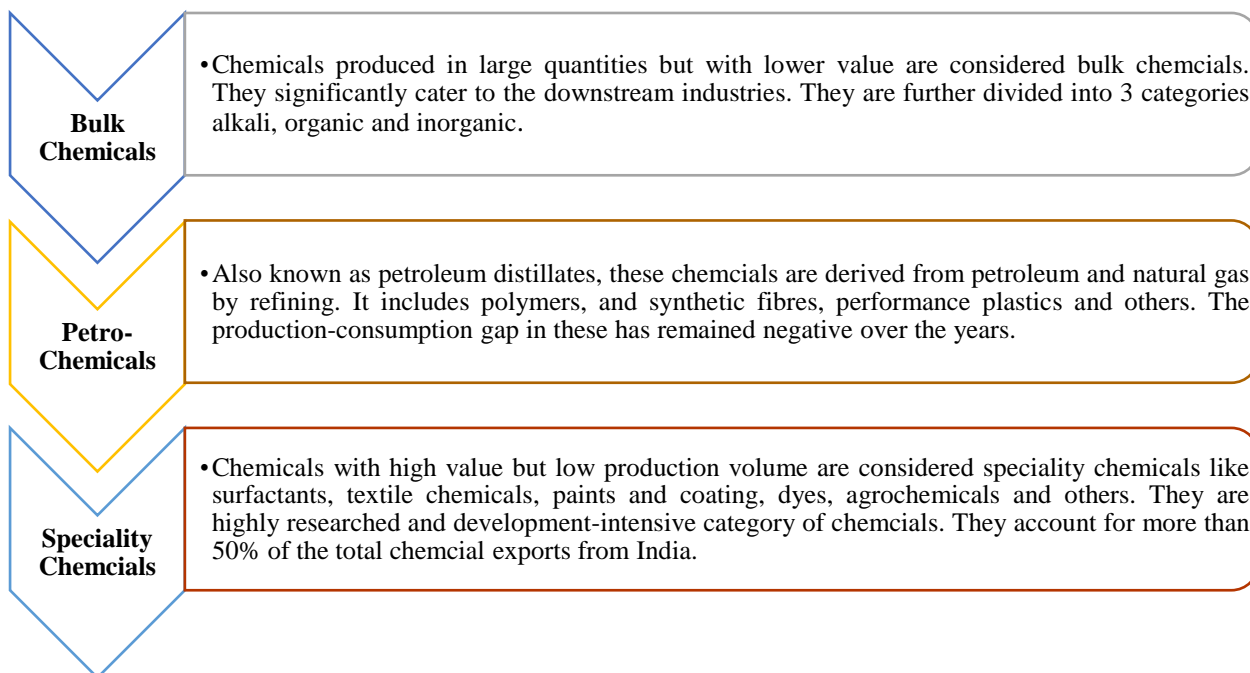

chemicals production again. Many global chemical companies are now expanding or building facilities in the region.

The petrochemical industry continues to be influenced by the globalization and integration of the world economy. The COVID-19 pandemic, which has affected every region of the world, had a significant effect on economies in 2020 because of the strict government-ordered lockdowns, travel restrictions, changing consumer habits and diminished trade flows. Since 2022, the Russia-Ukraine conflict has cast a shadow over world energy markets, adding volatility and uncertainty. This report provides insights into the effects of the pandemic on the global petrochemical industry as well as the impact of current geopolitical events, exploring every region and covering the seven basic petrochemicals.

Market Segmentation in Chemical and Petrochemical Industry

INDIAN CHEMICAL AND PETROCHEMICAL INDUSTRY

In recent years, India is emerging as one of the competitive and high-quality manufacturing destinations in the global market, attracting foreign investments. Presently, India's chemical and petrochemical (CPC) industry holds a significant position in the world market, worth US\$ 178 billion, and it is expected to grow to about US\$ 300 billion by 2025. The strategic geographical location of India has enabled the country to maintain its key position in the international market. The position of India's Chemical and Petrochemical industry in the global chemical market is summarized in the snapshot presented.

INDIAN CPC INDUSTRY

Calcined petroleum coke (CPC) is one of the major raw materials for the Aluminium Industry. Like any other raw material, it plays a significant role in the aluminium production process. CPC is used for fabrication of anodes used in the aluminum electrolysis process. Calcined Petroleum Coke (CPC) has been in use for more than 120 years to produce the carbon anodes used in the Hall-Heroult Aluminium electrolysis process. Performance of the anodes in the aluminium electrolysis process depends on many properties of CPC.

Raw Petroleum Coke to Calcined Petroleum Coke

Raw petroleum coke is calcined to remove excess water and volatile matter in rotary kilns or shaft kilns. Rotary kilns are most widely used for economic reasons. Calcination temps are between (1250-1400) °C. The calcined coke leaving the kiln is discharged into a rotary cooler, where it is quenched with direct water spray at the inlet and then cooled by a stream of ambient air. The calcining operation can have an important influence on coke quality. Cokes with significantly different volatile contents (quality and quantity) and impurity levels should be calcined differently. CPC is the product from calcining petroleum coke. This coke is the product of the coker unit in a crude oil refinery. The calcined petroleum coke is used to make anodes for the aluminium, steel and titanium smelting industry. The green coke must have sufficiently low metal content to be used as anode material. Green coke with this low metal content is called anode-grade coke. When green coke has excessive metal content, it is not calcined and is used as fuel-grade coke in furnaces.

Extensive research is taking place since more than 30 years to find an alternative to this material. It is known that though considerable progress has been made in finding right kind of materials for making inert anodes, it may take many years to address the impending problems associated with fabrication and use of inert anodes. Hence, today more focus is required on the carbon anodes made out of CPC & coal tar pitch (CTP) for continual improvement of performance of the electrolytic pots producing aluminium metal. Some of the prominent companies in CPC manufacturing in India, besides Goa Carbon Ltd., are Atha Group, Rain Industries Limited, Sanvira Industries Limited, Graphite India Limited, India Carbon Ltd. etc.

Production

The graph shows the composition of production of the major chemicals and petrochemicals in the year 2021-22 and their trends over time. Alkali chemicals and polymers have the highest share of production among all the major chemical and petrochemical segments, respectively. They also recorded a CAGR of 5.22% and 6.36% between 2016-17 and 2020-21, among all. Overall, the industry's production showed a growth rate of 4.52% over the same period.

Basic organic chemicals and Inorganic chemicals form the largest share of the production as well as the sales in the chemical sector.

Growth drivers of the Chemical and Petrochemical Industry

Growing demand

- Influx of domestic demand from linked industries as well as direct consumers.
- High expected growth of the market size of the connected industries like this textile (US\$ 350 billion by 2024-25), automotive (from US\$ 350 billion by 2024-25), automotive (from US\$ 222 billion to US\$ 300 billion by 2026)
- Expected increase in the disposable income of the consumer.
- Increase in export demand.

Evolving Industry's Ecosystem

- 100% FDI is allowed under the automatic route in the chemicals sector (except in the case of certain hazardous chemicals)
- Policies like PCPIRs, setting up plastic parks for better and larger scale research and development.
- Provision duty drawbacks, tax incentives.

Strong Policy Support

- US\$ 18.48 billion FDI inflow in chemicals other than fertilizers during April 2000-March 2021 as per FDI policy for the chemical sector.
- Sustainability and circular economy principles being promoted.
- Prioritizing and promoting innovation through schemes like the National Petrochemical Awards and Centres for Excellence (CoE's).
- Increase in skilled and competent manpower.

OVERVIEW

Petro Carbon and Chemicals Limited (“PCCL”) is a ATHA Group (the “Group”) Company engaged in the business of manufacturing and marketing of Calcined Petroleum Coke (“CPC”) in the carbon industry. Atha Group is a multi-product, multi-technology, multi-location business conglomerate. It is a 70 year old diversified Indian business house headquartered in Kolkata. The Company was founded by Mr. Kishor Kumar Atha in the year 1957 in Odisha as a Mining and Minerals company. Since the last decade, the group has been focusing towards its growth strategy of business diversification, forward and backward integrations and acquisition of projects, which has significantly helped the group maintain consistency in performance and growth.

PCCL’s business model is fundamentally a B2B model wherein we majorly supply our end product CPC, to the renowned, aluminum manufacturing government companies, graphite electrodes and titanium dioxide manufacturers as well as other users in the metallurgical, chemical industries and other steel manufacturing companies. In 2018, our company was honoured with the prestigious NALCO VIKRETA UTKARSH PURASKAR, recognizing us as the top supplier among all the suppliers of POL (Petroleum, Oil, and Lubricants) by the National Aluminium Company Limited.

PCCL’s plant was operational since the year 1975, wherein the detailed engineering and layout of the plant was done by Engineers India Limited. This plant was later acquired, revamped and upgraded by our group in the year of 2008. In the last five years, the group has strategically shifted its attention towards Vertical Integration, technological Innovation, Diversification, strategic partnerships which has resulted in Operational expansion, excellence, resulting in a substantial enhancement of its overall performance.

Calcined Petroleum Coke commonly known as CPC is produced from Raw Petroleum Coke (RPC) also called the Green Petroleum Coke. The result of the calcining process is converting green coke to hard, dense and almost pure carbon with low hydrogen content, good electrical conductivity and a defined structure. These properties alongwith low metals and ash contents make calcined petroleum coke the best material currently available for making carbon anodes for smelting of alumina to aluminium in the electrolytic smelting process.

Calcined Petroleum Coke (CPC) holds significant importance in the manufacturing of aluminium, and is also utilised in the production of steel and various other carbon-based products. It is widely used in *aluminium industry, titanium dioxide industry, electrode manufacturing industry, foundry industry, glass industry metallurgical and chemical industry, steel industry and Carbon Paste etc.* The process entails heating raw petroleum coke to eliminate volatile impurities, resulting in enhanced properties that make it highly suitable for various manufacturing processes.

Our Company was incorporated on November 05, 2007 as ‘*Petro Carbon and Chemicals Private Limited*’, a private limited company under the Companies Act, 1956, pursuant to a certificate of incorporation issued by the Deputy Registrar of Companies, West Bengal. Subsequently, our Company was converted into a public limited company pursuant to a resolution passed by our Shareholders at an extraordinary general meeting held on January 09, 2024 and consequently the name of our Company was changed to ‘*Petro Carbon and Chemicals Limited*’ and a fresh certificate of incorporation dated February 23, 2024 was issued by the Registrar of Companies, West Bengal.

Location of the Manufacturing Facility

We currently operate one (1) manufacturing plant located at Plot No. 780, 781, Ward No.13, Khatian No. 172, 173,174, Dag No. 780, 781, Mouza – Bardhanyaghata, PS: Bhabanipur, Tehsil: Sutahata-I, PO: Oil Refinery, Haldia, Dist. Purba Medinipur, West-Bengal 721 606 (Haldia Industrial Growth Centre of WBIIDC) which is presently involved in calcination of Petroleum Coke. The Plant has a capacity of approximately 93,744 tons per annum of CPC and the plant comprises an area of around 30 acres with good infrastructure facilities like own railway siding inside the plant premises itself facilitating unloading / loading of wagons, along with yard / shed to store both Raw Petroleum Coke (RPC) / Calcined Petroleum Coke (CPC).

PCCL is strategically located within the port perimeter and has access to all the strategic transportation means at its door step. The plant site area is well developed. All necessary infrastructure facilities such as motorable road, nearness to rail head with its own railway siding and having all the necessary utility facilities like continuous service water connection from Haldia Development Authority (HDA) , industrial electric-power connection from West Bengal State Electricity Distribution Company (WBSEDCL) with their 132/33 KV Sub-station at Chranjibpur which is around 2.5 KM away Both Goods and Passenger Railway Connectivity, Haldia Station is about 2.0 km from the Plant. National Highway-116 passing at a distance of about 3.5 km from the plant site and the plant is connected by PWD road under Haldia Municipality. The main Haldia Town is around 3.5 km from plant and Tamluk city with is the District HQ) of Purba Medinapore is about 33 km from plant.

Kolkata city is around 120 km from the plant. Distance from Howrah Railway station to the project site is about 108 km. The nearest airport, Netaji Subhash Chandra Bose International Airport, Kolkata is around 93 km from the project site. Kolkata Port is around 57 km away and Haldia Port is 3.5 km away from the Plant. River Hooghly passing at a distance of about 1.3 km from the plant in SE direction and River Haldi passing at a distance of 7.5 km from the plant site at SW direction.

Plant, machinery, Technology, Process

Our manufacturing unit is equipped with the following machineries:

- RPC unloading Conveyor belt equipment
- RPC storage yard with shed
- RPC storage walls with compound wall
- RPC silo filing belts & equipments
- Raw feed conveyor belts with equipment
- Rotary kiln and cooler process equipment
- CPC storage conveyor belt equipment
- Rotary kiln and cooler stack
- Plant automation PID controller, systems and panels
- Automation equipment like VFD, weightometers, Field instrument transmitters with panel
- Oil heating & Circulation system
- Oil storage tank
- Fork Lift and wheeler loader for material movement
- Process water storage tank and water recirculation tank
- Process auxillary like blowers, pumps
- Process bag filter blower and equipment
- Diesel Generator set
- Electrical main transformer, power control center panel
- The motor control center panel and lighting distribution equipment panel
- Computer service

- Sieving and crushing equipment
- CPC storage bunkers
- CPC loading conveyor belts with bucket elevator and storage bunker
- Electro mechanical weighbridge
- Consumables stores and stores block
- Administration block and engineering block

Our total income was ₹ 51,550.67 lakhs, ₹ 27,696.83 lakhs, ₹ 15,200.36 lakhs and ₹ 34,911.30 lakhs in Fiscal 2023, 2022 and 2021 and for the six months period ended September 30, 2023, respectively. Our profit after tax, as restated, was ₹ 672.65 lakhs, ₹ 570.99 lakhs, ₹ 11.64 lakhs and ₹ 5,028.58 lakhs in Fiscal 2023, 2022 and 2021 and for the six months period ended September 30, 2023, respectively, As of September 30, 2023, our cash and bank balances were ₹ 2278.27 lakhs.

OUR COMPETITIVE STRENGTHS

Well positioned to capture the growth potential of the Indian carbon industry

Calcined petroleum coke (CPC) is one of the major raw materials for the Aluminium Industry. Like any other raw material, it plays a significant role in the aluminium production process. CPC is used for fabrication of anodes used in the aluminum electrolysis process. Calcined Petroleum Coke (CPC) has been in use for more than 120 years to produce the carbon anodes used in the Hall-Heroult Aluminium electrolysis process. Performance of the anodes in the aluminium electrolysis process depends on many properties of CPC,

Track record of growth and efficient operations

We have been efficient in maintaining a substantial and remarkable track record since the years of incorporation. Our promoter Mr. Kishor Kumar Atha with a vast experience of around seven decades, have been able to consistently maintain the growth projections over the years. Despite the challenges faced during the past years, our company has able to maintain its performance.

Given below is the production details for the past three Fiscals ending 2023, 2022, 2021 and for the six months period ended September 30, 2023:

Sr. no.	Particulars	For the period ended September 30, 2023	Fiscal 2023	Fiscal 2022	Fiscal 2021
1.	Total Production	52913.90	88322.160	65583.017**	79315.663*
2.	% of increase	-	34.60%	-17.30%	8.60%

*During the Fiscal 2020-21, there were 37 days of complete shutdown due to Covid -19 pandemic and amphan cyclone.

** During the Fiscal 2021-22, there were 83 days of complete shutdown due Kiln development.

Strategic location of our Plant provides us with competitive advantages

The PCCL manufacturing plant is strategically situated within the port perimeter, providing unparalleled access to vital transportation networks. Its prime location ensures seamless movement of raw materials and finished products, thanks to its proximity to major highways, railways, and ports. This strategic advantage facilitates efficient logistics and distribution channels, enabling PCCL to effectively meet customer demands while minimizing transportation costs and lead times. The plant site area is well developed. All necessary infrastructure facilities such as motorable road, with its own railway siding inside the plant premises and having all the necessary utility facilities like continuous service water connection from Haldia Development Authority (HDA), industrial

electric-power connection from West Bengal State Electricity Distribution Company (WBSEDCL) with their 132/33 KV Sub-station at Chranjibpur which is around 2.5 KM away. The Passenger Railway Connectivity, Haldia Station is about 2.0 km from the Plant.

Strong track record of financial performance

We believe that our strong track record of financial performance and cash flows from our existing operations provide us with sufficient resources to fund our projects, support our working capital requirements and maintain a healthy level of cash on our balance sheet. Supported by high revenues generated primarily by sales to Aluminium industry participants under quarterly / regular tenders we have been able to establish our current financial position. Our total income was ₹ 51,550.67 lakhs, ₹ 27,696.83 lakhs, ₹ 15,200.36 lakhs and ₹ 34,911.30 lakhs in Fiscal 2023, 2022 and 2021 and for the six months period ended September 30, 2023, respectively. Our profit after tax, as restated, was ₹ 672.65 lakhs, ₹ 570.99 lakhs, ₹ 11.64 lakhs and ₹ 5,028.58 lakhs in Fiscal 2023, 2022 and 2021 and for the six months period ended September 30, 2023, respectively, As of September 30, 2023, our cash and bank balances were ₹ 2278.27 lakhs. respectively, we benefit from a liquidity position that we believe will provide us with significant flexibility going forward.

Experienced senior management and large pools of skilled manpower

We benefit from our experienced management team. Our key management personnel have an average of over 15 years of experience in the Industrial Minerals industry, bringing to our Company extensive knowledge of exploration and production, cost and operational efficiencies and financial management. We also have loyal and skilled employees who also possess significant industry experience. We believe we maintain good relations with our employees and unions and have not lost any significant employee time due to strikes or labor unrest. We believe that our personnel policies, as well as modern mechanization efforts leading to better safety standards at our plant operations, have enabled us to attract and retain well qualified and technically skilled personnel. As on September 30, 2023, we had 74 employees.

OUR BUSINESS STRATEGIES

PCCL's business strategy is to be a dominant calciner in India with capacities located at strategic location that allows it to source raw materials at cheaper rates and to maintain the standards of the CPC produced. This along with a distributed geographical presence shall contribute to PCCL being in a position to supply per requirements of the customers at competitive rates. Also, the focus of PCCL is in the large tender based orders. In order to accomplish this, the Company has been on an aggressive lookout for capacities because economies of scale and strategic geographical presence alone can lead to a long term survival and growth in the CPC industry. The Company intends to improve its market position in Calcined Pet Coke sector in which it operates, by pursuing the following business strategies:

Adopt Environment friendly technologies: Our Company is committed to provide a safe, clean and healthy environment. The Company continuously strives to minimize the generation of waste water, air emissions & solid waste, thereby preventing pollution at source and that can be achieved by adopting cleaner technologies, reducing the use of natural resources and reusing & recycling wastes. The Company will continue to comply with all environmental laws and regulations which are in force, at all the times.

More focus on Research & Development: The Company intends to continue its focus on R & D, which it believes to be the threshold of discovery of processes & efficient control of Pollution. This will help the company in the development of more efficient production processes etc.

PICTORAL REPRESENTATION OF OUR MANUFACTURING PROCESS

PROCESS OF MAKING OF CPC: -

The manufacturing process of Calcined Petroleum Coke “CPC” involves several steps: -

Procurement of Raw Petroleum “Green” Coke (“RPC”):

Raw “Green” petroleum coke is a solid carbonaceous material produced through the distillation of crude oil in a refinery. This manufacturing process require the elimination of volatile compounds and other impurities, resulting in the creation of this raw material. The company primarily sources around 95% of its raw material through imports from various foreign countries, including Brazil, China, Malaysia, Indonesia, and USA. Our company procures the remaining material domestically from Indian Oil Corporation (IOC) facilities in Bongaigaon and Barauni.

RPC Storage Yard:

Our company possesses on-site storage facilities within its manufacturing plant to store all of its raw materials. Additionally, our company has established an arrangement with the customs department, allowing for the storage of its imported raw materials in on-site lockers at the company's plant. This arrangement is designed to help the company avoid incurring warehouse fees, thus optimizing its operational cost efficiency.

Crushing and Sizing:

The raw "Green" petroleum coke undergoes a crushing and grinding process to achieve various particle sizes, which are determined by the specific intended application. Crushers are utilized during this stage to attain the desired particle size, facilitating subsequent processing steps.

Sampling of Raw Material Feed (Silo Structure): -

After the process of crushing the RPC, a silo typically refers to a storage structure or container used to store the freshly produced or unprocessed green coke before further processing or distribution. These silos are designed to protect the raw green coke from environmental elements and to provide a buffer for manufacturing processes,

ensuring a steady supply of the material. Silos for raw green coke storage can be constructed from various materials like concrete or steel and are available in different sizes and configurations based on the specific requirements of the facility. They are an essential part of supply chain in our company for use of green coke as a feedstock for production of Calcined Petroleum Coke (CPC).

Calcination at KILN:

The calcination process is the key step in producing CPC. RPC is calcined at very high temperatures from 1,200 degree Celsius to 1,350-degree Celsius (2192 to 2460 °F) in a gas/ self-fired rotary kiln or rotary hearth. The purpose of calcination is to to remove moisture, drive off volatile matter, increase the density of the coke structure, increase physical strength, increase the electrical conductivity of the material.

During the calcination process, the following changes occur:

The material flows in a counter direction to the temperature controlled hot gases fired from the kiln burner. During the radiation heat transfer process, the material comes across various reactive zones where it de-moisturises, devolatilises and stabilizes with improved crystalline structures.

Cooler:

Before taking the calcined coke into the godown, it is cooled by water quenching on red-hot material (from 1350 °C to less than 200 °C in the cooler) and is further cooled by natural draft air while it tumbles through length of the cooler.

Blending (Optional):

In some cases, calcined petroleum coke from different batches or sources may be blended to meet specific quality requirements. This can help maintain consistent product quality.

Quality Control:

Quality control measures are implemented to ensure that the final product meets the required specifications. This includes monitoring factors such as the carbon content, sulfur content, and particle size distribution.

Packaging and Distribution:

After successfully passing through our quality control measures, the calcined petroleum coke is carefully packaged into bags or appropriate containers, ready for distribution to our valued customers. It's worth noting that our company is equipped with an in-house railway track system, enabling efficient transportation of the final products directly to our end customers. This integrated approach ensures a seamless and convenient supply chain to meet the needs of our clients.

Effluent Treatment

There are no process effluent treatments as water used for quenching hot calcined petroleum coke turns into flash steam, which is flared through cooler stack. Effluent treatment is not required as there is no discharging of any effluent outside the factory premises. Water is used for domestic purpose and discharged through settling tank and soak pits. As there are no industrial effluents no effluents treatments plant is required. The process is dry process and as such there is no requirement of Effluent Treatment plant.

The Flue gas which comes out during the process is let out through the 40 feet Stack Chimney. The company is in the process of setting up a Waste Heat Recovery Boiler to utilise the heat of the Flue Gas to generate Power. Further, Company is also planning to up a Flue gas Desulphurisation Plant to reduce the SOX levels and particulate matter levels in the Flue Gas as per the MOEF Circular.

PRODUCTS/SERVICES OF THE COMPANY

Nature of Products and end users

Calcined Petroleum coke is one of the purest form of carbon, which is used in the manufacture of electro, metallurgical metals and graphite electrodes, midget electrodes for dry cell batteries. CPC is used for making anodes for production of basic aluminium metal as a recarburizer for steel mills and foundries, for production of titanium oxide and in various chemical industries for miscellaneous uses.

Competition

The Calcined Petroleum Coke (CPC) manufactured from Raw Petroleum Coke which is non-hazardous in nature. The main use of CPC is into the Aluminium Industry, steel Industry, Tio₂ and in small amounts in foundry market.

There are Indian companies producing similar products. The Company's core strength is in Environment friendly, cost effective CPC manufacturing at various which gives it an edge over other competitors. We have one of the best managerial competency in the industry compared to our competitors. Our plant is running with almost 80% to 90% of its capacity since last three years with order already in place. Some of our domestic competitors are Rain Commodities Limited, Goa Carbon Limited and other players operating in the same line of business.

Existing Installed Capacity

PCCPL operates in a specified domain with a reputation for maintaining quality standards based on the requirement of customers and the end use requirement specified, so the data is strictly not comparable because of the unique nature of the product, permissible ash/impurities contents counts and the process used.

Utilities

- Water:** The manufacturing unit utilizes approximate 7000 KL litres of water per month for its manufacturing process and other purposes. The Company meets the water requirement through bore-well.
- Electricity:** The total connected power load of the unit is 300 KVA and average power withdrawal is about 280 KVA. The manufacturing unit is enjoying an equivalent connection load from West Bengal State Electricity Distribution Co. Ltd. (WBSEDCL) at 11 KV Voltage.
- Human Resource:** The Company employs about 74 persons at different levels in production, maintenance, marketing, sales, administration and corporate services. Apart from the above the company employs around 290 contract laborers at its present manufacturing unit. Given below is the department wise employee spread in our organization:

Our Company has not entered into any collaboration or joint venture agreement with any party.

MARKETING AND SELLING ARRANGEMENTS

About 70 percent of the CPC is used by aluminium smelters for anode making for production of basic aluminium metal. The remaining 30 percent is used for other applications. Therefore the fortune of CPC industry is closely linked with the fortune of aluminium industry.

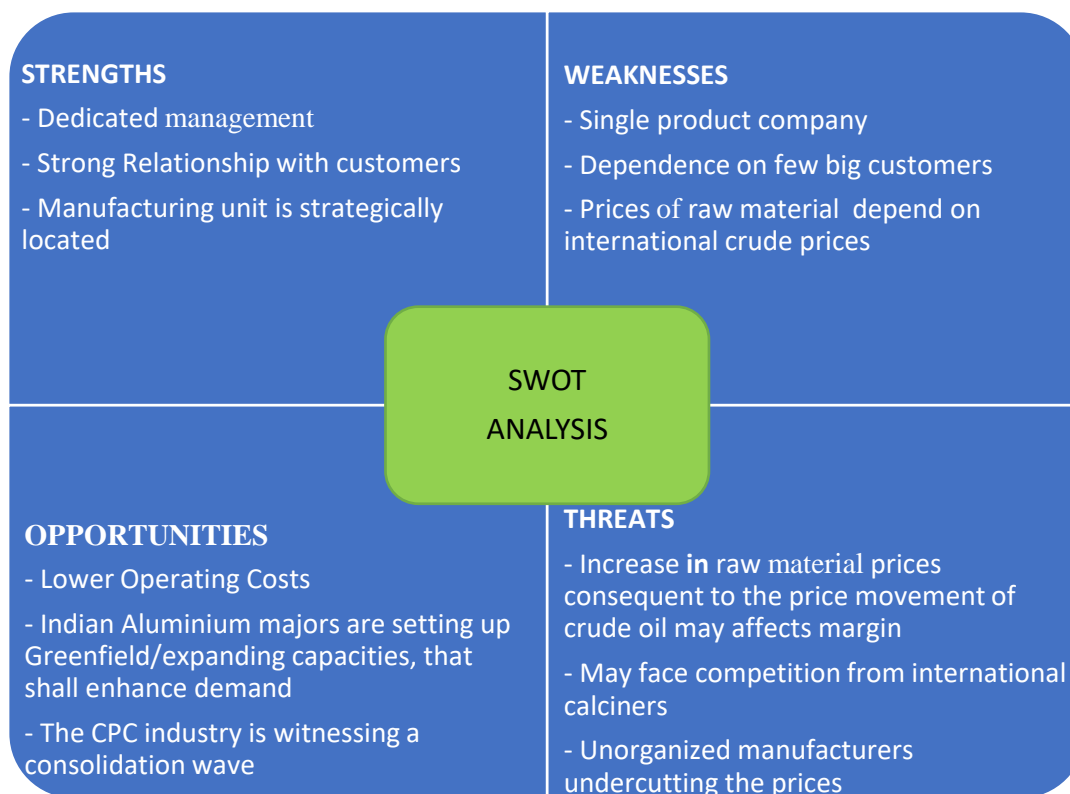

CPC is globally marketed at most competitive delivered long term firm price contract basis. Aluminium smelters have different quality requirements, however all the CPC produced worldwide is not interchangeable. Therefore marketing of CPC is generally focused on the markets on regional basis with geographical proximity- that is to minimize freights for delivery to the consuming industry. Similarly the raw materials – Raw Petroleum Coke (RPC) is also traded on most competitive delivered long term firm price contract basis to the calciners. Since about 1.36 tonnes of RPC is required to produce 1 tonne of CPC, an optimization is necessary to reduce freights to the extent possible for delivering the RPC to the calciners and CPC to the consuming industry. These two factors mainly decide the operational viability of the calciners. Being a commodity, CPC is a business of volumes and not of margins. Therefore capacity utilization of the plant plays a very important role for the successful operation of the calciners.

The aluminium smelters generally prefer to buy Calcined Petroleum Coke directly from the calciners. Prior to finalizing a long term contract for purchase of CPC, aluminium smelters inspect the manufacturing, laboratory, harbour and other infrastructure facilities of the calciners and once they are satisfied with these facilities a trial cargo of about 5,000 tonnes sometimes 15,000 tonnes is purchased followed by finalization of long term contract subject to competitive pricing of CPC if trial cargo has been found successful.

Therefore marketing of CPC to aluminium smelters requires direct contact and centralized marketing set up and not through agents. In order to facilitate dialogues between calciner and aluminium smelters, TMS (The Minerals, Metals & Materials Society) organizes Petcoke Conference where representatives of calciners and aluminium smelters meet and discuss long term requirements of CPG on yearly basis.

Marketing / sale of CPC in the domestic are based on regular / quarterly tenders released by the buyers / aluminium smelters. In response to the annual tenders, PCCPL and the other calciners submit their bid for supply for CPC as per tender conditions. Submission of bid in response to tenders are formulated and attended by PCCPL marketing and sales staff consisting of Marketing and Export Manager, Manager Raw Material procurement and Quality Control Staff, and if required the Managing Director. Marketing and sale of CPC is centralized at Head Office. Pricing of CPC is decided in joint consultation with the concerned Executives of Sales/Marketing/Fai materials, Quality Control and Finance at the Head Office. Frequent reviews are carried out at Head Office on sales and marketing targets achieved, and remedial measures are taken, if required.

QUALITY ASSURANCE:

PCCPL’s prime objective is to ensure that the customer gets the quality products and services specified. The management objective is to progressively adopt scientific management techniques in quality control, productivity and cost optimisation and in planning of raw material procurement, production, storage and dispatches/shipment. PCCPL has ISO 9001:2015 certified Quality standards by DBS. The commitment of the company towards quality consciousness is total and without any reservation.

KEY INDUSTRIAL REGULATIONS AND POLICIES

The following is a brief overview of certain key sector specific relevant laws and regulations in India which are applicable to the business and operations of our Company and its Subsidiaries. The information detailed below has been obtained from various legislations, including rules and regulations promulgated by regulatory bodies, that are available in public domain. The description of laws and regulations set out below may not be exhaustive and is only intended to provide general information to the investors and is neither designed nor intended to substitute for professional legal advice. The statements below are based on the current provisions of Indian law and the judicial, regulatory and administrative interpretations thereof, which are subject to change of modification by subsequent legislative actions, regulatory, administrative, quasi-judicial, or judicial decisions.

A. Industry Related Laws

Petroleum Act, 1934 ("Petroleum Act") and Petroleum Rules, 2002 ("Petroleum Rules")

The Petroleum Act was passed to consolidate and amend the laws relating to the import, transport, storage, production, refining and blending of petroleum. The Petroleum Act provides that the government may authorise any officer to enter any premises where petroleum is being imported, transported, stored, produced, refined, or blended and to inspect and take samples for testing. Under the Petroleum Rules, any person intending to store furnace oil/petroleum, of such class and in such quantities, otherwise than under a licence shall take the approval of the Chief Controller before commencing storage.

The Explosives Act, 1884 ("Explosives Act")

The Explosives Act is a comprehensive law which regulates the licensing of manufacturing, possession, sale, transportation, export and import of explosives. According to the definition of 'explosives' under the Explosives Act, any substance, whether a single chemical compound or a mixture of substances, whether solid or liquid or gaseous, used or manufactured with a view to produce a practical effect by explosion or pyrotechnic effect shall fall under the Explosives Act. The Central Government may, for any part of India, make rules consistent with this act to regulate or prohibit, except under and in accordance with the conditions of a licence granted as provided by those rules, the manufacture, possession, use sale, transport, import and export of explosives, or any specified class of explosives. Extensive penalty provisions have been provided for manufacture, import or export, possession, usage, selling or transportation of explosives in contravention of the Explosives Act

The Factories Act of 1948 ("Factories Act")

The Factories Act was enacted to protect the welfare of workers in a factory by regulating employment conditions, working conditions, the working environment, and other welfare requirements of specific industries. The Factories Act lays out guidelines and safety measures for using machinery, and with its strict compliance, it also provides owners with instructions. When factory workers were taken advantage of and exploited by paying them low wages, the Factories Act was passed.

The Customs Act, 1962 ("Customs Act")

The provisions of the Customs Act apply at the time of import or export of goods. Under the Customs Act, the Central Board of Excise and Customs ("CBEC") is empowered to appoint, by notification, inter alia, ports or airports as customs ports or customs airports and places as the Inland Container Depot. Any person requiring to import or export any goods is required to get itself registered under the Customs Act and obtain an Importer Exporter Code number. The Customs Act among others, also permits the exporter to self-seal the export goods and export them from all custom stations /ports across the country

Consumer Protection Act, 2019 (the "Consumer Protection Act") and rules made thereunder

The Consumer Protection Act was designed and enacted to provide simpler and quicker access to redress consumer grievances. It seeks, amongst other things, to promote and protects the interests of consumers against deficiencies and defects in goods or services and secure the rights of a consumer against unfair trade practices, which may be practiced by manufacturers, service providers and traders. The definition of "consumer" under the Consumer Protection Act includes persons engaged in offline or online transactions through electronic means or by tele-shopping or direct-selling or multi-level marketing. It provides for the establishment of consumer disputes redressal forums and commissions for the purposes of redressal of consumer grievances. In addition to awarding compensation and/or passing corrective orders, the forums and

commissions under the Consumer Protection Act, in cases of misleading and false advertisements, are empowered to impose imprisonment for a term which may extend to two years and fine which may extend to ten lakhs.

B. Laws Relating to Employment

The various labour and employment related legislation that may apply to our operations, from the perspective of protecting the workers' rights and specifying registration, reporting and other compliances, and the requirements that may apply to us as an employer, would include, among others, the following: (i) Contract Labour (Regulation and Abolition) Act, 1970; (ii) Relevant state specific shops and commercial establishment legislations; (iii) Employees' Provident Funds and Miscellaneous Provisions Act, 1952; (iv) Employees' State Insurance Act, 1948; (v) Minimum Wages Act, 1948; (vi) Payment of Bonus Act, 1965; (vii) Payment of Gratuity Act, 1972; (viii) Payment of Wages Act, 1936; (ix) Maternity Benefit Act, 1961; (x) Apprenticeship Act, 1961; (xi) Equal Remuneration Act, 1976; (xii) Employees' Compensation Act, 1923; and (xiii) Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 In order to rationalize and reform labour laws in India, the Government has enacted the following codes, which will be brought into force on a date to be notified by the Central Government:

Code on Wages, 2019

The Code on Wages regulates and amalgamates wage and bonus payments and subsumes four existing laws namely –the Payment of Wages Act, 1936, the Minimum Wages Act, 1948, the Payment of Bonus Act, 1965 and the Equal Remuneration Act, 1976. It regulates, inter alia, the minimum wages payable to employees, the manner of payment and calculation of wages and the payment of bonus to employee. The Central Government has notified certain provisions of the Code on Wages, mainly in relation to the constitution of the central advisory board.

Code on Social Security, 2020

The Code on Social Security amends and consolidates laws relating to social security, and subsumes various social security related legislations, *inter alia* including the Employee's State Insurance Act, 1948, the Employees' Provident Funds and Miscellaneous Provisions Act, 1952, the Maternity Benefit Act, 1961, Building and Other Construction Worker' Welfare Cess Act, 1996 and the Payment of Gratuity Act, 1972. It governs the constitution and functioning of social security organisations such as the Employee's Provident Fund Organisation and the Employee's State Insurance Corporation, regulates the payment of gratuity, the provision of maternity benefits and compensation in the event of accidents that employees may suffer, among others.

The Occupational Safety, Health and Working Conditions Code, 2020

The Occupational Safety, Health and Working Conditions Code consolidates and amends the laws regulating the occupational safety and health and working conditions of the persons employed in an establishment. It replaces 13 old central labour laws including the Factories Act, 1948, Contract Labour (Regulation and Abolition) Act, 1970, the Building and Other Construction Workers (Regulation of Employment and Conditions of Service) Act, 1996 and the Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979.

C. Environmental Laws

The Environment (Protection) Act, 1986 (the "EPA")

The EPA has been enacted with the objective of protecting and improving the environment and for matters connected therewith. As per the EPA, the Central Government has been given the power to take all such measures for the purpose of protecting and improving the quality of the environment and to prevent environmental pollution. Further, the Central Government has been given the power to give directions in writing to any person or officer or any authority for any of the purposes of the EPA, including the power to direct the closure, prohibition or regulation of any industry, operation or process.

The Environmental Impact Assessment Notification, 2006 (the “Notification”)

As per the Notification, any construction of new projects or activities or the expansion or modernisation of existing projects or activities as listed in the Schedule attached to the notification entailing capacity addition with change in process and or technology can be undertaken only after the prior environmental clearance from the Central government or as the case may be, by the State Level Environment Impact Assessment Authority, duly constituted by the Central government under the provisions of the Environment (Protection) Act, 1986, in accordance with the procedure specified in the notification. The environmental clearance process for new projects comprises of four stages viz. screening, scoping, public consultation and appraisal. However, in 2016, MoEF issued a notification for integrating standard and objectively monitorable environmental conditions with building permissions for buildings of different sizes with rigorous monitoring mechanism for implementation of environmental concerns and obligations in building projects. This is in line with the objective of the Central government to streamline the permissions for buildings and construction sector so that affordable housing can be provided to weaker sections in urban area under the scheme ‘Housing for All by 2022’ and is proposing to remove the requirement of seeking a separate environment clearance from the MoEF for individual buildings having a total build up area between 5,000 square metre and 150,000 square metre, apart from adhering to the relevant bye-laws of the concerned State authorities.

The Water (Prevention and Control of Pollution) Act, 1974 (the “Water Act”)

The Water Act prohibits the use of any stream or well for the disposal of polluting matter, in violation of the standards set out by the concerned PCB. The Water Act also provides that the consent of the concerned PCB must be obtained prior to opening of any new outlets or discharges, which are likely to discharge sewage or effluent. Air (Prevention and Control of Pollution) Act, 1981 (the “Air Act”) The Air Act requires that any industry or institution emitting smoke or gases must apply in a prescribed form and obtain consent from the state PCB prior to commencing any activity. The state PCB is required to grant, or refuse, consent within four months of receipt of the application. The consent may contain conditions relating to specifications of pollution control equipment to be installed.

D. Intellectual Property Laws

The Trademarks Act, 1999 (“Trademarks Act”)

Under the Trademarks Act, a trademark is a mark capable of being represented graphically and which is capable of distinguishing the goods or services of one person from those of others used in relation to goods and services to indicate a connection in the course of trade between the goods and some person having the right as proprietor to use the mark. Section 18 of the Trademarks Act requires that any person claiming to be the proprietor of a trademark used or proposed to be used by him, must apply for registration in writing to the registrar of trademarks. The right to use the mark can be exercised either by the registered proprietor or a registered user. The present term of registration of a trademark is 10 (ten) years, which may be renewed for similar periods on payment of a prescribed renewals.

E. Foreign Investment Regulations

The foreign investment in India is governed, among others, by the Foreign Exchange Management Act, 1999, the Foreign Exchange Management (Non-debt Instruments) Rules, 2019 ("FEMA Rules") and the consolidated FDI policy (effective from October 15, 2020) issued by the Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (earlier known as the Department of Industrial Policy and Promotion ("FDI Policy")), each as amended. Further, the Reserve Bank of India has enacted the Foreign Exchange Management (Mode of Payment and Reporting of Non-Debt Instruments) Regulations, 2019 on October 17, 2019 which regulates mode of payment and remittance of sale proceeds, among others. The FDI Policy and the FEMA Rules prescribe inter alia the method of calculation of total foreign investment (i.e. direct foreign investment and indirect foreign investment) in an Indian company.

Foreign Trade (Development and Regulation) Act, 1992 ("FTDRA"), the Foreign Trade (Regulation) Rules, 1993 ("FTRR") and the Foreign Trade Policy 2015-2020 ("Foreign Trade Policy")

The FTDRA provides for the development and regulation of foreign trade by facilitating imports into, and augmenting exports from, India. The FTDRA empowers the Central Government to formulate and amend the foreign trade policy. The FTDRA prohibits any person from making an import or export except under an Importer-exporter Code Number ("IEC") granted by the director general or any other authorised person in accordance with the specified procedure. The IEC may be suspended or cancelled if the person who has been granted such IEC contravenes, amongst others, any of the provisions of the FTDRA, or any rules or orders made thereunder, or the foreign policy or any other law pertaining to central excise or customs or foreign exchange. The FTDRA also prescribes the imposition of penalties on any person violating its provisions. The FTRR prescribes the procedure to make an application for grant of a license to import or export goods in accordance with the foreign trade policy, the conditions of such license, and the grounds for refusal of a license. The FTDRA empowers the Central Government to, from time to time, formulate and announce the foreign trade policy. The Foreign Trade Policy came into effect in 2017 and requires all importers and exporters to obtain an IEC. Further, pursuant to the policy, the Director General of Foreign Trade may impose prohibitions or restrictions on the import or export of certain goods, for reasons including the protection of public morals, protection of human, animal or plant life or health, and the conservation of national resources. The Foreign Trade Policy also prescribes restrictions on imports or exports in relation to specific countries, organisations, groups, individuals or products. The Foreign Trade Policy also provides for various schemes, including the export promotions capital goods scheme and duty exemption/remission schemes. India's current Foreign Trade Policy (2015-20) (as extended until September 30, 2022 and thereafter, extended till March 31, 2023) envisages helping exporters leverage benefits of GST, closely monitoring export performances, increasing ease of trading across borders, increasing realization from India's agriculture-based exports and promoting exports from MSMEs and labour-intensive sectors.

Foreign Exchange Management Act, 1999 ("the FEMA") and Rules and Regulations thereunder

Export of goods and services outside India is governed by the provisions of the Foreign Exchange Management Act, 1999, read with the applicable regulations. The Foreign Exchange Management (Export of goods and services) Regulations, 2000 have been superseded by the Foreign Exchange Management (Export of Goods and Services) Regulations, 2015 ("Export of Goods and Services Regulations 2015") issued by the RBI on January 12, 2016 (last amended on June 23, 2017). The RBI has also issued a Master Circular on Export of Goods and Services. The export is governed by these Regulations which make various provisions such as declaration of exports, procedure of exports as well as exemptions.

F. Other Applicable Laws

The Micro, Small and Medium Enterprises Development Act, 2006 ("MSMED Act")

The MSMED Act, was enacted to promote and enhance the competitiveness of Micro, Small and Medium Enterprise ("MSME"). A National Board shall be appointed and established by the Central Government for MSME enterprise with its head office at Delhi in the case of the enterprises engaged in the manufacture or production of goods pertaining to any industry mentioned in first schedule to Industries (Development and Regulation) Act, 1951. The Government, in the Ministry of Micro, Small and Medium Enterprises has issued a notification dated June 1, 2020 revising definition and criterion and the same came into effect from July 1, 2020. The notification revised the definitions as "Micro enterprise", where the investment in plant and machinery or equipment does not exceed one crore rupees and turnover does not exceed five crore rupees; "Small enterprise", where the investment in plant and machinery or equipment does not exceed ten crore rupees and turnover does not exceed fifty crore rupees; "Medium enterprise", where the investment in plant and machinery or equipment does not exceed five crore and turnover does not exceed two hundred and fifty crore rupees.

Municipality Laws

State governments are empowered to endow municipalities with such powers and authority as may be necessary to enable them to perform functions in relation to permitting the carrying on of trade and operations. Accordingly, State governments have enacted laws authorizing municipalities to regulate use of premises,

including regulations for issuance of a trade license to operate, along with prescribing penalties for non-compliance.

Shops and Establishments Legislations

Under the provisions of local shops and establishments legislations applicable in different states, commercial establishments are required to be registered. Such legislations regulate the working and employment conditions of workers employed in shops and commercial establishments and provide for fixation of working hours, rest intervals, overtime, holidays, leave, termination of service, maintenance of shops and establishments and other rights and obligations of the employers and employees.

Fire Prevention Laws

State governments have enacted laws that provide for fire prevention and life safety. Such laws may be applicable to our offices and Training Centres and include provisions in relation to providing fire safety and life saving measures by occupiers of buildings, obtaining certification in relation to compliance with fire prevention and life safety measures and impose penalties for non-compliance.

Competition Act, 2002

The Competition Act, 2002 came into effect on June 1, 2011, and has been enacted to “prohibit anti-competitive agreements, abuse of dominant positions by enterprises” and regulates “combinations” in India. The Competition Act also established the Competition Commission of India (the “CCI”) as the authority mandated to implement the Competition Act. The Act prohibits Combinations which are likely to cause an appreciable adverse effect on competition in a relevant market in India. The CCI may enquire into all combinations, even if taking place outside India, or between parties outside India, if such combination is likely to have an appreciable adverse effect on competition in India.

The Insolvency and Bankruptcy Code, 2016 (the “Code”)

The Insolvency and Bankruptcy Code, 2016 cover Insolvency of companies, Limited Liability partnerships (LLPs), unlimited liability partnerships, and individuals. The IBC 2016 has laid down a collective mechanism for resolution of insolvencies in the country by maintaining a delicate balance for all stakeholders to preserve the economic value of the process in a time bound manner. The code empowers any creditor of a Corporate Debtor (CD), irrespective of it being a Financial Creditor (FC) or Operational Creditor (OC) or secured or unsecured creditor, or the Corporate Debtor itself, to make an application before the Adjudicating Authority (AA) to initiate Corporate Insolvency Resolution Process (CIRP) against a Corporate Debtor, at their discretion, in the event of there being a default by the Corporate Debtor in payment of their dues for an amount as specified from time to time. On initiation of the Said CIRP, a resolution to be sought for the company within a time bound time period of 180 days

G. Taxation Laws

Goods and Services Tax

The Goods and Services Tax (“GST”) is levied on supply of goods or services or both jointly by the Central Government and State Governments. GST provides for imposition of tax on the supply of goods or services and will be levied by the Central Government and by the state government including union territories on intra-state supply of goods or services. Further, Central Government levies GST on the inter-state supply of goods or services. The GST is enforced through various acts viz. Central Goods and Services Act, 2017 (“CGST”), relevant state’s Goods and Services Act, 2017 (“SGST”), Union Territory Goods and Services Act, 2017 (“UTGST”), Integrated Goods and Services Act, 2017 (“IGST”), Goods and Services (Compensation to States) Act, 2017 and various rules made thereunder.

Income Tax Act, 1961

Further, the Income Tax Act, 1961 (the “Income Tax Act”) is applicable to every company, whether domestic or foreign whose income is taxable under the provisions of the Income Tax Act or rules made there under depending upon its “Residential Status” and “Type of Income” involved. The Income Tax Act provides for the taxation of persons resident in India on global income and persons not resident in India on income received, accruing or arising in India or deemed to have been received, accrued, or arising in India. Every company

assessable to income tax under the Income Tax Act is required to comply with the provisions thereof, including those relating to tax deduction at source, advance tax, minimum alternative tax, etc. In 2019, the Government has also passed an amendment act pursuant to which concessional rates of tax are offered to a few domestic companies and new manufacturing companies.

Professional Tax

Professional tax is a state level tax which is imposed on income earned by way of profession, trade, calling or employment. At present, professional tax is imposed only in Karnataka, Bihar, West Bengal, Andhra Pradesh, Telangana, Maharashtra, Tamil Nadu, Gujarat, Assam, Kerala, Meghalaya, Odisha, Tripura, Madhya Pradesh, and Sikkim.

(Formerly known as "Petro Carbon and Chemicals Private Limited")
CIN: U24110WB2007PLC120212

ANNEXURE IV: CORPORATE INFORMATION, SIGNIFICANT ACCOUNTING POLICIES, RECONCILIATION OF NET PROFIT/(LOSS) AND RECONCILIATION OF NETWORTH

I. CORPORATE INFORMATION

Petro Carbon and Chemicals Limited is a company Incorporated on November 05, 2007, as formerly "Petro Carbon and Chemicals Private Limited".

The corporate identification number of the company is U24110WB2007PLC120212.

The company has been converted from Private Company to Public Company on February 23, 2024.

The company is engaged in the business of manufacturing of Calcined Petroleum Coke.

2. SIGNIFICANT ACCOUNTING POLICIES

2.01 BASIS OF ACCOUNTING AND PREPARATION OF STANDALONE FINANCIAL STATEMENTS

The restated summary statement of standalone assets and liabilities of the Company as at September 30, 2023, March 31, 2023, March 31, 2022 and 2021 and the related restated summary statement of standalone profits and loss and cash flows for the year/period ended September 30, 2023, March 31, 2023, March 31, 2022 and 2021 (herein collectively referred to as ("Restated Summary Statements")) have been compiled by the management from the audited standalone Financial Statements of the Company for the year/period ended on September 30, 2023, March 31, 2022 and 2021 approved by the Board of Directors of the Company. Restated Summary Statements have been prepared to comply in all material respects with the provisions of Part I of Chapter III of the Companies Act, 2013 (the "Act") read with Companies (Prospectus and Allotment of Securities) Rules, 2014, Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 ("ICDR Regulations") issued by SEBI and Guidance note on Reports in Companies Prospectuses (Revised 2019) ("Guidance Note"). Restated Summary Statements have been prepared specifically for inclusion in the offer document to be filed by the Company with the NSE in connection with its proposed NSE Emerged IPO. The Company's management has recast the Financial Statements in the form required by Schedule III of the Companies Act, 2013 for the purpose of restated Summary Statements.

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013 and the relevant provisions of the Companies Act, 2013 ("the 2013 Act"), as applicable. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

Accounting policies not specifically referred to otherwise are consistent and in consonance with generally accepted accounting principles in India.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has determined its operating cycle as twelve months for the purpose of current – non-current classification of assets and liabilities.

2.02 USE OF ESTIMATES

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

2.03 PROPERTY, PLANT & EQUIPMENT AND INTANGIBLE ASSETS

(i) Property, Plant & Equipment

All Property, Plant & Equipment are stated at cost less accumulated depreciation and impairment losses, if any. Cost for this purpose comprises its purchase price and any attributable cost bringing the asset to its working contribution for its intended use. Property, Plant & Equipment taken on finance lease are capitalized.

Capital work-in-progress is stated at the amount expended up to the date of Balance Sheet. On commencement of commercial production, capital work-in-progress related to project is being allocated to the respective Property, Plant & Equipment.

(ii) Intangible Assets

Intangible Assets if any are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any.

2.04 DEPRECIATION / AMORTISATION

Depreciation on Property, Plant & Equipment is provided to the extent of depreciable amount on the Straight Line method. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013. Depreciation on addition to the Property, Plant & Equipment is provided on a pro-rata basis from the date of put to use. Leasehold land is amortized over the period of lease.

2.05 INVENTORIES

Inventories are valued at lower of cost and net realisable value. In case of Finished goods, costs are calculated at direct material cost, conversion and other cost incurred to bring the goods to their present location and condition and also include excise duty on finished goods.

The basis of determining cost for various categories of inventories are as follows :

- i) Raw Materials : Weighted Average Cost Method
- ii) Packing Bags : Weighted Average Cost Method
- iii) Stores & Spares : FIFO Method
- iv) Finished Goods : Weighted Average Cost Method

Weighted Average Cost Method: The Company has followed Periodic Inventory Method wherein Period of 12 month has been considered for calculating the average cost, the method of calculation is as under:

$$\text{Weighted Average Rate} = \frac{\text{Opening Value of Inventory} + \text{Total Value of Purchase during the year}}{\text{Total of Opening Qty + Qty purchased / manufactured during the year}}$$

2.06 IMPAIRMENT OF ASSETS

An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. Recoverable amount is the higher of an asset's net selling price and its value in use. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognised in prior accounting periods is reversed if there has been a change in the estimate of the recoverable value.

2.07 INVESTMENTS:

Investments that are intended to be held for more than a year, from the date of acquisition are classified as non-current investments and are carried at cost. However, provision for diminution in value of investments is made to recognize a decline, other than temporary, in the value of the investment. The carrying amount for current investments is the lower of cost and fair value.

2.08 FOREIGN CURRENCY TRANSLATIONS

i) Foreign Currency Transactions are recorded at exchange rates prevailing on the date of such transactions.

ii) Monetary items denominated in foreign currencies at year end are restated at year end rates. In case of items which are covered by forward exchange contracts, the difference between the year end rate and rate on the date of the contract is recognized as exchange difference and the premium paid on forward contracts is recognized over the life of the contract

iii) Foreign Currency assets and liabilities at the year end are realigned at the exchange rates prevailing at the year end and the difference on realignment is recognized in the statement of profit and loss/ fixed assets as the case may be.

iv) Any income or expense on account of exchange difference either on settlement or on translation is recognized in the Statement of Profit and Loss.

2.09 BORROWING COSTS

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are recognised in Statement of Profit and Loss in the period in which they are incurred.

2.10 PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provision involving substantial degree of estimation in measurement is recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities which are material and whose future outcome cannot be ascertained with reasonable certainty are treated as contingent and disclosed by way of notes on accounts. Contingent assets are neither recognized nor disclosed in the financial statements.

2.11 REVENUE RECOGNITION

Sale Revenue is Recognized only when significant risk and rewards of ownership has been transferred to the buyer and is stated at net of claims, discount, sales related tax, trade discounts & rebates. Interest income is recognized on time proportion basis. Income and Expense is recognized on accrual basis. However Income and Expense which are uncertain in nature are provided on acceptance basis. Insurance claims area accounted for on acceptance based on certainty of realisation.

2.12 TAXES ON INCOME

i) Current Taxes

Provision of Current tax is determined on the basis of taxable income and tax credits computed in accordance with the provision of the income tax act, 1961.

ii) Deferred Taxes

Deferred tax assets and liabilities are recognized by computing the tax effect on timing difference which arise during the year and reverse in the subsequent periods. Deferred tax assets are recognized only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

2.13 CASH AND BANK BALANCES

Cash and cash equivalents comprises Cash-in-hand, Current Accounts, Fixed Deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value. Other Bank Balances are short-term balance (with original maturity is more than three months but less than twelve months).

2.14 EARNINGS PER SHARE

In determining the earning per share, the company considers the net profit after tax and includes the post tax effect of any extra ordinary items. The number of shares used in computing the earning per share is the number of shares allotted by the company as on the Balance sheet date.

2.15 EMPLOYEE BENEFITS

Gratuity:

The Company has an obligation towards gratuity a defined benefit retirement plan covering eligible employees. The plan provides for lump sum payment to vested employees at retirement, at death while in employment of an amount equal to 15 by 26 days salary payable for each completed years of service. The normal age of retirement is 60 years and vesting occurs upon the completion of five years of service. The maximum limit of Gratuity is Rs. 20 lacs. The Company accounts for the liability of gratuity benefits payable in future based on an independent actuarial valuation, carried out as the year end.

Provident Fund:

The eligible employees of the company are entitled to receive benefits under the provident fund, a defined contribution plan, in which both the employees and the company make monthly contributions at a specified percentage of the covered employee's salary (currently 12% of employee's salary). The contribution as specified under the law is paid to the recognized provident fund.

Others:

Short Term employee benefits are recognized as an expense at the undiscounted amount in the account of the period in which the related services are rendered.

2.16 SEGMENT REPORTING

The company is engaged in manufacture and sale of Calcined Petroleum coke which constitutes use single business segment during the period. Considering the nature of company's business and operations, there are no segment reportable segments (business and/or geographical) in accordance with the requirements of AS-17.

2.17 LEASE

Lease is classified as a finance lease if it transfers substantially all the risks and rewards incident to ownership or if the asset is leased for substantially entire life of the asset. Title may or may not eventually be transferred. A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incident to ownership. The Company has leasehold land under the arrangement of finance lease as the ownership will be transferred at the end of lease term.

At the inception of a finance lease, the lessee should recognize the lease as an asset and a liability. Such recognition should be at amount equal to the fair value of the leased asset at the inception of the lease. However, if the fair value of the leased asset exceeds the present value of the minimum lease payments from the standpoint of the lessee, the amount recorded as an asset and a liability should be the present value of the minimum lease payments from the standpoint of the lessee. In calculating the present value of the minimum lease payments, the discount rate is the interest rate implicit in the lease, if this is practicable to determine; if not, the lessee's incremental borrowing rate should be used.

Lease payments should be apportioned between the finance charge and the reduction of the outstanding liability. The finance charge should be allocated to periods during the lease term to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

*Note: Since, comparative period is full financial year, hence, not comparable.

Reasons for Variation more than 25%:

- (a) Net profit ratio: Due to decrease in cost of import purchases, we can see that the net profit margin increased magnificently.
 (b) Return on Capital employed: Since the margins of the company got increased, thus the profit margin increased.
 (c) Debt Equity Ratio: As during the current period, the profit available to shareholders increased, thus the equity funds increased.

Reasons for Variation more than 25%:

- (a) Debt Service Coverage Ratio: The repayment of loan during the current period was higher. Thus the ratio declined.
 (b) Inventory Turnover Ratio: Due to effective inventory utilisation by the management, the ratio got improved.
 (c) Trade Receivables Turnover Ratio: As the revenue of the company got increased, the company timely collected its receivables so that its working capital doesn't get blocked for a longer period of time. Hence this ratio improved.
 (d) Trade Payables Turnover Ratio: As the volume of the company increased and due to timely payment made to the creditors by the company, this ratio got magnificently improved.
 (e) Net capital turnover ratio: Due to effective use of working capital and increase in revenue of the company, the ratio got improved.
 (f) Net profit ratio: Due to Heavy cost of hiring plant and machinery in FY 21, there is a decrease in net margin profit, yet gross margin is steady by 20% approx.

BUSINESS OVERVIEW

Petro Carbon and Chemicals Limited ("PCCL") is a ATHA Group (the "Group") Company engaged in the business of manufacturing and marketing of Calcined Petroleum Coke ("CPC") in the carbon industry. Atha Group is a multi-product, multi-technology, multi-location business conglomerate. It is a 70-year-old diversified Indian business house headquartered in Kolkata. The Company was founded by Mr. Kishor Kumar Atha in the year 1957 in Odisha as a Mining and Minerals company. Since the last decade, the group has been focusing towards its growth strategy of business diversification, forward and backward integrations and acquisition of projects, which has significantly helped the group maintain consistency in performance and growth.

PCCL's business model is fundamentally a B2B model wherein we majorly supply our end product CPC, to the renowned, aluminum manufacturing government companies, graphite electrodes and titanium dioxide manufacturers as well as other users in the metallurgical, chemical industries and other steel manufacturing companies. In 2018, our company was honoured with the prestigious NALCO VIKRETA UTKARSH PURASKAR, recognizing us as the top supplier among all the suppliers of POL (Petroleum, Oil, and Lubricants) by the National Aluminium Company Limited.

PCCL's plant was operational since the year 1975, wherein the detailed engineering and layout of the plant was done by Engineers India Limited. This plant was later acquired, revamped and upgraded by our group in the year of 2008. In the last five years, the group has strategically shifted its attention towards vertical integration, technological innovation, diversification, strategic partnerships which has resulted in operational expansion, excellence, resulting in a substantial enhancement of its overall performance.

Calcined Petroleum Coke commonly known as CPC is produced from Raw Petroleum Coke (RPC) also called the Green Petroleum Coke. The result of the calcining process is converting green coke to hard, dense and almost pure carbon with low hydrogen content, good electrical conductivity and a defined structure. These properties alongwith low metals and ash contents make calcined petroleum coke the best material currently available for making carbon anodes for smelting of alumina to aluminium in the electrolytic smelting process.

Calcined Petroleum Coke (CPC) holds significant importance in the manufacturing of aluminium, and is also utilised in the production of steel and various other carbon-based products. It is widely used in *aluminium industry, titanium dioxide industry, electrode manufacturing industry, foundry industry, glass industry metallurgical and chemical industry, steel industry and Carbon Paste etc.* The process entails heating raw petroleum coke to eliminate volatile impurities, resulting in enhanced properties that make it highly suitable for various manufacturing processes.

Our Company was incorporated on November 05, 2007 as '*Petro Carbon and Chemicals Private Limited*', a private limited company under the Companies Act, 1956, pursuant to a certificate of incorporation issued by the Deputy Registrar of Companies, West Bengal. Subsequently, our Company was converted into a public limited company pursuant to a resolution passed by our Shareholders at an extraordinary general meeting held on January 09, 2024 and consequently the name of our Company was changed to '*Petro Carbon and Chemicals Limited*' and a fresh certificate of incorporation dated February 23, 2024 was issued by the Registrar of Companies, West Bengal.

We have consistently grown in terms of our revenues over the past years. In the recent periods our revenues from operation were Rs. 15,200.36 lacs in F.Y. 2020-21, Rs. 27,696.83 lacs in F.Y. 2021-22, Rs. 51,550.67 lacs in the FY 2022-

23 and Rs. 34,911.30 lacs for the period ended 30th September, 2023. Our Net Profit after tax for the above-mentioned periods are Rs. 11.64 lacs, Rs. 570.99 lacs, Rs. 672.65 lacs and Rs. 5,028.58 lacs respectively.

Factors contributing to the growth of our Revenue:

*PCCPL Performance during the period financial year 2020-2021 to financial year 2023-2024 and half year ended 30th Sept 23

- a) **Capacity utilisation:** The Company has done the efficiency improvement of the kiln by spending around INR 22 crores for the production of Calcined petroleum coke (CPC) in December 2021. After that, the company has gradually started to improve its utilisation levels. The company has utilised its production capacity to 98.15% during the H1 ended 30th Sept 23, whereas historically the earlier production capacity utilised was 88.24% in FY 2022-2023, 57.85% in FY 2021-2022 and 70.72% in FY 2020-2021. Due to this higher utilisation, the operating cost other than RM cost per Mt has come down from INR 2,823 / Mt in FY 22 to INR 2,179 /Mt in H1 FY 24.
- b) **Sales Price:** The Company usually get orders for supply of CPC for a period of 3 to 6 months. The company sold CPC to its premium customers at very excellent prices during the H1 ended 30th Sept 2023 as follows:
- NALCO Angul - 2,489 Mt @ 72,284 / Mt & 33,574 Mt @ 65,440 / Mt
- HINDALCO, Mahan & Renukoot – 5,287 Mt @ 77,000 / Mt & 13,273 Mt @ 56,500 / Mt
- c) **Demand supply gap:** CPC industry in India has seen demand outpacing the supply due to continuous capacity addition / increased capacity utilisation by the Aluminium smelters. Whereas there is no CPC production addition in India during last 3/4 years. This has led to better margins for the CPC industry in general.

Restated Summary Statements have been prepared to comply in all material respects with the provisions of Part I of Chapter III of the Companies Act, 2013 (the “Act”) read with Companies (Prospectus and Allotment of Securities) Rules, 2014, Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 (“ICDR Regulations”) issued by SEBI and Guidance note on Reports in Companies Prospectuses (Revised 2019) (“Guidance Note”). Restated Summary Statements have been prepared specifically for inclusion in the offer document to be filed by the Company with the NSE in connection with its proposed NSE Emerged IPO. The Company’s management has recast the Financial Statements in the form required by Schedule III of the Companies Act, 2013 for the purpose of restated Summary Statements.

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013 and the relevant provisions of the Companies Act, 2013 (“the 2013 Act”), as applicable. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

Accounting policies not specifically referred to otherwise are consistent and in consonance with generally accepted accounting principles in India.

All assets and liabilities have been classified as current or non-current as per the Company’s normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has determined its operating cycle as twelve months for the purpose of current – non-current classification of assets and liabilities.

b) USE OF ESTIMATES

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

c) PROPERTY, PLANT & EQUIPMENT AND INTANGIBLE ASSETS

(i) Property, Plant & Equipment

All Property, Plant & Equipment are stated at cost less accumulated depreciation and impairment losses, if any. Cost for this purpose comprises its purchase price and any attributable cost bringing the asset to its working contribution for its intended use. Property, Plant & Equipment taken on finance lease are capitalized.

Capital work-in-progress is stated at the amount expended up to the date of Balance Sheet. On commencement of commercial production, capital work-in-progress related to project is being allocated to the respective Property, Plant & Equipment.

(ii) Intangible Assets

Intangible Assets if any are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any.

d) DEPRECIATION / AMORTISATION

Depreciation on Property, Plant & Equipment is provided to the extent of depreciable amount on the Straight Line method. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013. Depreciation on addition to the Property, Plant & Equipment is provided on a pro-rata basis from the date of put to use.

Leasehold land is amortized over the period of lease.

e) INVENTORIES

Inventories are valued at lower of cost and net realisable value. In case of Finished goods, costs are calculated at direct material cost, conversion and other cost incurred to bring the goods to their present location and condition and also include excise duty on finished goods.

The basis of determining cost for various categories of inventories are as follows :

- i) Raw Materials : Weighted Average Cost Method
- ii) Packing Bags : Weighted Average Cost Method
- iii) Stores & Spares : FIFO Method
- iv) Finished Goods : Weighted Average Cost Method

Weighted Average Cost Method: The Company has followed Periodic Inventory Method wherein Period of 12 month has been considered for calculating the average cost, the method of calculation is as under:

Weighted Average Rate =
$$\frac{\text{Opening Value of Inventory} + \text{Total Value of Purchase during the year}}{\text{Total of Opening Qty} + \text{Qty purchased / manufactured during the year}}$$

f) IMPAIRMENT OF ASSETS

An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. Recoverable amount is the higher of an asset's net selling price and its value in use. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognised in prior accounting periods is reversed if there has been a change in the estimate of the recoverable value.

g) INVESTMENTS:

Investments that are intended to be held for more than a year, from the date of acquisition are classified as non-current investments and are carried at cost. However, provision for diminution in value of investments is made to recognize a decline, other than temporary, in the value of the investment. The carrying amount for current investments is the lower of cost and fair value.

h) FOREIGN CURRENCY TRANSLATIONS

- i. Foreign Currency Transactions are recorded at exchange rates prevailing on the date of such transactions.

Considering the nature of company's business and operations, there are no segment reportable segments (business and/or geographical) in accordance with the requirements of AS-17.

n) LEASE

Lease is classified as a finance lease if it transfers substantially all the risks and rewards incident to ownership or if the asset is leased for substantially entire life of the asset. Title may or may not eventually be transferred. A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incident to ownership. The Company has leasehold land under the arrangement of finance lease as the ownership will be transferred at the end of lease term.

At the inception of a finance lease, the lessee should recognize the lease as an asset and a liability. Such recognition should be at amount equal to the fair value of the leased asset at the inception of the lease. However, if the fair value of the leased asset exceeds the present value of the minimum lease payments from the standpoint of the lessee, the amount recorded as an asset and a liability should be the present value of the minimum lease payments from the standpoint of the lessee. In calculating the present value of the minimum lease payments, the discount rate is the interest rate implicit in the lease, if this is practicable to determine; if not, the lessee's incremental borrowing rate should be used.

Lease payments should be apportioned between the finance charge and the reduction of the outstanding liability. The finance charge should be allocated to periods during the lease term to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Jurisdiction

Exclusive jurisdiction for the purpose of this Offer is with the competent courts/ authorities in Mumbai, Maharashtra.

The Equity Shares have not been and will not be registered under the U.S. Securities Act and may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws.

Accordingly, the Equity Shares are only being offered and sold outside the United States in offshore transactions in reliance on Regulation S and the applicable laws of the jurisdiction where those Offers and sales occur. The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Nomination facility to investors

In accordance with Section 72 of the Companies Act, read with the rules notified thereunder, the sole Bidder, or the first Bidder along with other joint Bidders, may nominate any one person in whom, in the event of the death of sole Bidder or in case of joint Bidders, death of all the Bidders, as the case may be, the Equity Shares Allotted, if any, shall vest to the exclusion of all other persons, unless the nomination is varied or cancelled in the prescribed manner. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale/transfer/alienation of Equity Share(s) by the person nominating. A nomination may be cancelled or varied by the Shareholder by nominating any other person in place of the present nominee, by giving a notice of such cancellation. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or to the registrar and transfer agents of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act shall upon the production of such evidence as may be required by the Board, elect either:

- (a) to register himself or herself as the holder of the Equity Shares; or
- (b) to make such transfer of the Equity Shares, as the deceased holder could have made.

Further, our Board may at any time give notice requiring any nominee to choose either to be registered himself or

herself or to transfer the Equity Shares, and if the notice is not complied with within a period of ninety (90) days, our Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Offer will be made only in dematerialised mode, there is no need to make a separate nomination with our Company. Nominations registered with respective Depository Participant of the Bidder would prevail. If the Bidder wants to change the nomination, they are requested to inform their respective Depository Participant.

Restrictions, if any on Transfer and Transmission of Equity Shares

Except for lock-in of the pre-Offer Equity Share capital and Promoter’s minimum contribution under the SEBI ICDR Regulations as provided in “**Capital Structure**”, beginning on page 65 of this Draft Red Herring Prospectus, and except as provided under the AOA, there are no restrictions on transfer of the Equity Shares. Further, there are no restrictions on transmission of any shares of our Company and on their consolidation or splitting, except as provided in the AOA. For details, see “**Description of Equity Shares and Terms of the Articles of Association**”, beginning on page 244 of this Draft Red Herring Prospectus.

The above information is given for the benefit of the Applicants. The Applicants are advised to make their own enquiries about the limits applicable to them. Our Company and the Book Running Lead Managers do not accept any responsibility for the completeness and accuracy of the information stated hereinabove. Our Company and the Book Running Lead Manager are not liable to inform the investors of any amendments or modifications or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares Applied for do not exceed the applicable limits under laws or regulations.

Withdrawal of the Offer

Our Company in consultation with the Book Running Lead Manager and Promoter selling shareholders, reserves the right not to proceed with the Offer at any time after the Offer Opening Date but before the Board meeting for Allotment. In such an event our Company would offer a public notice in the newspapers, in which the pre-offer advertisements were published, within two (2) working days of the offer Closing Date or such other time as may be prescribed by SEBI, providing reasons for not proceeding with the Offer. The Book Running Lead Manager, through the Registrar to the Offer, shall notify the SCSBs to unblock the bank accounts of the ASBA Applicants within one (1) working day of receipt of such notification. Our Company shall also promptly inform the Stock Exchange on which the Equity Shares are proposed to be listed.

Notwithstanding the foregoing, the Offer is also subject to obtaining i) the final listing and trading approvals of the Stock Exchange, which our Company shall apply for after Allotment. ii) the final RoC approval of the Red Herring Prospectus after it is filed with the RoC. If our Company in consultation with the BRLM and Promoter selling shareholders withdraws the Offer after the Offer Closing Date and thereafter determines that it will proceed with an IPO, our Company shall be required to file a fresh Draft Red Herring Prospectus/ Red Herring Prospectus with the Stock Exchange.

The above timetable is indicative and does not constitute any obligation or liability on our Company or the BRLMs.

While our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchanges are taken within six Working Days of the Bid / Offer Closing Date, or such other period as may be prescribed by the SEBI, the timetable may be extended due to various factors, such as extension of the Bid / Offer Period by our Company in consultation with the BRLMs and Promoter selling shareholders, revision of the Price Band or any delay in receiving the final listing and trading approval from the Stock Exchanges, and delay in respect of final certificates from SCSBs. The commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchanges and in accordance with the applicable laws.

In terms of the UPI Circulars, in relation to the Offer, the BRLMs will be required to submit reports of compliance with timelines and activities prescribed by SEBI in connection with the allotment and listing procedure within six Working Days from the Bid / Offer Closing Date, identifying non-adherence to timelines and processes and an analysis of entities responsible for the delay and the reasons associated with it.

Submission of Bids (other than Bids from Anchor Investors):

Bid/ Offer Period (except the Bid/ Offer Closing Date)	
Submission and Revision in Bids	Only between 10.00 a.m. and 5.00 p.m. IST
Bid/ Offer Closing Date	
Submission and Revision in Bids*	Only between 10.00 a.m. and 3.00 p.m. IST
Submission of Bids by QIBs and Non-Institutional Bidders	Only between 10.00 a.m. and 4:00 p.m IST
Submission of Bids by Retail Individual Bidders.	Only between 10.00 a.m. and 5:00 p.m IST

**UPI mandate end time and date shall be at 5.00 pm on Bid/Offer Closing Date.*

On the Bid/ Offer Closing Date, the Bids shall be uploaded until:

4.00 p.m. IST in case of Bids by QIBs and Non-Institutional Bidders, and until 5.00 p.m. IST or such extended time as permitted by the Stock Exchanges, in case of Bids by RIBs.

On Bid / Offer Closing Date, extension of time will be granted by the Stock Exchanges only for uploading Bids received by Retail Individual Bidders, after taking into account the total number of Bids received and as reported by the BRLMs to the Stock Exchanges.

The Registrar to the Offer shall submit the details of cancelled / withdrawn / deleted applications to the SCSB's on daily basis within 60 minutes of the Bid closure time from the Bid / Offer Opening Date till the Bid / Offer Closing Date by obtaining the same from the Stock Exchanges. The SCSB's shall unblock such applications by the closing hours of the Working Day.

To avoid duplication, the facility of re-initiation provided to Syndicate Members shall preferably be allowed only once per bid/batch and as deemed fit by the Stock Exchanges, after closure of the time for uploading Bids.

It is clarified that Bids not uploaded on the electronic bidding system or in respect of which the full Bid Amount is not blocked by SCSBs or not blocked under the UPI Mechanism in the relevant ASBA Account, as the case may be, would be rejected.

Due to limitation of time available for uploading the Bids on the Bid/ Offer Closing Date, Bidders are advised to submit their Bids one day prior to the Bid/ Offer Closing Date, and in any case no later than 1:00 p.m. IST on the Bid/ Offer Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST. Bidders are cautioned that, in the event a large number of Bids are received on the Bid/ Offer Closing Date, as is typically experienced in public offerings in India, it may lead to some Bids not being uploaded due to lack of sufficient time to upload. Such Bids that cannot be uploaded will not be considered for allocation under this Offer. Bids and any revision to the Bids, will be accepted only during Working Days, during the Bid/ Offer Period. Bids will be accepted only during Monday to Friday (excluding any public holiday), during the Bid/Offer period. None among our Company or the Member of the Syndicate shall be liable for any failure in (i) uploading the Bids due to faults in any software/ hardware system or blocking of application amount by the SCSBS on receipt of instructions from the Sponsor Bank on account of any errors, omissions or non-compliance by various parties involved in, or any other fault, malfunctioning or breakdown in, or otherwise, in the UPI Mechanism.

In case of any discrepancy in the data entered in the electronic book vis-a-vis data contained in the physical Bid cum Application Form, for a particular Bidder, the details of the Bid file received from the Stock Exchanges may be taken. Our Company in consultation with the BRLM and Promoter selling shareholders, reserve the right to revise the Price Band during the Bid/Offer Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in the Price Band shall not exceed 20% on either side, i.e. the Floor Price can move up or down to the extent of 20% of the Floor Price and the Cap Price will be revised accordingly. The Floor Price shall not be less than the face value of the Equity Shares.

In case of any revision to the Price Band, the Bid/Offer Period will be extended by at least three additional Working Days following such revision of the Price Band, subject to the Bid/Offer Period not exceeding a

total of 10 Working Days. In cases of force majeure, banking strike or similar circumstances, our Company in consultation with the BRLM and Promoter selling shareholders, for reasons to be recorded in writing, extend the Bid/Offer Period for a minimum of three Working Days, subject to the Bid/ Offer Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid/Offer Period, if applicable, will be widely disseminated by notification to the Stock Exchange, by issuing a public notice, and also by indicating the change on the respective websites of the BRLM and the terminal of the Syndicate Member, if any and by intimation to SCSBs, other Designated Intermediaries and the Sponsor Bank, as applicable. In case of revision of Price Band, the Bid Lot shall remain the same.

Withdrawal of the Offer

In accordance with SEBI (ICDR) Regulations, the Company in consultation with the Book Running Lead Manager, reserves the right not to proceed with the Offer, after the Offer Opening Date but before the Allotment, without assigning any reason thereof. In such an event, our Company would offer a public notice in the newspapers in which the pre-Offer advertisements were published, providing reasons for not proceeding with the Offer.

The Book Running Lead Manager, through the Registrar to the Offer, shall notify the SCSBs to unblock the bank accounts of the ASBA Bidders, within one Working Day from the date of receipt of such notification. Our Company shall also inform the same to the NSE Emerge on which the Equity Shares are proposed to be listed.

If the Company withdraws the Offer after the Offer Closing Date and subsequently decides to undertake a public offering of Equity Shares, the Company will file a fresh Draft Red Herring Prospectus with the stock exchange where the Equity Shares may be proposed to be listed.

Notwithstanding the foregoing, this Offer is also subject to obtaining (i) the final listing and trading approvals of the NSE Emerge, which our Company shall apply for after Allotment; and (ii) the final RoC approval of the Prospectus after it is filed and/or submitted with the RoC and the NSE Emerge.

The BRLM shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. For the avoidance of doubt, the provisions of the SEBI circular dated March 16, 2021, as amended pursuant to SEBI circular dated June 2, 2021 shall be deemed to be incorporated in the agreements to be entered

into by and between the Company and the relevant intermediaries, to the extent applicable.

Applications and any revisions to the same will be accepted only between 10.00 a.m. to 5.00 p.m. (Indian Standard Time) during the Offer Period at the Application centres mentioned in the Application Form.

Standardization of cut-off time for uploading of applications on the Offer closing date:

- a) A standard cut-off time of 3.00 p.m. for acceptance of applications.
- b) A standard cut-off time of 4.00 p.m. for uploading of applications received from other than retail individual applicants.
- c) A standard cut-off time of 5.00 p.m. for uploading of applications received from only retail individual applicants, which may be extended up to such time as deemed fit by NSE after taking into account the total number of applications received up to the closure of timings and reported by BRLM to NSE within half an hour of such closure.

It is clarified that Bids not uploaded in the book, would be rejected. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid form, for a particular bidder, the details as per physical application form of that Bidder may be taken as the final data for the purpose of allotment.

Due to limitation of time available for uploading the application on the Offer Closing Date, Applicants are advised to submit their applications one day prior to the Offer Closing Date and, in any case, not later than 1:00 p.m. IST on the Offer Closing Date. Any time mentioned in this Draft Red Herring Prospectus is IST. Applicants are cautioned that, in the event a large number of applications are received on the Offer Closing Date, as is typically experienced in public offers, some applications may not get uploaded due to lack of sufficient time. Such applications that cannot be uploaded will not be considered for allocation under this Offer.

Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays).

SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, has introduced an alternate payment mechanism using Unified Payments Interface (“**UPI**”) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIBs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (“**UPI Phase I**”). The UPI Phase I was effective till June 30, 2019.

With effect from July 1, 2019, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, read with circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 with respect to Bids by RIBs through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Bids with existing timeline of T+6 days was mandated for a period of three months or launch of five main board public offers, whichever is later (“**UPI Phase II**”). Subsequently, however, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II till further notice. The final reduced timeline will be made effective using the UPI Mechanism for applications by RIBs (“**UPI Phase III**”), as may be prescribed by SEBI. The Offer will be undertaken pursuant to the processes and procedures under UPI Phase II, subject to any circulars, clarification or notification Issued by the SEBI from time to time. Further, SEBI, vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 and circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances.

Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all individual bidders in initial public offerings (opening on or after May 1, 2022) whose application sizes are up to ₹500,000 shall use the UPI Mechanism. This circular has come into force for initial public offers opening on or after May 1, 2022 and the provisions of this circular are deemed to form part of this Draft Red Herring Prospectus.

Subsequently, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, applications made using the ASBA facility in initial public offerings (opening on or after September 1, 2022) shall be processed only after application monies are blocked in the bank accounts of investors (all categories). The Book Running Lead Manager shall be the nodal entity for any offers arising out of public issuance process.

In case of any delay in unblocking of amounts in the ASBA Accounts (including amounts blocked through the UPI Mechanism) exceeding four Working Days from the Offer Closing Date, the Applicant shall be compensated at a uniform rate of ₹100 per day for the entire duration of delay exceeding four Working Days from the Offer Closing Date by the intermediary responsible for causing such delay in unblocking. The Book Running Lead Manager shall, in their sole discretion, identify and fix the liability on such intermediary or entity responsible for such delay in unblocking. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021, has reduced the timelines for refund of Application money to four days. The Book Running Lead Manager shall be the nodal entity for any offers arising out of public issuance process. In terms of Regulation 244(5) and Regulation 271 of SEBI ICDR Regulations, the timelines and processes mentioned in SEBI Circular No. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 shall continue to form part of the agreements being signed between the intermediaries involved in the public issuance process and Book Running Lead Manager shall continue to coordinate with intermediaries involved in the said process.

Our Company and the Book Running Lead Manager do not accept any responsibility for the completeness and accuracy of the information stated in this section and the General Information Document and are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Draft Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in the Draft Red Herring Prospectus and the Prospectus.

Further, our Company and the members of the Syndicate are not liable for any adverse occurrences consequent to the implementation of the UPI Mechanism for application in this Offer.

This section applies to all the Applicants.

Phased implementation of Unified Payments Interface

SEBI has Issued the UPI Circulars in relation to streamlining the process of public offer of, amongst others equity shares. Pursuant to the SEBI UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for applications by RIBs through Designated Intermediaries with the objective to reduce the time duration from public offer closure to listing from six Working Days up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI Mechanism, the SEBI UPI Circulars have introduced the UPI Mechanism in three phases in the following manner:

Phase I: This phase was applicable from January 1, 2019, until March 31, 2019, or floating of five main board public offers, whichever was later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, an RII had the option to submit the ASBA Form with any of the Designated Intermediary and use his/her UPI ID for the purpose of blocking of funds. The time duration from public offer closure to listing continued to be six Working Days.

Phase II: This phase has become applicable from July 1, 2019. SEBI vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019, had extended the timeline for implementation of UPI Phase II till March 31, 2020. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020 dated March 30, 2020, decided to continue Phase II of UPI with ASBA until further notice. Under this phase, submission of the ASBA Form by RIBs through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds has been discontinued and is replaced by the UPI Mechanism. However, the time duration from public offer closure to listing would continue to be six Working Days during this phase.

Phase III: This phase has become applicable on a voluntary basis for all offers opening on or after September 1, 2023 and on a mandatory basis for all offers opening on or after December 1, 2023, vide SEBI circular bearing number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 (“T+3 Notification”). In this phase, the time duration from public offer closure to listing has been reduced from six Working Days to three Working Days. The

Offer shall be undertaken pursuant to the processes and procedures as notified in the T+3 Notification as applicable, subject to any circulars, clarification or notification Issued by SEBI from time to time, including any circular, clarification or notification which may be Issued by SEBI

The Offer will be made under UPI Phase III of the UPI Circular.

All SCSBs offering the facility of making application in public offers shall also provide facility to make application using UPI. Our Company will be required to appoint one of the SCSBs as a sponsor bank to act as a conduit between the Stock Exchange and NPCI in order to facilitate collection of requests and/or payment instructions of the Retail Individual Bidders using the UPI Mechanism.

Pursuant to the UPI Circulars, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Circulars include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked no later than one day from the date on which the Basis of Allotment is finalized. Failure to unblock the accounts within the timeline would result in the SCSBs being penalized under the relevant securities law. Additionally, if there is any delay in the redressal of investors' complaints, the relevant SCSB as well as the Book Running Lead Manager will be required to compensate the concerned investor.

For further details, refer to the General Information Document available on the website of the Stock Exchange and the Book Running Lead Manager.

The Equity Shares have not been and will not be registered under the U.S. Securities Act and may not be offered or sold within the United States except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws.

Accordingly, the Equity Shares are only being offered and sold outside the United States in offshore transactions in reliance on Regulation S and the applicable laws of the jurisdiction where those Offers and sales occur. The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

As per the existing RBI regulations, OCBs are not eligible to participate in this Offer. The RBI has however clarified in its circular, A.P. (DIR Series) Circular No. 44, dated December 8, 2003 that OCBs which are incorporated and are not under the adverse notice of the RBI are permitted to undertake fresh investments as incorporated non-resident entities in terms of Regulation 5(1) of RBI Notification No.20/2000-RB dated May 3, 2000 under FDI Scheme with the prior approval of Government if the investment is through Government Route and with the prior approval of RBI if the investment is through Automatic Route on case to case basis. OCBs may invest in this Offer provided it obtains a prior approval from the RBI or prior approval from Government, as the case may be. On submission of such approval along with the Application Form, the OCB shall be eligible to be considered for share allocation.

MAXIMUM AND MINIMUM APPLICATION SIZE

1. For Retail Individual Bidders

The Application must be for a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter, so as to ensure that the Application Price payable by the Bidder does not exceed ₹ 2,00,000. In case of revision of Applications, the Retail Individual Bidders have to ensure that the Application Price does not exceed ₹ 2,00,000.

2. For other than Retail Individual Bidders (Non Institutional Applicants and QIBs):

The Application must be for a minimum of such number of Equity Shares that the Application Amount exceeds ₹ 2,00,000 and in multiples of [●] Equity Shares thereafter. An application cannot be submitted for more than the Net Offer Size. However, the maximum Application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Bidder cannot withdraw its Application after the Offer Closing Date and is required to pay 100% QIB Margin upon submission of Application.

In case of revision in Applications, the Non-Institutional Bidders, who are individuals, have to ensure that the Application Amount is greater than ₹ 2,00,000 for being considered for allocation in the Non-Institutional Portion.

Bidders are advised to ensure that any single Application form does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in this DRHP.

The above information is given for the benefit of the Bidders. The Company and the BRLM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Red Herring Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

METHOD OF BIDDING PROCESS

Our Company, in consultation with the BRLM will decide the Price Band and the minimum Bid lot size for the Offer and the same shall be advertised in all editions of [●] (a widely circulated English national daily newspaper), all editions of [●] (a widely circulated Hindi national daily newspaper), [●] editions of [●] (a widely circulated Regional language daily newspaper) (Marathi being the regional language of Maharashtra, where our Registered Office is located), each with wide circulation at least two Working Days prior to the Bid / Offer Opening Date. The BRLM and the SCSBs shall accept Bids from the Bidders during the Bid / Offer Period.

- a) The Bid / Offer Period shall be for a minimum of three Working Days and shall not exceed 10 Working Days. The Bid/ Offer Period maybe extended, if required, by an additional three Working Days, subject to the total Bid/ Offer Period not exceeding 10 Working Days. Any revision in the Price Band and the revised Bid / Offer Period, if applicable, will be published in all editions of [●] (a widely circulated English national daily newspaper), all editions of [●] (a widely circulated Hindi national daily newspaper), [●] (a widely circulated Regional language daily newspaper) (Marathi being the regional language of Maharashtra, where our Registered Office is located), each with wide circulation and also by indicating the change on the website of the Book Running Lead Manager.
- b) Each Bid cum Application Form will give the Bidder the choice to Bid for up to three optional prices (for details refer to the paragraph titled “Bids at Different Price Levels and Revision of Bids” below) within the Price Band and specify the demand (i.e., the number of Equity Shares Bid for) in each option. The price and demand options submitted by the Bidder in the Bid cum Application Form will be treated as

optional demands from the Bidder and will not be cumulated. After determination of the Offer Price, the maximum number of Equity Shares Bid for by a Bidder/Applicant at or above the Offer Price will be considered for allocation/Allotment and the rest of the Bid(s), irrespective of the Bid Amount, will become automatically invalid.

- c) The Bidder / Applicant cannot Bid through another Bid cum Application Form after Bids through one Bid cum Application Form have been submitted to a BRLM or the SCSBs. Submission of a second Bid cum Application Form to either the same or to another BRLM or SCSB will be treated as multiple Bid and is liable to be rejected either before entering the Bid into the electronic bidding system, or at any point of time prior to the allocation or Allotment of Equity Shares in this Offer. However, the Bidder can revise the Bid through the Revision Form, the procedure for which is detailed under the paragraph “Buildup of the Book and Revision of Bids”.
- d) The BRLM/the SCSBs will enter each Bid option into the electronic bidding system as a separate Bid and generate a Transaction Registration Slip, (“TRS”), for each price and demand option and give the same to the Bidder. Therefore, a Bidder can receive up to three TRSs for each Bid cum Application Form.
- e) Upon receipt of the Bid cum Application Form, submitted whether in physical or electronic mode, the Designated Branch of the SCSB shall verify if sufficient funds equal to the Bid Amount are available in the ASBA Account, as mentioned in the Bid cum Application Form, prior to uploading such Bids with the Stock Exchange.
- f) If sufficient funds are not available in the ASBA Account, the Designated Branch of the SCSB shall reject such Bids and shall not upload such Bids with the Stock Exchange.
- g) If sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Bid Amount mentioned in the Bid cum Application Form and will enter each Bid option into the electronic bidding system as a separate Bid and generate a TRS for each price and demand option. The TRS shall be furnished to the ASBA Bidder on request.
- h) The Bid Amount shall remain blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment and consequent transfer of the Bid Amount against the Allotted Equity Shares to the Public Offer Account, or until withdrawal/failure of the Offer or until withdrawal/rejection of the Bid cum Application Form, as the case may be. Once the Basis of Allotment is finalized, the Registrar to the Offer shall send an appropriate request to the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Bidders to the Public Offer Account. In case of withdrawal/failure of the Offer, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Offer.

BIDS AT DIFFERENT PRICE LEVELS AND REVISION OF BIDS

- a. Our Company in consultation with the BRLM and Promoter selling shareholders, and without the prior approval of, or intimation, to the Bidders, reserves the right to revise the Price Band during the Bid/Offer Period, provided that the Cap Price shall be less than or equal to 120% of the Floor Price and the Floor Price shall not be less than the face value of the Equity Shares. The revision in Price Band shall not exceed 20% on the either side i.e. the floor price can move up or down to the extent of 20% of the floor price disclosed. If the revised price band decided, falls within two different price bands than the minimum application lot size shall be decided based on the price band in which the higher price falls into.
- b. Our Company in consultation with the BRLM and Promoter selling shareholders, will finalize the Offer Price within the Price Band, without the prior approval of, or intimation, to the Bidders.
- c. The Bidders can Bid at any price within the Price Band. The Bidder has to Bid for the desired number of Equity Shares at a specific price. Retail Individual Bidders may Bid at the Cut-off Price. However, bidding at the Cut-off Price is prohibited for QIB and Non-Institutional Bidders and such Bids from QIB and Non-Institutional Bidders shall be rejected.
- d. Retail Individual Bidders, who Bid at Cut-off Price agree that they shall purchase the Equity Shares at any price within the Price Band. Retail Individual Bidders shall submit the Bid cum Application Form along with a cheque/demand draft for the Bid Amount based on the Cap Price with the Syndicate. In case of ASBA Bidders (excluding Non-Institutional Bidders and QIB Bidders) bidding at Cut-off Price, the ASBA Bidders shall instruct the SCSBs to block an amount based on the Cap Price.

Participation by Associates /Affiliates of BRLM

The BRLM shall not be allowed to purchase in this Offer in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the BRLM may subscribe the Equity Shares in the Offer, either in the QIB Category or in the Non- Institutional Category as may be applicable to such Bidders, where the allocation is on a proportionate basis and such subscription may be on their own account or on behalf of their clients.

Option to Subscribe in the Offer

- a. As per Section 29(1) of the Companies Act 2013, allotment of Equity Shares shall be made in dematerialized form only. Investors will not have the option of getting allotment of specified securities in physical form.
- b. The Equity Shares, on allotment, shall be traded on the Stock Exchange in demat segment only.
- c. A single application from any investor shall not exceed the investment limit/minimum number of Equity Shares that can be held by him/her/it under the relevant regulations/statutory guidelines and applicable law.

Eligible NRIs or Overseas Citizen of India (OCI) may obtain copies of Bid cum Application Form from the Designated Intermediaries. Only Bids accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment. Eligible NRI Bidders bidding on a repatriation basis by using the Non-Resident Forms should authorize their SCSB (if they are Bidding directly through the SCSB) or confirm or accept the UPI Mandate Request (in case of Bidding through the UPI Mechanism) to block their Non-Resident External (“NRE”) accounts, or Foreign Currency Non-Resident (“FCNR”) Accounts, and eligible NRI Bidders bidding on a non- repatriation basis by using Resident Forms should authorize their SCSB (if they are Bidding directly through SCSB) or confirm or accept the UPI Mandate Request (in case of Bidding through the UPI Mechanism) to block their Non-Resident Ordinary (“NRO”) accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form. Participation of Eligible NRIs in the Offer shall be subject to the FEMA Rules.

In accordance with the Consolidated FDI Policy, the total holding by any individual NRI, on a repatriation basis shall not exceed 5.00% of the total paid-up equity capital on a fully diluted basis or shall not exceed 5.00% of the paid-up value of each series of debentures or preference shares or share warrants Issued by an Indian company and the total holdings of all NRIs and OCIs put together, on a repatriation basis, shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. Provided that the aggregate ceiling of 10.00% may be raised to 24.00% if a special resolution to that effect is passed by the general body of the Indian company.

NRIs will be permitted to apply in the Offer through Channel I or Channel II (as specified in the UPI Circular). Further, subject to applicable law, NRIs may use Channel IV (as specified in the UPI Circular) to apply in the Offer, provided the UPI facility is enabled for their NRE/ NRO accounts.

NRIs applying in the Offer using UPI Mechanism are advised to enquire with the relevant bank whether their bank account is UPI linked prior to making such application.

Investment by NRI or OCI on non-repatriation basis:

As per current FDI Policy 2017, schedule 4 of FEMA (Transfer or Offer of Security by Persons Resident outside India) Regulations - Purchase/ sale of Capital Instruments or convertible notes or units or contribution to the capital of an LLP by a NRI or OCI on non-repatriation basis - will be deemed to be domestic investment at par with the investment made by residents. This is further subject to remittance channel restrictions. The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended ("US Securities Act") or any other state securities laws in the United States of America and may not be sold or offered within the United States of America, or to, or for the account or benefit of "US Persons" as defined in Regulation S of the U.S. Securities Act, except pursuant to exemption from, or in a transaction not subject to, the registration requirements of US Securities Act and applicable state securities laws. Accordingly, the equity shares are being offered and sold only outside the United States of America in an offshore transaction in reliance upon Regulation S under the US Securities Act and the applicable laws of the jurisdiction where those offers and sale occur.

BIDS BY FPIS

In terms of the SEBI FPI Regulations, the offer of Equity Shares to a single FPI or an investor group (which means the same multiple entities having common ownership directly or indirectly of more than 50% or common control) must be below 10% of our post-Offer Equity Share capital. Further, in terms of the FEMA NDI Rules, with effect from April 1, 2020, the aggregate FPI investment limit is the sectoral cap applicable to an Indian company as prescribed in the FEMA NDI Rules with respect to its paid-up equity capital on a fully diluted basis. Currently, the sectoral cap for retail trading of food products manufactured and/ or produced in India is 100% under automatic route.

FPIs are permitted to participate in the Offer subject to compliance with conditions and restrictions which may be specified by the Government from time to time. In case of Bids made by FPIs, a certified copy of the certificate of registration Issued under the SEBI FPI Regulations is required to be attached to the Bid cum Application Form, failing which our Company reserves the right to reject any Bid without assigning any reason. FPIs who wish to participate in the Offer are advised to use the Bid cum Application Form for Non-Residents.

In terms of the FEMA, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included.

The FEMA NDI Rules were enacted on October 17, 2019 in supersession of the Foreign Exchange Management (Transfer or Offer of Security by a Person Resident Outside India) Regulations, 2017, except as respects things done or omitted to be done before such supersession. **FPIs are permitted to participate in the Offer subject to compliance with conditions and restrictions which may be specified by the Government from time to time.**

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may offer, subscribe to or otherwise deal in offshore derivative instruments(as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are Issued only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are Issued after compliance with 'know your client' norms; and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing off-shore derivate instruments is also required to ensure that any transfer of off-shore derivative instruments Issued by, or on behalf of it subject to, inter alia, the following conditions:

- (i). such offshore derivative instruments are transferred to person subject to fulfilment of SEBI FPI Regulations; and
- (ii). prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred are pre-approved by the FPI.

Bids by FPIs which utilize the multi-investment manager structure in accordance with the Operational Guidelines for Foreign Portfolio Investors and Designated Depository Participants Issued to facilitate implementation of the SEBI FPI Regulations ("Operational FPI Guidelines"), submitted with the same PAN but with different beneficiary account numbers, Client IDs and DP IDs shall not be treated as multiple Bids ("MIM

Bids”). It is hereby clarified that FPIs bearing the same PAN may be treated as multiple Bids by a Bidder and may be rejected, except for Bids from FPIs that utilize the multi- investment manager structure in accordance with the Operational FPI Guidelines (such structure referred to as “MIM Structure”). In order to ensure valid Bids, FPIs making MIM Bids using the same PAN and with different beneficiary account numbers, Client IDs and DP IDs, are required to submit a confirmation that their Bids are under the MIM Structure and indicate the name of their investment managers in such confirmation which shall be submitted along with each of their Bid cum Application Forms. In the absence of such confirmation from the relevant FPIs, such MIM Bids shall be rejected.

AS PER THE EXTENT GUIDELINES OF THE GOVERNMENT OF INDIA, OCBS CANNOT PARTICIPATE IN THIS OFFER.

The current provisions of the Foreign Exchange Management (Transfer or Offer of Security by a Person Resident outside India) Regulations, 2000, provides a general permission for the NRIs, FPIs and foreign venture capital investors registered with SEBI to invest in shares of Indian companies by way of subscription in an IPO. However, such investments would be subject to other investment restrictions under the Foreign Exchange Management (Transfer or Offer of Security by a Person Resident outside India) Regulations, 2000, RBI and/or SEBI regulations as may be applicable to such investors.

The Allotment of the Equity Shares to Non-Residents shall be subject to the conditions, if any, as may be prescribed by the Government of India/RBI while granting such approvals.

BIDS BY SEBI-REGISTERED AIFS, VCFS AND FVCIS

The SEBI FVCI Regulations, SEBI VCF Regulations and the SEBI AIF Regulations prescribe, inter alia, the investment restrictions on the FVCIs, VCFs and AIFs registered with SEBI respectively. FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering. Category I AIF and Category II AIF cannot invest more than 25% of the investible funds in one investee company directly or through investment in the units of other AIFs. A Category III AIF cannot invest more than 10% of the investible funds in one investee company directly or through investment in the units of other AIFs. AIFs which are authorized under the fund documents to invest in units of AIFs are prohibited from offering their units for subscription to other AIFs. A VCF registered as a Category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its investible funds by way of subscription to an initial public offering of a venture capital undertaking. Additionally, a VCF that has not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations (and accordingly shall not be allowed to participate in the Offer) until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

There is no reservation for Eligible NRIs, FPIs and FVCIs and all Bidders will be treated on the same basis with other categories for the purpose of allocation.

Further, the shareholding of VCFs, category I AIFs or category II AIFs and FVCIs holding Equity Shares prior to Offer, shall be locked-in for a period of at least one year from the date of purchase of such Equity Shares.

All non-resident investors should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

The Company or the BRLM will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

BIDS BY LIMITED LIABILITY PARTNERSHIPS

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration Issued under the Limited Liability Partnership Act, 2008, must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserve the right to reject any Bid without assigning any reason thereof.

BIDS BY BANKING COMPANIES

In case of Bids made by banking companies registered with RBI, certified copies of: (i) the certificate of registration Issued by RBI, and (ii) the approval of such banking company’s investment committee are required to be attached to the Bid cum Application Form. companies in non-financial services companies as per the Banking Regulation Act, the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended and Master Circular on Basel III Capital Regulations dated July 1, 2014, as amended, is 10.00% of the paid up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10.00% of the bank's own paid-up share capital and reserves, whichever is lower.

However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid up share capital of such investee company, subject to prior approval of the RBI if (i) the investee company is engaged in non- financial activities permitted for banking companies in terms of Section 6(1) of the Banking Regulation Act; or (ii) the additional acquisition is through restructuring of debt, or to protect the banking company's interest on loans/investments made to a company. The bank is required to submit a time bound action plan to the RBI for the disposal of such shares within a specified period. The aggregate investment by a banking company along with its subsidiaries, associates or joint ventures or entities directly or indirectly controlled by the bank; and mutual funds managed by asset management companies controlled by the bank, more than 20% of the investee company's paid up share capital engaged in non-financial services. However, this cap doesn't apply to the cases mentioned in (i) and (ii) above. The aggregate equity investments made by a banking company in all subsidiaries and other entities engaged in financial services and non-financial services, including overseas investments shall not exceed 20% of the bank's paid-up share capital and reserves.

In terms of the Master Circular on Basel III Capital Regulations dated July 1, 2014, as amended (i) a bank's investment in the capital instruments Issued by banking, financial and insurance entities should not exceed 10% of its capital funds; (ii) banks should not acquire any fresh stake in a bank's equity shares, if by such acquisition, the investing bank's holding exceeds 5% of the investee bank's equity capital; (iii) equity investment by a bank in a subsidiary company, financial services company, financial institution, stock and other exchanges should not exceed 10% of the bank's paid-up share capital and reserves; (iv) equity investment by a bank in companies engaged in non-financial services activities would be subject to a limit of 10% of the investee company's paid-up share capital or 10% of the bank's paid-up share capital and reserves, whichever is less; and (v) a banking company is restricted from holding shares in any company, whether as pledgee, mortgagee or absolute owner, of an amount exceeding 30% of the paid-up share capital of that company or 30% of its own paid-up share capital and reserves, whichever is less. For details in relation to the investment limits under Master Direction – Ownership in Private Sector Banks, Directions, 2016, see "*Key Regulations and Policies*" beginning on page 210 of this Draft Red Herring Prospectus.

Such SCSBs are required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making application in public offers and clear demarcated funds should be available in such account for such applications.

BIDS BY SYSTEMICALLY IMPORTANT NBFCs

In case of Bids made by Systemically Important NBFCs registered with RBI, certified copies of: (i) the certificate of registration Issued by RBI, (ii) the last audited financial statements on a standalone basis, (iii) a net worth certificate from its statutory auditors, and (iv) such other approval as may be required by the Systemically Important NBFCs are required to be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof.

Systemically Important NBFCs participating in the Offer shall comply with all applicable regulations, directions, guidelines and circulars Issued by the RBI from time to time.

The investment limit for Systemically Important NBFCs shall be as prescribed by RBI from time to time.

BIDS BY INSURANCE COMPANIES

In case of Bids made by insurance companies registered with the IRDAI, a certified copy of certificate of registration Issued by IRDAI must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof.

The exposure norms for insurers are prescribed under the IRDAI Investment Regulations, based on investments in equity shares of the investee company, the entire group of the investee company and the industry sector in which the investee company operates. Insurance companies participating in the Offer are advised to refer to the

IRDAI Investment Regulations 2016, as amended, which are broadly set forth below:

- a) equity shares of a company: the lower of 10%* of the outstanding equity shares (face value) or 10% of the respective fund in case of life insurer or 10% of investment assets in case of general insurer or reinsurer;
- b) the entire group of the investee company: not more than 15% of the respective fund in case of a life insurer or 15% of investment assets in case of a general insurer or reinsurer or 15% of the investment assets in all companies belonging to the group, whichever is lower; and
- c) the industry sector in which the investee company operates: not more than 15% of the fund of a life insurer or a general insurer or a reinsurer or 15% of the investment asset, whichever is lower.

The maximum exposure limit, in the case of an investment in equity shares, cannot exceed the lower of an amount of 10% of the investment assets of a life insurer or general insurer and the amount calculated under (a), (b) and (c) above, as the case may be.

**The above limit of 10% shall stand substituted as 15% of outstanding equity shares (face value) for insurance companies with investment assets of ₹ 2,50,00,000 lakhs or more and 12% of outstanding equity shares (face value) for insurers with investment assets of ₹ 50,00,000 lakhs or more but less than ₹ 2,50,00,000 lakhs.*

Insurance companies participating in this Offer shall comply with all applicable regulations, guidelines and circulars Issued by IRDAI from time to time.

BIDS BY PROVIDENT FUNDS/PENSION FUNDS

In case of Bids made by provident funds/pension funds, subject to applicable laws, with minimum corpus of ₹ 2,500 lakhs, a certified copy of a certificate from a chartered accountant certifying the corpus of the provident fund/pension fund must be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof.

- d) In case of under subscription in the Offer, spill-over to the extent of such under-subscription may be permitted from the Reserved Portion to the Offer. For allocation in the event of an undersubscription applicable to the Offer, Bidders may refer to the RHP.
- e) In case if the Retail Individual Investor category is entitled to more than the allocated portion on proportionate basis, the category shall be allotted that higher percentage.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Offer; it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹ 20 to ₹ 24 per share, Offer size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Offer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Offer is able to Offer the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Offer, in consultation with the BRLM, may finalise the Offer Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Offer Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Anchor Investors are not allowed to withdraw their Bids after Anchor Investors bidding date.

ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

The allotment of Equity Shares to Bidders other than Retail Individual Investors may be on proportionate basis. No Retail Individual Investor will be allotted less than the minimum Bid Lot subject to availability of shares in Retail Individual Investor Category and the remaining available shares, if any will be allotted on a proportionate basis. The Offer is required to receive a minimum subscription of 90% of the Offer. However, in case the Offer is in the nature of Offer for Sale only, then minimum subscription may not be applicable.

BASIS OF ALLOTMENT

a. For Retail Individual Bidders

Bids received from the Retail Individual Bidders at or above the Offer Price shall be grouped together to determine the total demand under this category. The Allotment to all the successful Retail Individual Bidders will be made at the Offer Price.

The Offer size less Allotment to Non-Institutional and QIB Bidders shall be available for allotment to Retail Individual Bidders who have Bid in the Offer at a price that is equal to or greater than the Offer Price. If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Offer Price, full Allotment shall be made to the Retail Individual Bidders to the extent of their valid Bids.

If the aggregate demand in this category is greater than [●] Equity Shares at or above the Offer Price, the Allotment shall be made on a proportionate basis up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter. For the method of proportionate Basis of Allotment, refer below.

b. For Non-Institutional Bidders

Bids received from Non-Institutional Bidders at or above the Offer Price shall be grouped together to determine the total demand under this category. The Allotment to all successful Non- Institutional Bidders will be made at the Offer Price.

The Offer size less Allotment to QIBs and Retail shall be available for allotment to Non- Institutional Bidders who have Bid in the Offer at a price that is equal to or greater than the Offer Price. If the aggregate demand in this category is less than or equal to [●] Equity Shares at or above the Offer Price, full allotment shall be made to Non-Institutional Bidders to the extent of their demand.

In case the aggregate demand in this category is greater than [●] Equity Shares at or above the Offer Price, Allotment shall be made on a proportionate basis up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter. For the method of proportionate Basis of Allotment refer below.

c. Allotment To Anchor Investor (If Applicable)

- a) Allocation of Equity Shares to Anchor Investors at the Anchor Investor Allocation Price will be at the discretion of the Offer, in consultation with the BRLM, subject to compliance with the following requirements:
 - i. not more than 60% of the QIB Portion will be allocated to Anchor Investors;
 - ii. one-third of the Anchor Investor Portion shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the price at which allocation is being done to other Anchor Investors; and
 - iii. allocation to Anchor Investors shall be on a discretionary basis and subject to:
 - maximum number of two Anchor Investors for allocation up to ₹ 2 crores; a minimum number of two Anchor Investors and maximum number of 15 Anchor

Investors for allocation of more than ₹ 2 crores and up to ₹ 25 crores subject to minimum allotment of ₹ 1 crores per such Anchor Investor; and

- in case of allocation above twenty-five crore rupees; a minimum of 5 such investors and a maximum of 15 such investors for allocation up to twenty-five crore rupees and an additional 10 such investors for every additional twenty-five crore rupees or part thereof, shall be permitted, subject to a minimum allotment of one crore rupees per such investor.

d. For QIBs

Bids received from QIBs Bidding in the QIB Category at or above the Offer Price may be grouped together to determine the total demand under this category. The QIB Category may be available for Allotment to QIBs who have Bid at a price that is equal to or greater than the Offer Price. Allotment may be undertaken in the following manner: Allotment shall be undertaken in the following manner:

- i. In the first instance, allocation to Mutual Funds for [●]% of the QIB Portion shall be determined as follows:
 - In the event that Bids by Mutual Fund exceeds [●]% of the QIB Portion, allocation to Mutual Funds shall be done on a proportionate basis for [●]% of the QIB Portion.
 - In the event that the aggregate demand from Mutual Funds is less than [●]% of the QIB Portion then all Mutual Funds shall get full Allotment to the extent of valid Bids received above the Offer Price.
 - Equity Shares remaining unsubscribed, if any, not allocated to Mutual Funds shall be available for Allotment to all QIB Bidders as set out in (b) below;
- ii. In the second instance, allotment to all QIBs shall be determined as follows:
 - In the event of oversubscription in the QIB Portion, all QIB Bidders who have submitted Bids above the Offer Price shall be allotted Equity Shares on a proportionate basis, up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter for [●]% of the QIB Portion.
 - Mutual Funds, who have received allocation as per (a) above, for less than the number of Equity Shares Bid for by them, are eligible to receive Equity Shares on a proportionate basis, up to a minimum of [●] Equity Shares and in multiples of [●] Equity Shares thereafter, along with other QIB Bidders.
 - Under-subscription below [●]% of the QIB Portion, if any, from Mutual Funds, would be included for allocation to the remaining QIB Bidders on a proportionate basis. The aggregate Allotment to QIB Bidders shall not be more than [●] Equity Shares.
- iii. Basis of Allotment for QIBs and NIIs in case of Over Subscribed Offer:

In the event of the Offer being Over-Subscribed, the Offer may finalise the Basis of Allotment in consultation with the National Stock Exchange of India Limited Emerge (The Designated Stock Exchange). The allocation may be made in marketable lots on proportionate basis as set forth hereunder:

- a) The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the oversubscription ratio (number of Bidders in the category multiplied by number of Shares applied for).
- b) The number of Shares to be allocated to the successful Bidders will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).
- c) For Bids where the proportionate allotment works out to less than [●] equity shares the allotment will be made as follows:
 - Each successful Bidder shall be allotted [●] equity shares; and
 - The successful Bidder out of the total bidders for that category shall be determined by draw of lots in such a manner that the total number of Shares allotted in that category is

equal to the number of Shares worked out as per (b) above.

- d) If the proportionate allotment to a Bidder works out to a number that is not a multiple of [●] equity shares, the Bidder would be allotted Shares by rounding off to the nearest multiple of [●] equity shares subject to a minimum allotment of [●] equity shares.
- e) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the Bidders in that category, the balance available Shares or allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful Bidder in that category, the balance shares, if any, remaining after such adjustment will be added to the category comprising Bidder applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of [●] Equity Shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the Offer specified under the Capital Structure mentioned in this RHP.

Retail Individual Investor means an investor who applies for shares of value of not more than ₹ 2,00,000/. Investors may note that in case of over subscription, allotment shall be on proportionate basis and will be finalized in consultation with National Stock Exchange of India Limited.

The Executive Director / Managing Director of National Stock Exchange of India Limited - the Designated Stock Exchange in addition to Book Running Lead Manager and Registrar to the Public Offer shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

Issuance of Allotment Advice

- 1) Upon approval of the Basis of Allotment by the Designated Stock Exchange.
- 2) On the basis of approved Basis of Allotment, the Offer shall pass necessary corporate action to facilitate the allotment and credit of equity shares. Bidders are advised to instruct their Depository Participants to accept the Equity Shares that may be allotted to them pursuant to the Offer.

The Book Running Lead Manager or the Registrar to the Offer will dispatch an Allotment Advice to their Bidders who have been allocated Equity Shares in the Offer. The dispatch of Allotment Advice shall be deemed valid, binding and irrevocable contract for the Allotment to such Bidder.

- 3) Offer will make the allotment of the Equity Shares and initiate corporate action for credit of shares to the successful Bidders Depository Account within 4 working days of the Offer Closing date. RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. The responsibility of granting approval for foreign investment under the Consolidated FDI Policy and FEMA has been entrusted to the concerned ministries / departments.

The Government of India has from time to time made policy pronouncements on FDI through press notes and press releases. The Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry (formerly Department of Industrial Policy and Promotion), Government of India (“DPIIT”) issued the Consolidated FDI Policy, which consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect prior to October 15, 2020. Under the current FDI Policy, 100% foreign direct investment is permitted in the manufacturing sector, under the automatic route, subject to compliance with certain prescribed conditions.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of RBI, provided that: (i) the activities of the investee company are under the automatic route under the Consolidated FDI Policy and transfer does not attract the provisions of the SEBI Takeover Regulations, (ii) the non-resident shareholding is within the sectoral limits under the Consolidated FDI policy, and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI / RBI.

Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the Foreign Exchange Management (Non-debt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country (“**Restricted Investor**”), will require prior approval of the Government, as prescribed in the Consolidated FDI Policy and the FEMA Rules. Further, in the event of transfer of ownership of any existing or future FDI in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction / purview, such subsequent change in the beneficial ownership will also require approval of the Government. Furthermore, on April 22, 2020, the Ministry of Finance, Government of India has also made a similar amendment to the FEMA Rules. Each Applicant should seek independent legal advice about its ability to participate in the Issue. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Applicant shall intimate our Company and the Registrar to the Issue in writing about such approval along with a copy thereof within the Issue Period.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue.

The Equity Shares offered in the Issue have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States, and unless so registered may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable state securities laws. Accordingly, such Equity Shares are being offered and sold (i) outside of the United States in offshore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those offers, and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Bids may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. Our Company, and the Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Draft Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

For further details, see “*Offer Procedure*” beginning on page 210 of this Draft Red Herring Prospectus.

SECTION IX – DESCRIPTION OF EQUITY SHARES AND TERMS OF ARTICLES OF ASSOCIATION

THE COMPANIES ACT, 2013

COMPANY LIMITED BY SHARES

ARTICLES OF ASSOCIATION

OF

PETRO CARBON AND CHEMICALS LIMITED

INTERPRETATION

- I.** (1) In these regulations—
- (a) “the Act” means the Companies Act, 2013,
 - (b) “the seal” means the common seal of the company.
- (2) Unless the context otherwise requires, words or expressions contained in these regulations shall bear the same meaning as in the Act or any statutory modification thereof in force at the date at which these regulations become binding on the company.

SHARE CAPITAL AND VARIATION OF RIGHTS

- II.** 1. Subject to the provisions of the Act and these Articles, the shares in the capital of the company shall be under the control of the Directors who may issue, allot or otherwise dispose of the same or any of them to such persons, in such proportion and on such terms and conditions and either at a premium or at par and at such time as they may from time to time think fit.
2. (i) Every person whose name is entered as a member in the register of members shall be entitled to receive within two months after incorporation, in case of subscribers to the memorandum or after allotment or within one month after the application for the registration of transfer or transmission or within such other period as the conditions of issue shall be provided, —
- (a) one certificate for all his shares without payment of any charges; or
 - (b) several certificates, each for one or more of his shares, upon payment of twenty rupees for each certificate after the first.
- (ii) Every certificate shall be under the seal and shall specify the shares to which it relates and the amount paid-up thereon.
- (iii) In respect of any share or shares held jointly by several persons, the company shall not be bound to issue more than one certificate, and delivery of a certificate for a share to one of several joint holders shall be sufficient delivery to all such holders.
3. (i) If any share certificate be worn out, defaced, mutilated or torn or if there be no further space on the back for endorsement of transfer, then upon production and surrender thereof to the company, a new certificate may be issued in lieu thereof, and if any certificate is lost or destroyed then upon proof thereof to the satisfaction of the company and on execution of such indemnity as the company deem adequate, a new certificate in lieu thereof shall be given. Every certificate under this Article shall be issued on payment of twenty rupees for each certificate.

(ii) The provisions of Articles (2) and (3) shall mutatis mutandis apply to debentures of the company.

4. Except as required by law, no person shall be recognised by the company as holding any share upon any trust, and the company shall not be bound by, or be compelled in any way to recognise (even when having notice thereof) any equitable, contingent, future or partial interest in any share, or any interest in any fractional part of a share, or (except only as by these regulations or by law otherwise provided) any other rights in respect of any share except an absolute right to the entirety thereof in the registered holder.
5. (i) The company may exercise the powers of paying commissions conferred by sub-section (6) of section 40, provided that the rate percent or the amount of the commission paid or agreed to be paid shall be disclosed in the manner required by that section and rule made thereunder.
(ii) The rate or amount of the commission shall not exceed the rate or amount prescribed in rules made under sub-section (6) of section 40.
(iii) The commission may be satisfied by the payment of cash or the allotment of fully or partly paid shares or partly in the one way and partly in the other.
6. (i) If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class) may, subject to the provisions of section 48, and whether or not the company is being wound up, be varied with the consent in writing of the holders of three-fourths of the issued shares of that class, or with the sanction of a special resolution passed at a separate meeting of the holders of the shares of that class.
(ii) To every such separate meeting, the provisions of these regulations relating to general meetings shall mutatis mutandis apply, but so that the necessary quorum shall be at least two persons holding at least one-third of the issued shares of the class in question.
7. The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking *pari passu* therewith.
8. Subject to the provisions of section 55, any preference shares may, with the sanction of an ordinary resolution, be issued on the terms that they are to be redeemed on such terms and in such manner as the company before the issue of the shares may, by special resolution, determine.

LIEN

9. (i) The company shall have a first and paramount lien--
 - (a) on every share (not being a fully paid share), for all monies (whether presently payable or not) called, or payable at a fixed time, in respect of that share; and
 - (b) on all shares (not being fully paid shares) standing registered in the name of a single person, for all monies presently payable by him or his estate to the company:

Provided that the Board of directors may at any time declare any share to be wholly or in part exempt from the provisions of this clause.

- (ii) The company's lien, if any, on a share shall extend to all dividends payable and bonuses declared from time to time in respect of such shares.

10. The company may sell, in such manner as the Board thinks fit, any shares on which the company has a lien:

Provided that no sale shall be made --

- (a) unless a sum in respect of which the lien exists is presently payable; or
- (b) until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the

registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency.

11. (i) To give effect to any such sale, the Board may authorise some person to transfer the shares sold to the purchaser thereof.
 - (ii) The purchaser shall be registered as the holder of the shares comprised in any such transfer.
 - (iii) The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.
12. (i) The proceeds of the sale shall be received by the company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable.
 - (ii) The residue, if any, shall, subject to a like lien for sums not presently payable as existed upon the shares before the sale, be paid to the person entitled to the shares at the date of the sale.

CALLS ON SHARES

13. (i) The Board may, from time to time, make calls upon the members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times:

Provided that no call shall exceed one-fourth of the nominal value of the share or be payable at less than one month from the date fixed for the payment of the last preceding call.

- (ii) Each member shall, subject to receiving at least fourteen days' notice specifying the time or times and place of payment, pay to the company, at the time or times and place so specified, the amount called on his shares.
 - (iii) A call may be revoked or postponed at the discretion of the Board.
14. A call shall be deemed to have been made at the time when the resolution of the Board authorising the call was passed and may be required to be paid by installments.
 15. The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.
 16. (i) If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the time of actual payment at ten per cent. per annum or at such lower rate, if any, as the Board may determine.
 - (ii) The Board shall be at liberty to waive payment of any such interest wholly or in part.
 17. (i) Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these regulations, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable.
 - (ii) In case of non-payment of such sum, all the relevant provisions of these regulations as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.
18. The Board—
 - (a) may, if it thinks fit, receive from any member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him; and
 - (b) upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate not exceeding, unless the company in general meeting

shall otherwise direct, twelve per cent. Per annum, as may be agreed upon between the Board and the member paying the sum in advance.

TRANSFER OF SHARES

19. (i) The instrument of transfer of any share in the company shall be executed by or on behalf of both the transferor and transferee.
- (ii) The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof.
20. The Board may, subject to the right of appeal conferred by section 58 decline to register
- (a) the transfer of a share, not being a fully paid share, to a person of whom they do not approve; or
- (b) any transfer of shares on which the company has a lien.
21. The Board may decline to recognise any instrument of transfer unless.
- (a) the instrument of transfer is in the form as prescribed in rules made under sub-section (1) of section 56;
- (b) the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and
- (c) the instrument of transfer is in respect of only one class of shares.
22. On giving not less than seven days' previous notice in accordance with section 91 and rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine:

Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year.

TRANSMISSION OF SHARES

23. (i) On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognized by the company as having any title to his interest in the shares.
- (ii) Nothing in clause (i) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.
24. (i) Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either-
- (a) to be registered himself as holder of the share; or
- (b) to make such transfer of the share as the deceased or insolvent member could have made.
- (ii) The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.
25. (i) If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the company a notice in writing signed by him stating that he so elects.
- (ii) If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.

(iii) All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.

26. A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the company:

Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.

FORFEITURE OF SHARES

27. If a member fails to pay any call, or installment of a call, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or installment remains unpaid, serve a notice on him requiring payment of so much of the call or installment as is unpaid, together with any interest which may have accrued.
28. The notice aforesaid shall-
- (a) name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and
 - (b) state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.
29. If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect.
30. (i) A forfeited share may be sold or otherwise disposed of on such terms and in such manner as the Board thinks fit.
- (ii) At any time before a sale or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.
31. (i) A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay to the company all monies which, at the date of forfeiture, were presently payable by him to the company in respect of the shares.
- (ii) The liability of such person shall cease if and when the company shall have received payment in full of all such monies in respect of the shares.
32. (i) A duly verified declaration in writing that the declarant is a director, the manager or the secretary, of the company, and that a share in the company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share;
- (ii) The company may receive the consideration, if any, given for the share on any sale or disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed of;
- (iii) The transferee shall thereupon be registered as the holder of the share; and

(iv) The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.

33. The provisions of these regulations as to forfeiture shall apply in the case of nonpayment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.

ALTERATION OF CAPITAL

34. The company may, from time to time, by ordinary resolution increase the share capital by such sum, to be divided into shares of such amount, as may be specified in the resolution.

35. Subject to the provisions of section 61, the company may, by ordinary resolution,-

- (a) consolidate and divide all or any of its share capital into shares of larger amount than its existing shares;
- (b) convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination;
- (c) sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the memorandum;
- (d) cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person.

36. Where shares are converted into stock,-

- (a) the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulations under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit:

Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose.

- (b) the holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.
- (c) such of the regulations of the company as are applicable to paid-up shares shall apply to stock and the words "share" and "shareholder" in those regulations shall include "stock" and "stock- holder" respectively.

37. The company may, by special resolution, reduce in any manner and with, and subject to, any incident authorized and consent required by law,-

- (a) its share capital;
- (b) any capital redemption reserve account; or
- (c) any share premium account.

CAPITALISATION OF PROFITS

38. (i) The company in general meeting may, upon the recommendation of the Board, resolve-
- (a) that it is desirable to capitalise any part of the amount for the time being standing to the credit of any of the company's reserve accounts, or to the credit of the, profit and loss account, or otherwise available for distribution; and
 - (b) that such sum be accordingly set free for distribution in the manner specified in clause (ii) amongst the members who would have been entitled thereto, if distributed by way of dividend and in the same proportions.
- (ii) The sum aforesaid shall not be paid in cash but shall be applied, subject to the provision contained in clause (iii), either in or towards-
- (A) paying up any amounts for the time being unpaid on any shares held by such members respectively;
 - (B) paying up in full, unissued shares of the company to be allotted and distributed, credited as fully paid-up, to and amongst such members in the proportions aforesaid;
 - (C) partly in the way specified in sub-clause (A) and partly in that specified in sub-clause (B);
 - (D) A securities premium account and a capital redemption reserve account may, for the purposes of this regulation, be applied in the paying up of unissued shares to be issued to members of the company as fully paid bonus shares;
 - (E) The Board shall give effect to the resolution passed by the company in pursuance of this regulation.
39. (i) whenever such a resolution as aforesaid shall have been passed, the Board shall-
- (a) make all appropriations and applications of the undivided profits resolved to be capitalised thereby, and all allotments and issues of fully paid shares if any; and
 - (b) generally do all acts and things required to give effect thereto.
- (ii) The Board shall have power-
- (a) to make such provisions, by the issue of fractional certificates or by payment in cash or otherwise as it thinks fit, for the case of shares becoming distributable infractions; and
 - (b) to authorise any person to enter, on behalf of all the members entitled thereto, into an agreement with the company providing for the allotment to them respectively, credited as fully paid-up, of any further shares to which they may be entitled upon such capitalisation, or as the case may require, for the payment by the company on their behalf, by the application thereto of their respective proportions of profits resolved to be capitalised, of the amount or any part of the amounts remaining unpaid on their existing shares;
- (iii) Any agreement made under such authority shall be effective and binding on such members.

BUY-BACK OF SHARES

40. Notwithstanding anything contained in these articles but subject to the provisions of sections 68 to 70 and any other applicable provision of the Act or any other law for the time being in force, the company may purchase its own shares or other specified securities.

GENERAL MEETINGS

41. All general meetings other than annual general meeting shall be called extraordinary general meeting.
42. (i) The Board may, whenever it thinks fit, call an extraordinary general meeting.
- (ii) If at any time directors capable of acting who are sufficient in number to form a quorum are not within India, any director or any two members of the company may call an extraordinary general meeting in the same manner, as nearly as possible, as that in which such a meeting may be called by the Board.
- (iii) A general meeting of the company may be called by giving not less than 7 days' notice in writing. As provided in the proviso to sub-section (1) of section 101, a general meeting may be called by giving a shorter notice if consent is given in writing or by electronic by not less than 95% of the members entitled to vote at such meeting.

PROCEEDINGS AT GENERAL MEETINGS

43. (i) No business shall be transacted at any general meeting unless a quorum of members is present at the time when the meeting proceeds to business.
- (ii) Save as otherwise provided herein, the quorum for the general meetings shall be as provided in section 103.
44. The chairperson, if any, of the Board shall preside as Chairperson at every general meeting of the company.
45. If there is no such Chairperson, or if he is not present within fifteen minutes after the time appointed for holding the meeting, or is unwilling to act as chairperson of the meeting, the directors present shall elect one of their members to be Chairperson of the meeting.
46. If at any meeting no director is willing to act as Chairperson or if no director is present within fifteen minutes after the time appointed for holding the meeting, the members present shall choose one of their members to be Chairperson of the meeting.

ADJOURNMENT OF MEETING

47. (i) The Chairperson may, with the consent of any meeting at which a quorum is present, and shall, if so directed by the meeting, adjourn the meeting from time to time and from place to place.
- (ii) No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.
- (iii) When a meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in the case of an original meeting.
- (iv) Save as aforesaid, and as provided in section 103 of the Act, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.

VOTING RIGHTS

48. Subject to any rights or restrictions for the time being attached to any class or classes of shares,-
- (a) on a show of hands, every member present in person shall have one vote; and
- (b) on a poll, the voting rights of members shall be in proportion to his share in the paid-up equity share capital of the company.

49. A member may exercise his vote at a meeting by electronic means in accordance with section 108 and shall vote only once.
50. (i) In the case of joint holders, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders.
- (ii) For this purpose, seniority shall be determined by the order in which the names stand in the register of members.
51. A member of unsound mind, or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his committee or other legal guardian, and any such committee or guardian may, on a poll, vote by proxy.
52. Any business other than that upon which a poll has been demanded may be proceeded with, pending the taking of the poll.
53. No member shall be entitled to vote at any general meeting unless all calls or other sums presently payable by him in respect of shares in the company have been paid.
54. (i) No objection shall be raised to the qualification of any voter except at the meeting or adjourned meeting at which the vote objected to is given or tendered, and every vote not disallowed at such meeting shall be valid for all purposes.
- (ii) Any such objection made in due time shall be referred to the Chairperson of the meeting, whose decision shall be final and conclusive.

PROXY

55. The instrument appointing a proxy and the power-of-attorney or other authority, if any, under which it is signed or a notarised copy of that power or authority, shall be deposited at the registered office of the company not less than 48 hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote, or, in the case of a poll, not less than 24 hours before the time appointed for the taking of the poll; and in default the instrument of proxy shall not be treated as valid.
56. An instrument appointing a proxy shall be in the form as prescribed in the rules made under section 105.
57. A vote given in accordance with the terms of an instrument of proxy shall be valid, notwithstanding the previous death or insanity of the principal or the revocation of the proxy or of the authority under which the proxy was executed, or the transfer of the shares in respect of which the proxy is given:
- Provided that no intimation in writing of such death, insanity, revocation or transfer shall have been received by the company at its office before the commencement of the meeting or adjourned meeting at which the proxy is used.

74. Subject to the provisions of the Act,-

(i) A chief executive officer, manager, company secretary or chief financial officer may be appointed by the Board for such term, at such remuneration and upon such conditions as it may think fit; and any chief executive officer, manager, company secretary or chief financial officer so appointed may be removed by means of a resolution of the Board;

(ii) A director may be appointed as chief executive officer, manager, company secretary or chief financial officer.

75. A provision of the Act or these regulations requiring or authorizing a thing to be done by or to a director and chief executive officer, manager, company secretary or chief financial officer shall not be satisfied by its being done by or to the same person acting both as director and as, or in place of, chief executive officer, manager, company secretary or chief financial officer.

THE SEAL

76. i) The Board shall provide for the safe custody of the seal.

ii) The seal of the company shall not be affixed to any instrument except by the authority of a resolution of the Board or of a committee of the Board authorized by it in that behalf, and except in the presence of one director or managing director or such other person as the Board may appoint for the purpose who shall sign every instrument to which the seal of the company is so affixed in his/their presence.

DIVIDENDS AND RESERVE

77. The company in general meeting may declare dividends, but no dividend shall exceed the amount recommended by the Board.

78. Subject to the provisions of section 123, the Board may from time to time pay to the members such interim dividends as appear to it to be justified by the profits of the company.

79. (i) The Board may, before recommending any dividend, set aside out of the profits of the company such sums as it thinks fit as a reserve or reserves which shall, at the discretion of the Board, be applicable for any purpose to which the profits of the company may be properly applied, including provision for meeting contingencies or for equalizing dividends; and pending such application, may, at the like discretion, either be employed in the business of the company or be invested in such investments (other than shares of the company) as the Board may, from time to time, think fit.
- (ii) The Board may also carry forward any profits which it may consider necessary not to divide, without setting them aside as a reserve.
80. (i) Subject to the rights of persons, if any, entitled to shares with special rights as to dividends, all dividends shall be declared and paid according to the amounts paid or credited as paid on the shares in respect whereof the dividend is paid, but if and so long as nothing is paid upon any of the shares in the company, dividends may be declared and paid according to the amounts of the shares.
- (ii) No amount paid or credited as paid on a share in advance of calls shall be treated for the purposes of this regulation as paid on the share.
- (iii) All dividends shall be apportioned and paid proportionately to the amounts paid or credited as paid on the shares during any portion or portions of the period in respect of which the dividend is paid; but if any share is issued on terms providing that it shall rank for dividend as from a particular date such share shall rank for dividend accordingly.
81. The Board may deduct from any dividend payable to any member all sums of money, if any, presently payable by him to the company on account of calls or otherwise in relation to the shares of the company.
82. (i) Any dividend, interest or other monies payable in cash in respect of shares may be paid by cheque or warrant sent through the post directed to the registered address of the holder or, in the case of joint holders, to the registered address of that one of the joint holders who is first named on the register of members, or to such person and to such address as the holder or joint holders may in writing direct.
- (ii) Every such cheque or warrant shall be made payable to the order of the person to whom it is sent.
83. Any one of two or more joint holders of a share may give effective receipts for any dividends, bonuses or other monies payable in respect of such share.
84. Notice of any dividend that may have been declared shall be given to the persons entitled to share therein in the manner mentioned in the Act.
85. No dividend shall bear interest against the company.

ACCOUNTS
